Section 23. KRS 212.380 is amended to read as follows:

If any provision of this Act is held to be unconstitutional or invalid, such provision shall not be severable but the entire act shall be invalidated, because it is the intention of the General Assembly that the provisions of this Act are so essentially and inseparably connected with and dependent upon every other provision that the Act would not have been enacted without the inclusion of every provision herein.

The Committee on Business Organizations and Professions reported HB 329 with Committee Substitute attached thereto, HB 553 with Committee Amendment attached thereto, and SB 208 with the expression of opinion that the same should pass. Each applicant must pass a written examination in the fundamentals of engineering acceptable to the board and a written examination in the principles and practice of engineering acceptable to the board. The board may admit to the fundamentals of engineering examination applicants enrolled in the final year of an undergraduate engineering curriculum. Upon passing such examinations, the applicant shall be granted a certificate of registration to practice engineering in this Commonwealth, provided the applicant is otherwise qualified. Each applicant must pass a written examination in the fundamentals of engineering acceptable to the board and a written examination in the principles and practice of engineering acceptable to the board. The board may admit to the fundamentals of engineering examination applicants enrolled in the final year of an undergraduate engineering curriculum. Upon passing such examinations, the applicant shall be granted a certificate of registration to practice engineering in this Commonwealth, provided the applicant is otherwise qualified. In counting years of experience, the board may give credit, not in excess of one (1) year, for satisfactory graduate study in engineering.

The record of experience shall indicate that the applicant is competent to practice engineering. Engineers in training who are currently in the process of acquiring their experience will be allowed to take their professional engineering examination at the time when their experience requirements are met. Applications for engineers in training will be accepted until July 1, 1983, and those who are granted this status will be allowed to be licensed under this paragraph. (2) Employe contributions shall not be deducted from the creditable compensation of any employe or picked up by the employer while he is seasonal, emergency, temporary or part-time. No service credit will be earned.

(3) Contributions shall not be made or picked up by the employer and no service credit will be earned by a member while on leave except:

(a) A member on military leave shall be entitled to service credit in accordance with KRS 61.555; and

The past service liability shall be determined by actuarial method consistent with the methods prescribed for determining the normal contribution rate. Normal contributions and the past service liability contribution shall be determined on actuarial bases adopted by the board.

(3) Normal contribution and the past service contribution rates shall be determined by the board on the basis of the annual actuarial valuation last preceding the July 1 of a new biennium. The board may amend contribution rates as of July 1 of the second year of a biennium, if it is determined on the basis of a subsequent actuarial valuation that amended contribution rates are necessary to satisfy the requirements of subsections (1) and (2) of this section.

(4) The board shall advise each employer prior to the beginning of each biennium, or prior to July 1 of the second year of a biennium, of any change in the employer contribution rate. (1) Any person convicted and sentenced to a county jail may receive a deduction of no more than thirteen (13) days a month from his sentence, except as outlined in subsection (3) of this section, to be determined by the county jailer from the conduct of the prisoner. The county jailer shall have the authority to deny a prisoner the right to receive a deduction from his sentence, if during the term of imprisonment the prisoner commits any offense or violates the rules of the jail.

(2) The jailer and the fiscal court shall develop criteria for the purpose of computing the amount of time that may be deducted from a prisoner's sentence and any prerequisite supporting documentation. HB 561, AN ACT relating to sheriffs, and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 64.345 is amended to read as follows:

(1) The county clerk and sheriff of each county having a population of 75,000 or over shall receive an annual salary of fourteen thousand three hundred dollars ($14,300).

(2) In counties containing a city of the first class and in counties having an urban-county form of government, the amount, if any, allowed for the necessary office expenses of each officer shall be fixed by an order entered upon the order book of the circuit court, and signed by the chief judge thereof. In counties containing a city of the first class, each sheriff's deputy who uses his own automobile in the performance of official duties shall be authorized an allotment for expenses incurred, up to a maximum of three hundred dollars ($300) per month, to be paid out of the fees and commissions of the sheriff's office. In all other counties with a population of 75,000 or more, the amount, if any, allowed for the necessary office expenses of each officer shall be fixed by the fiscal court by an order entered upon the fiscal court order book no later than January 15 of each year. A certified copy of the orders, and of any subsequent changes made therein, shall, as soon as entered, be forwarded to the finance and administration cabinet.

(3) Each officer shall, on the first day of each month, send to the finance and administration cabinet a statement, subscribed and sworn to by him, showing the amount of money received or collected by or for him the preceding month, as fees or compensation for official duties, and shall, with such statements, send to the finance and administration cabinet the amount so collected or received. The finance and administration cabinet may extend the time for filing the statement and making the payment for a period not exceeding ten (10) days in any month.

(4) The salary of each officer and his deputies and assistants and his office expenses shall be paid semimonthly by the state treasurer upon the warrant of the finance and administration cabinet made payable to the officer. If seventy-five percent (75%) of the amount paid into the state treasury in any month by any of such officers is not sufficient to pay the salaries and expenses of his office for that month, the deficit may be made up out of the amount paid in any succeeding month; but in no event shall the amount allowed by the finance and administration cabinet to any officer for salaries and expenses exceed seventy-five percent (75%) of the amount paid to the finance and administration cabinet by *his office* [~~the officer during his official term~~].

(5) In counties containing a city of the first class and in counties having an urban-county form of government, the number of deputies and assistants allowed to each officer and the compensation allowed to each deputy and assistant shall be fixed at reasonable amounts upon motion of each officer by an order entered upon the order book of the circuit court and signed by the chief judge thereof. In all other counties with a population of 75,000 or more, the number of deputies and assistants allowed to each officer and the compensation allowed to each deputy and assistant shall be fixed at reasonable amounts upon motion of each officer by the fiscal court by an order entered upon the fiscal court order book no later than January 15 of each year. A certified copy of the orders, and of any subsequent changes made therein, shall, as soon as entered, be forwarded to the finance and administration cabinet.

Section 2. KRS 64.350 is amended to read as follows:

(1) In counties having a population of seventy-five thousand (75,000) or more, the salaries of the county clerks and sheriffs and of their deputies and all necessary office expenses, including the equipping, furnishing, maintaining and operation of the offices, shall be paid out of the state treasury in amounts not to exceed seventy-five percent (75%) of the fees collected by the officers respectively, and received into the treasury; and twenty-five percent (25%) of the fees collected by the officers respectively, and received into the state treasury shall be paid in the manner provided by law for the payment of other claims against the state to the fiscal courts or urban-county governments of the respective counties. The amount of twenty-five percent (25%) of the fees collected by the jailers during each calendar year shall be paid to the fiscal courts or urban-county governments of the respective counties by April 1 of each year succeeding the calendar year during which the fees were received by the finance and administration cabinet. The amount of twenty-five percent (25%) of the fees collected by the county clerks and sheriffs during each calendar year shall be paid to the fiscal courts or urban-county governments of the respective counties quarterly no later than April 15, July 15, October 15 and January 15. Each payment shall be for the preceding three (3) months during which fees were received by the finance and administration cabinet. Adjustments necessary to insure that exactly twenty-five percent (25%) of fees collected are returned to the fiscal courts or urban-county governments shall be made in the January 15 payment. After payment of the salaries and expenses specified in this subsection, any remaining balance of the seventy-five percent (75%) of the fees collected by the officers respectively at the end of their official term shall be paid by the state treasurer to the fiscal courts or urban-county government of the respective counties, subject

to the provisions of subsection (2) of this section. *No balance collected by a sheriff shall be paid to the fiscal court if, as a result of such payment, the sheriff would be required to borrow from the state, pursuant to KRS 64.140, to operate his office during the first year of a four (4) year term. It is the intent of the general assembly, by this provision, to promote stable funding of the office of the sheriff, out of seventy-five percent (75%) of the fees collected, from year to year and term to term.*

(2) Notwithstanding the provisions of subsection (1), all sums received into the state treasury and representing seventy-five percent (75%) of the fees collected by the sheriffs specified in subsection (1) from any county in which a metropolitan correctional services department has been established shall be expended from the state treasury for the payment of the salaries and costs specified in subsection (1), and in Section 106 of the Constitution of Kentucky. After payment of the salaries and costs specified in this subsection, the remaining balance representing fees collected by sheriffs shall be paid by the state treasury to the fiscal court of the county in which a metropolitan correctional services department has been established by April 1 of each year succeeding the calendar year in which the fees were received by the finance and administration cabinet.

Section 3. KRS 134.310 is amended to read as follows:

(1) The sheriff shall annually settle his accounts for county and district taxes with the fiscal court, before making settlement with the revenue cabinet. At the regular October term each year the fiscal court shall appoint some competent person other than the Commonwealth's or county attorney to settle the accounts of the sheriff for money due the county or district. The report of this settlement shall be filed in the county clerk's office and approved by the county judge/executive. The settlement shall show the amount of ad valorem tax collected, and an itemized statement of the money disbursed.

(2) The settlement shall be published pursuant to KRS chapter 424. The report of the settlement shall be subject to objections by the sheriff or by the county attorney, who shall represent the state and county, and the county judge/executive shall determine the objections.

(3) Either party may institute an action in circuit court to correct the settlement. The settlement, when approved, shall be recorded in the county clerk's office.

(4) On the final settlement the sheriff shall pay to the county treasurer all money that remains in his hands, and take receipts as provided in KRS 134.300.

(5) In counties containing a population of less than seventy-five thousand (75,000) the sheriff shall file annually with his final settlement:

(a) A complete statement of all funds received by his office for official services, showing separately the total income received by his office for services rendered, exclusive of his commissions for collecting taxes, and the total funds received as commissions for collecting state, county and school taxes; and

(b) A complete statement of all expenditures of his office, including his salary, compensation of deputies and assistants, and reasonable expenses.

(6) At the time he files the statements required by subsection (5) of this section, the sheriff shall pay to the fiscal court any fees, commissions and other income of his office, including income from investments, which exceed the sum of his maximum salary as permitted by the constitution and other reasonable expenses, including compensation of deputies and assistants. The settlement for excess fees and commissions and other income shall be subject to correction by audit conducted pursuant to KRS 43.070 or 64.810, and the provisions of this subsection shall not be construed to amend KRS 64.820 or 64.830. *No sheriff shall pay the fiscal court excess fees, commissions and other income from one (1) year if such payment would cause the sheriff to borrow from the state, pursuant to KRS 64.140, to operate the sheriff's office in the next year. In such case the excess from one (1) year shall be added to the sheriff's revenues for the next. It is the intent of the general assembly, by this provision, to promote stable funding of the office of the sheriff from year to year and term to term.*

Section 4. Whereas sheriffs will begin making settlements with fiscal courts for excess fees in March, 1986, an emergency is declared to exist, and this Act shall take effect when passed by the general assembly and signed by the governor.

The Committee Amendment No. 1 to HB 561 is as follows:

Amend printed copy of HB 561:

On page 5, lines 8 and 9, by deleting all of lines 8 and 9 and by substituting therefor "*paid by the fiscal court if, as indicated by the sheriffs budget, such payment would force the sheriff to borrow from the state,*"; and

on page 5, line 11, by inserting after "*term.*" the following: "*A final determination of the amount needed by the sheriff to maintain adequate cash flow for his office shall be made by April 1, of the first year of the sheriffs term, and the balance shall be paid to the fiscal court on that date.*".

Section 1. KRS 441.115 is amended to read as follows:

(1) For the purpose of raising the level of competence of jailers and jail personnel, the cabinet shall maintain a *jail staff* [~~local corrections~~] training program to provide training for jailers and jail personnel consistent with the standards promulgated pursuant to KRS 441.055 and shall keep records of jailers and jail personnel who satisfactorily complete basic and annual continuing education. A curriculum advisory committee composed of jailers, their representatives and recognized professionals in the field of jail administration shall advise the cabinet concerning the training needs of jailers and jail personnel. *The jail staff training program shall be directed and staffed by knowledgeable persons who have sufficient experience, training and education in jail operations. The corrections cabinet shall not charge a fee for training jailers, their deputies or jailers-elect.*

(2) Beginning in August, 1982 each jailer shall receive an expense allowance to help defray the costs of his participation in the *jail staff* [~~local corrections~~] training program. The expense allowance shall be in the amount of three hundred dollars ($300) per month payable out of the state treasury. [~~, provided, however, that such payments shall be discontinued if the jailer fails to complete basic training within one (1) year of taking office. Thereafter,~~] Expense allowance payments shall be discontinued if the jailer fails to satisfactorily complete annual continuing training. Expense allowance payments shall be resumed following a discontinuance for failure to satisfactorily complete basic or annual training only upon the jailer's satisfactory completion of such training.

(3) The allowance authorized in *subsections* [~~subsection~~] (2) *and (4)* of this section shall be considered as operating expenses of the jailer's office and shall not be considered as part of his compensation. Jailers shall not be required to keep records verifying the expenditures from the allowance provided by the state.

(4) In *order to receive the expense allowance for their first year in office, jailers who have been elected to said office for the first time, shall, before taking office, successfully complete a training program designed for new jailers and conducted by the personnel of the jail staff training program. This provision shall not apply if the jailer-elect is ill and unable to complete such training before taking office. In such cases, the jailer-elect shall successfully complete a new jailer training program during his first year in office in order to receive the expense allowance. The county or urban-county government in which the jailer-elect serves shall pay out of the jail budget, once he takes office, all necessary and reasonable travel expenses incurred by the jailer-elect in attending the new jailer training program* [~~any county where there is no jail and the jailer does not transport prisoners, the jailer shall not participate in the local corrections training program nor shall he receive an expense allowance pursuant to this section~~].

HB 698, AN ACT relating to corrections.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 439.340 is amended to read as follows:

The corrections cabinet shall furnish the circumstances of his offense and his previous social history to the institution and the board. It shall be the duty of the corrections cabinet to supplement this report with such material as the board may request and submit such report to the board.

(2) Before granting the parole of any prisoner, the board shall consider the pertinent information regarding the prisoner and shall have him appear before it, or one (1) or more members for interview and hearing, except that the board in its discretion may request the parole board of another state confining prisoners pursuant to KRS 196.610 to interview eligible prisoners and make a parole recommendation to the board. A parole shall be ordered only for the best interest of society and not as an award of clemency, and it shall not be considered a reduction of sentence or pardon. A prisoner shall be placed on parole only when arrangements have been made for his proper employment or for his maintenance and care, and when the board believes he is able and willing to fulfill the obligations of a law abiding citizen.

(3) The board shall adopt rules or regulations with respect to the eligibility of prisoners for parole, the conduct of parole and parole revocation hearings, or conditions to be imposed upon parolees. Regulations governing the eligibility of prisoners for parole shall be in accordance with professionally accepted ideas of correction and reform and may utilize in part objective, performance-based criteria; however, nothing herein contained shall preclude the board from utilizing its present regulations in conjunction with such other factors involved that would relate to the inmate's needs and the safety of the public.

(4) Whenever an order for parole is issued it shall recite the conditions thereof.

(5) The board shall insure that sentenced felons confined in county jails are considered for parole within thirty (30) days of their parole eligibility date and the corrections cabinet shall provide the necessary assistance and information to the board in order for it to conduct such timely parole reviews.

Thereafter employe contributions shall be picked up by the employer pursuant to KRS 61.560 (4).

(2) (a) Notwithstanding any other provisions of KRS 6.500 to 6.535, 16.510 to 16.652 and 61.510 to 61.692 and 78.510 to 78.852 and 161.220 to 161.714, upon death, disability, or service retirement a member's accounts under the legislators' retirement plan, state police retirement system, Kentucky employes' retirement system, county employes' retirement system and teachers' retirement system shall be consolidated for the purpose of determining eligibility and amount of benefits. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one (1) system. If the member has prior service in more than one (1) system, he must obtain at least twelve (12) months' current service in each system in which he has prior service in order to validate such prior service in each system for purposes of determining consolidated benefits under this section. Upon the determination of benefits each system shall pay the applicable percentage of total benefits.

(b) The provisions of paragraph (a) of this subsection shall be waived if the member notifies the board of his desire to maintain separate retirement accounts in the state police retirement system, Kentucky employes' retirement system or county employes' retirement system, or if he is a member of the state police retirement system or is working in a hazardous position under the Kentucky employes' retirement system or county employes' retirement system and as a result of an act in line of duty becomes disabled or deceased.

(c) If the member has not contributed at least one (1) year in a system in which he has prior service his current service in such system shall be valid for purposes of determining eligibility and in computation of benefits on a consolidated basis.

(3) A member with service credit in the Kentucky employes' retirement system, state police retirement system or the county employes' retirement system who becomes the holder of an office entitling him to membership in the judicial retirement plan or the legislators' retirement plan, but who does not elect within thirty (30) days after taking office in such service to participate in such plan, in accordance with KRS 6.505 or 21.360, shall be deemed to have elected to retain membership in the system in which he is a member, either the Kentucky employes' retirement system, state police retirement system or the county employes' retirement system. In that event, the agency employing the member shall withhold employe contributions, or picked up employe contributions after August 2, 1982, make employer contributions and remit these contributions to the system in which the member retained his membership. Any person entitled to membership in the judicial retirement plan or the legislators' retirement plan, who does not elect within thirty (30) days after taking office to participate in such plan, in accordance with KRS 6.505 or 21.360, and who at the time of taking office is not a contributing member of, or does not have service credit in, any of the retirement systems mentioned in this section, or the teachers' retirement system, *may, the provisions of KRS 61.525 notwithstanding,* [~~shall~~] participate in the Kentucky employes' retirement system.

(4) (a) Prior to July 1, 1976 a person entering the service of an employer participating in the Kentucky employes' retirement system or the county employes' retirement system with service credit in the teachers' retirement system and who desires to retain membership in the teachers' retirement system, and who is

permitted by that system to continue is hereby exempt from participating in the Kentucky employes' retirement system or the county employes' retirement system.

(b) Any person who has elected to retain membership in the teachers' retirement system as provided in paragraph (a) of this subsection may cancel his election and participate in the system under which his position would normally participate, provided he elects to cancel his option prior to January 1, 1977.

(c) Any member of the general assembly who upon election is a contributing member of the teachers' retirement system and who does not elect within thirty (30) days after taking office to participate in the legislators' retirement plan, in accordance with KRS 6.505, shall during his term of office participate in the Kentucky employes' retirement system unless an election to retain membership in the teachers' retirement system is filed in writing within ninety (90) days after his term of office begins. No contributions may be made to the teachers' retirement system for the same period of service under the legislators' retirement plan or the Kentucky employes' retirement system as a member of the general assembly, but contributions made to the teachers' retirement system while a member of the general assembly shall be transferred to the legislators' retirement plan as provided for in KRS 6.535 when the member elects to join the legislators' retirement plan, and service credit in the legislators' retirement plan shall be granted as provided for in KRS 6.505(3).

(5) Effective July 1, 1974 any member of the Kentucky employes' retirement system or county employes retirement system who is working in a position covered by one (1) of these retirement systems and his employe contributions, service credit and employer contributions made on his behalf are being transferred to the other retirement system shall contribute to the system in which his employer participates, or after August 1, 1982, the employer shall pick up such employe contributions, and no further contributions or service credit shall be transferred to the system in which he elected to retain membership as subsection (2) of this section eliminates the necessity of such transfers.

(6) Any member of the Kentucky employes' retirement system or county employes' retirement system who is working in more than one (1) position covered by one (1) of these retirement systems, will have his wages and contributions consolidated and his retirement account administered as a single account. If part-time positions are involved, then an accumulation of all hours worked will be used to determine eligibility under KRS 61.510(21).

(7) Notwithstanding the provisions of subsection (3) of this section, a person who does not have the amount of service required for service retirement in the state police retirement system, Kentucky employes' retirement system, county employes' retirement system or teachers' retirement system, but who is a member of one (1) of such systems or is a former member of one (1) or more of such systems with valid service credit therein, will become eligible for service retirement benefits attributable to the amount of his actual service credit in each such system in which he has service credit when his combined service credit in all such systems, plus any service credit he has in the judicial retirement plan or legislators' retirement plan, is equal to that required for service retirement in each respective system. The computation of benefits shall be based on the applicable formula in each system and service credit in each system, but the final compensation shall be determined as if all service were in one (1) system.

SECTION 1. A NEW SECTION OF KRS CHAPTER 211 IS CREATED TO READ AS FOLLOWS:

The secretary for human resources may by regulation require licensees of radioactive materials to provide an adequate surety or other financial arrangement in such amount as the secretary deems reasonably appropriate to cover potential clean-up costs in the event of abandonment, insolvency, or other inability of the licensee to meet the requirements of the secretary regarding a radioactive material accident or other public health hazard created by the presence of radioactive material at a site occupied by the licensee or formerly under its possesion, ownership, or control. Acceptable sureties would include bonds issued by fidelity or surety companies authorized to do business in Kentucky, cash deposits, certificates of deposit, deposits of government securities, irrevocable letters or lines of credit, trust funds, escrow accounts or such other types of arrangements, but not including any arrangement which essentially constitutes self insurance. The secretary shall be the obligee of the surety and the proceeds of the surety shall be used by the secretary for defraying the cost of cleaning up and decontaminating the area or property involved. Failure to comply with any regulation promulgated to carry out this section by any licensee shall result in automatic revocation of such license by operation by law.

SECTION 2. A NEW SECTION OF KRS CHAPTER 216B IS CREATED TO READ AS FOLLOWS:

The provisions of this chapter that relate to the issuance of certificate of need shall not apply to county and district health departments in all instances where those agencies may elect to expand their ambulatory care services for the purpose of insuring that general medical care is available and accessible to indigent citizens.

This exemption shall specifically include and permit Medicaid reimbursement for services covered by that program, and shall permit local and district health departments to seek and obtain licensure as rural health clinics and primary care centers for purposes of Medicaid reimbursement. Nothing in this chapter shall be construed to in any way infringe upon a county or district health department's provision of general public health services, regardless whether those services relate to Medicaid eligibles and other indigents not eligible for Medicaid.

HB 674, AN ACT relating to dams and reservoirs.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 151.110 is amended to read as follows:

(1) The conservation, development and proper use of the water resources of the Commonwealth of Kentucky have become of vital importance as a result of population expansion and concentration, industrial growth, technological advances and an ever increasing demand for water for varied industrial, municipal and recreational uses. It is recognized by the general assembly that excessive rainfall during certain seasons of the year causes damage from overflowing streams. However, prolonged droughts at other seasons curtail industrial, municipal, agricultural and recreational uses of water and seriously threaten the continued growth and economic well-being of the Commonwealth. The advancement of the safety, happiness and welfare of the people and the protection of property require that the power inherent in the people be utilized to promote and to regulate the conservation, development and most beneficial use of the water resources. It is hereby declared that the general welfare requires that the water resources of the Commonwealth be put to the beneficial use to the fullest extent of which they are capable, that the waste or nonbeneficial use of water be prevented, and that the conservation and beneficial use of water be exercised in the interest of the people. Therefore, it is declared the policy of the Commonwealth to actively encourage and to provide financial, technical or other support for projects that will control and store our water resources in order that the continued growth and development of the Commonwealth might be assured. To that end, it is declared to be the purpose of KRS chapters 146, 149, 151, 262 and 350.029 and 433.750 to 433.757 for the Commonwealth to permit, regulate, and participate in the construction or financing of facilities to store surplus surface water for future use; to conserve and develop the ground water resources of the Commonwealth; to protect the rights of all persons equitably and reasonably interested in the use and availability of water; to prohibit the pollution of water resources and to maintain the normal flow of all streams so that the proper quantity and quality of water will be available at all times to the people of the Commonwealth; to provide for the adequate disposition of water among the people of the Commonwealth entitled to its use during severe droughts or times of emergency; to prevent harmful overflows and flooding; to regulate the construction, maintenance and operation of all dams and other barriers of streams; to prevent the obstruction of streams and floodways by the dumping of substances therein; to keep accurate records on the amount of water withdrawal from streams and watercourses and reasonably regulate the amount of withdrawal of public water; and to engage in other activities as may be necessary to conserve and develop the water resources of the Commonwealth of Kentucky.

(2) Furthermore, it is also the declared policy of the Commonwealth to conserve as working water resource developments those dams and reservoirs constructed in the Commonwealth prior to 1966, and the rules and administrative regulations to carry out the purposes of this chapter in other applicable water resources statutes shall reflect that policy.

Section 2. KRS 151.125 is amended to read as follows:

The secretary shall exercise the following authority and powers:

(1) To administer and enforce the provisions of this chapter and all rules and regulations and orders promulgated thereunder;

(2) To conduct or obtain investigations, research, experiments, training programs and demonstrations, and to collect and disseminate information relating to the safe construction, operation, or maintenance of dams and reservoirs;

(3) To adopt, after giving public notice and affording an opportunity to all interested persons to appear and offer evidence at a public hearing in connection therewith, general rules and regulations for flood control and water resources which he deems necessary to accomplish the purposes of this chapter. Such rules and regulations, which shall have the force and effect of law, shall be of uniform application as far as practicable, but they may take proper account of differences in topography, geology, soil conditions, climate, hydrology, *age of dam, size of reservoir,* and use of the reservoir and the lands lying in the floodplain downstream from the dam; *however,*

(a) Once a dam or reservoir has been constructed, the person who is the owner of the structure shall not be required by the cabinet to upgrade that structure to a higher classification, if adjoining or other downstream property owners choose to develop the floodplain downstream from that dam or reservoir; and

(b) The hydrologic criteria for the spillways and freeboard of dams built before 1966 shall be based on the five hundred (500) year design storm figures extrapolated from figures published in technical paper number forty (40), rainfall frequency atlas of the United States weather bureau, U.S. department of commerce;

(4) To adopt, without notice or hearing, rules and regulations with respect to procedural aspects of hearings,

the filing of reports and orders, the issuance of certificates of inspection, construction permits, water withdrawal permits, and other procedural matters;

(5) To issue orders requiring the adoption by an owner of remedial measures necessary for the safety of life, or public or private property, or for carrying out the provisions of this chapter, or rules and regulations issued thereunder;

(6) To examine and approve or disapprove applications for construction permits for the construction, enlargement, repair, or alteration of a dam;

(7) To establish standards for the safe construction, enlargement, repair, alteration, maintenance, or operation of a dam or reservoir. Such standards shall be issued in the form of regulations as described in subsection (3) of this section;

(8) To make such investigations or inspections as necessary to determine the condition of a dam to insure compliance with any provisions of this chapter, including the right to enter at any time upon an area affected for such purposes and the right of ingress and egress across intervening properties;

(9) To order the suspension or revocation, after warning, of any certificate of inspection, construction permit, or water withdrawal permit for failure to comply with any of the provisions of this chapter or with any rules, regulations or orders adopted pursuant thereto, or with any of the conditions contained in or attached to the certificate of inspection, construction permits, or water withdrawal permits;

(10) To order the immediate cessation of any act that is started or continued without a construction permit or water withdrawal permit as required by the provisions of this chapter.

(11) To institute and prosecute all such court actions as may be necessary to obtain the enforcement of any order issued by the department in carrying out the provisions of this chapter.

Such pay plan shall become effective only after it has been approved by the governor after submission to him by the commissioner through the secretary of the department of finance. Amendments to the pay plan may be made in the same manner. Each employe shall be paid at one (1) of the rates set forth in the pay plan for the position in which he is employed;

(f) For such other rules and administrative regulations, not inconsistent with KRS 18A.005 to 18A.200, as may be proper and necessary for its enforcement.

(2) Nothing herein shall be construed to preclude the optional use of *administrative regulations* [~~rules~~] promulgated under this section on behalf of employes enumerated in paragraphs (a), (b), (d), (e) and (q) of subsection (1) of KRS 18A.115 and on behalf of members of state boards and commissions who work on a full-time, salaried basis.

[~~Subject to the approval of the personnel board.~~] The commissioner is authorized to install and implement by *administrative* regulation work-related incentive programs for state employes. Such programs may include, but need not be limited to, an employe suggestion system whereby employes in the classified service may be recognized and rewarded for submitting suggestions that result in the improvement of state service or in the realization of financial savings by the state. Such programs may provide that when an employe suggestion has been adopted and resulted in a financial savings to the state, the employe who submitted the suggestion may be compensated for his service through a cash bonus in an amount to the lesser of ten percent (10%) of the amount saved or two thousand five hundred dollars ($2,500).

Section 21. KRS 18A.355 is amended to read as follows:

The annual increment shall be uniform for all employes. The financial plan enacted under the provisions of KRS 45.300 [~~and 48.500~~] shall contain the annual increment expressed as a percentage of each employe's *base* [~~gross~~] salary or wages, and the total appropriation needed to fund the annual increment.

(3) The budget reduction plan submitted and enacted under the provisions of KRS Chapter 48 shall provide that a reduction of the annual increment granted under this section shall be made only after other cost savings measures, as provided by Section 5 of this Act, are taken. Any such reduction shall be uniform for all state employes and shall comply with the provisions of this Act and KRS Chapter 48.

Section 22. KRS 48.130 is amended to read as follows:

(1) The branch budget recommendation submitted by each branch of government shall include a plan for the reduction of the respective budget recommendations, by budget unit, when projected or actual tax receipts accruing to the general fund or road fund are at least two and one-half percent (2 1/2%) but not more than five percent (5%) less than the revenue estimates for these funds as determined under subsection (3) of KRS 48.120.

(2) *(a)* In recommending budget reductions, the governor, the chief justice, and the legislative research commission shall not recommend universal percentage reductions but shall weigh the needs of all budget units and shall strive to protect the highest possible level of service in their respective branches. Services which are not essential to constitutional functions shall be subject to reduction. Transfer of funds may be authorized by the budget reduction plan.

(b) In recommending budget reductions for the executive branch, the budget reduction plan provided for by subsection (1) of this section shall comply with the provisions of Section 5 of this Act.

(c) A layoff of state employes in the executive branch under the budget reduction plan enacted by the general assembly shall comply with the provisions of Section 5 of this Act.

(3) The plan shall be enacted as modified by the general assembly, in each joint budget resolution.

(4) In the event of an actual or projected deficit in tax receipts provided for by this section, the department of revenue shall notify all branches of government:

(a) If funds that have accrued to the surplus accounts of the general or road funds are not sufficient to meet these deficits, the allotments to the respective branches shall be reduced according to the reduction provisions embodied in the joint budget resolution, and the governor, the chief justice, and the legislative research commission shall automatically implement budget reductions for their respective branches according to the reduction provisions embodied in the joint budget resolution*; and* [~~.~~]

(b) In the event funds that have accrued to the surplus accounts of the general or road funds are sufficient to meet these deficits, transfers from these surplus accounts shall be made, as appropriate, and the budget reduction provisions embodied in the joint budget resolution shall not be implemented.

(5) In the event of an actual or projected deficit in tax receipts provided for by this section of less than two and one-half percent (2 1/2%), the governor, the chief justice, and the legislative research commission shall implement budget reductions for their respective branches on their own initiative.

(6) The budget reduction plan shall provide that the annual increment granted state employes under Section 21 of this Act shall be reduced as provided by this Act. Any such reduction of the annual increment shall be uniform for all employes.

(7) If general fund or road fund tax receipts increase over the estimated deficits, then services shall be restored in the reverse order of the reduced services.

(8)[~~(7)~~] This section shall not preclude the general assembly, in regular or special session, from amending a joint budget resolution requiring budget reductions nor shall it preclude the governor from calling a special session of the general assembly at any time the budget reduction plan is in effect.

Section 23. KRS 61.878 is amended to read as follows:

(1) The following public records are excluded from the application of KRS 61.870 to 61.884 and shall be subject to inspection only upon order of a court of competent jurisdiction:

(a) Public records containing information of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy.

(b) Records confidentially disclosed to an agency and compiled and maintained for scientific research, in conjunction with an application for a loan, the regulation of commercial enterprise, including mineral exploration records, unpatented, secret commercially valuable plans, appliances, formulae, or processes, which are used for the making, preparing, compounding, treating, or processing of articles or materials which are trade commodities obtained from a person and which are generally recognized as confidential, or for the grant or review of a license to do business and if openly disclosed would permit an unfair advantage to competitors of the subject enterprise. This exemption shall not, however, apply to records the disclosure or publication of which is directed by other statute.

(c) Public records pertaining to a prospective location of a business or industry where no previous public disclosure has been made of the business' or industry's interest in locating in, relocating within or expanding within the Commonwealth. Provided, however, that this exemption shall not include those records pertaining to application to agencies for permits or licenses necessary to do business or to expand business operations within the state, except as provided in paragraph (b) above.

(d) The contents of real estate appraisals, engineering or feasibility estimates and evaluations made by or for a public agency relative to acquisition of property, until such time as all of the property has been acquired; provided, however, the law of eminent domain shall not be affected by this provision.

(e) Test questions, scoring keys and other examination data used to administer a licensing examination, examination for employment or academic examination before the exam is given or if it is to be given again.

(f) Records of law enforcement agencies or agencies involved in administrative adjudication that were compiled in the process of detecting and investigating statutory or regulatory violations if the disclosure of the information would harm the agency by revealing the identity of informants not otherwise known or by premature release of information to be used in a prospective law enforcement action or administrative adjudication. Unless exempted by other provisions of KRS 61.870 to 61.884, public records exempted under this provision shall be open after enforcement action is completed or a decision is made to take no action. Provided, however that the exemptions provided by this subsection shall not be used by the custodian of the records to delay or impede the exercise of rights granted by KRS 61.870 to 61.884.

(g) Preliminary drafts, notes, correspondence with private individuals, other than correspondence which is intended to give notice of final action of a public agency.

(h) Preliminary recommendations, and preliminary memoranda in which opinions are expressed or policies formulated or recommended.

(i) All public records or information the disclosure of which is prohibited by federal law or regulation.

(j) Public records or information the disclosure of which is prohibited or restricted or otherwise made confidential by enactment of the general assembly.

(2) No exemption in this section shall be construed to prohibit disclosure of statistical information not descriptive of any readily identifiable person.

(3) *No exemption in this section shall be construed to deny, abridge or impede the right of a state employe, an applicant for employment, or an eligible on a register to inspect and to copy any record including preliminary and other supporting documentation that relates to him. Such records shall include, but not be limited to, work plans, job performance, demotions, evaluations, promotions, compensation, classification, reallocation, transfers, layoffs, disciplinary actions, examination scores and preliminary and other supporting documentation. A state employe, applicant or eligible shall not have the right to inspect or to copy any examination.*

(4) If any public record contains material which is not excepted under this section, the public agency shall separate the excepted and make the non-excepted material available for examination.

(5)[~~(4)~~] The provisions of this section shall in no way prohibit or limit the exchange of public records or the sharing of information between public agencies when the exchange is serving a legitimate governmental need or is necessary in the performance of a legitimate government function.

Section 24. KRS 453.260 is amended to read as follows:

(1) In addition to any costs which are awarded as prescribed by statute, a court shall award costs to any party which prevails by a final adjudication on the merits in any of the following:

(a) A civil action brought by the Commonwealth against the party;

(b) A civil action brought by the party against the Commonwealth to challenge the assessment or collection of taxes;

(c) A court proceeding to review an administrative review board decision, where the original administrative action was brought by the Commonwealth against the party.

(2) The court in its discretion may deny the award provided for in this section, or may reduce the award, if it finds that:

(a) During the course of the proceeding the prevailing party unduly and unreasonably protracted the final resolution of the matter; or

(b) The reason that the party other than the Commonwealth has prevailed is an intervening change in the applicable statutes, regulations or case law; or

(c) The prevailing party refused an offer of civil settlement which was at least as favorable to the party as the relief ultimately granted; or

(d) The position of the Commonwealth was substantially justified or a special circumstance would make an award unjust provided, however, that the burden of proof of substantial justification or special circumstance shall rest with the Commonwealth.

(3) A party may apply pursuant to the applicable Rules of Civil Procedure for an award of attorney fees and other expenses authorized under this section and shall include as part of the application evidence of the party's eligibility for the award and the amount sought, including an itemized and attested statement from the attorneys and experts stating the actual time expended in representing the party and the rate at which the fees were computed. The party shall also allege in such application that the Commonwealth acted without substantial justification.

(4) The court shall base any award of fees as provided in this section on prevailing market rates for the kind and quality of services furnished, except that:

(a) An expert is not eligible for compensation at a rate in excess of the prevailing rate of compensation for similar experts paid by the Commonwealth;

(b) The award of attorney fees may not exceed the amount which the prevailing party has paid or has agreed to pay the attorney or a maximum amount of forty dollars ($40.00) per hour unless the court determines that an increase in the cost of living or a special factor, such as the limited availability of qualified attorneys for the proceeding involved, justifies a higher fee;

(c) No award shall be greater than ten thousand dollars ($10,000) to each party except that no award shall be made to any party who voluntarily intervenes in any such action.

(5) This section does not:

(a) Apply to an action arising from a proceeding before the Commonwealth in which the role of the Commonwealth was to determine the eligibility or entitlement of an individual to a monetary benefit or its equivalent, or to adjudicate a dispute or issue between private parties or to establish or fix a rate. As used in this subsection, monetary benefit or its equivalent shall not include a license, permit, charter or similar instrument that the Commonwealth may require to engage in a business, profession or similar activity;

(b) Apply to proceedings brought by the Commonwealth pursuant to KRS Chapters 218A, 431 to 439, and 500 to 534;

(c) Apply to proceedings involving eminent domain, foreclosure, collection of judgment debts or proceedings in which the Commonwealth is a nominal party;

(d) Personally obligate any officer or employe of the Commonwealth for the payment of an award entered under this section;

(e) Apply to proceedings brought pursuant to KRS Chapters [~~18,~~] 209, 342 and KRS 199.011 to 199.630.

SECTION 26. A NEW SECTION OF KRS CHAPTER 344 IS CREATED TO READ AS FOLLOWS:

(b) The fee for such permit of operation shall be twenty-five dollars ($25) for each ride or attraction owned or operated in this state.

(c) The applicant shall furnish proof of liability insurance in effect on the operation of each amusement ride or attraction providing coverage, with an insurer authorized to issue such a policy in this state, in the amount of *three hundred thousand dollars ($300,000)* [~~one million dollars ($1,000,000)~~] due to all bodily injuries or deaths per occurrence, *or in lieu thereof, if the applicant's amusement ride or amusement attraction is one (1) that is permanently located or erected on a site in this state, the applicant shall be required only to provide proof of liability insurance in the sum of one hundred thousand dollars ($100,000) or proof of financial responsibility in the sum of one hundred thousand dollars ($100,000).* Every insurance carrier of such policies shall notify the commissioner at least thirty (30) days prior to cancellation of the policy. In addition to proof of adequate insurance coverage, the applicant shall furnish any other information the commissioner may require, including, but not limited to, written notice of each intended operating site to be received by the commissioner at least fourteen (14) days prior to operation at that site. However, in cases of emergency, notice of a change in future plans may be given to the commissioner by telephone. Insurance requirements for amusement rides and attractions operated at the Kentucky state fair may be adjusted by the commissioner to any amount reasonably necessary to ensure adequate coverage.

(d) Before issuing any permit, the commissioner shall provide for an inspection of each amusement ride or attraction operated in this state. The commission shall designate persons qualified by education or experience, who are capable of determining amusement safety in accordance with regulations adopted pursuant to KRS 247.232 to 247.236 as amusement safety inspectors.

(e) A permit of operation shall be posted in full public view on or near the amusement ride or attraction.

(3) (a) In addition to a mandatory initial inspection, required in subsection (2)(d) of this section, the commissioner may inspect amusement rides and attractions without notice at any time while operating in this state. There will be no charge for additional inspections in which safety violations are not found and for additional inspections in which safety violations are found and corrected immediately. However, in regard to situations in which safety violations are found that cannot be corrected immediately, the commissioner shall charge an inspection fee in the amount one hundred dollars ($100) for any future inspection necessary to determine if that particular amusement ride or attraction complies with accepted standards of safety.

(b) In regard to situations in which safety violations are found that cannot be corrected immediately, the amusement ride or attraction shall cease to operate in this state by order of the amusement safety inspector. In addition, the amusement safety inspector shall conspicuously post a public notice on or near the amusement ride or attraction. The notice shall adequately inform the public of the safety violation present.

(c) Any owner who continues to operate an amusement ride or attraction after an order to cease operation has been issued shall have his permit of operation revoked and may be subject to further penalties provided in KRS 247.990 and this section. In addition, the county attorney of each county and the commissioner of agriculture or his agents are hereby authorized to seek an injunction against the owner or operator of any amusement ride or attraction being operated in violation of KRS 247.232 to 247.236.

(d) Revenue generated by this section shall be used for the implementation and administration of KRS 247.232 to 247.236; the balance, if any, shall be paid into the general fund of this state.

[~~(e) KRS 247.232 to 247.236 shall not apply to amusement rides, attractions or property under the jurisdiction of the state fair board.~~]

HB 589, AN ACT relating to abortion.

WHEREAS, it is in the interest of the people of the Commonwealth of Kentucky to protect minors against their own immaturity, foster the family structure and preserve it as a viable social unit, and protect the rights of parents to rear children who are members of their household; and

WHEREAS, immature minors often lack the ability to make fully informed choices that take account of both immediate and long range consequences; and

WHEREAS, the medical, emotional and psychological consequences of abortion are serious and can be lasting, particularly when the patient is immature; and

WHEREAS, the capacity to become pregnant and the capacity for mature judgment concerning the wisdom of an abortion are not necessarily related; and

WHEREAS, parents ordinarily possess information essential to a physician's exercise of best medical judgment concerning the child; and

WHEREAS, parents who are aware their minor daughter has had an abortion may better ensure that she receives adequate medical attention after her abortion; and

WHEREAS, parental consultation is usually desirable and in the best interests of the minor;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 311.732 is amended to read as follows:

(1) *For purposes of this section the following definitions shall apply:*

(a) "Minor" means any person under the age of eighteen (18);

(b) "Emancipated minor" means any minor who is or has been married or has by court order or otherwise been freed from the care, custody, and control of her parents; and

(c) "Abortion" means the use of any instrument, medicine, drug or any other substance or device with intent

to terminate the pregnancy of a woman known to be pregnant with intent other than to increase the probability of a live birth, to preserve the life or health of the child after live birth, or to remove a dead fetus.

(2) No person shall perform an abortion upon an unemancipated minor unless he or his agent or another physician, hereinafter called the "referring physician", or his agent, first obtains the written consent of both parents or the legal guardian of the minor. This consent shall be signed and notarized.

(3) If the minor's parents are divorced, or one (1) parent is not available to the person performing the abortion or his agent or the referring physician or his agent in a reasonable time or manner, then the written consent of the parent with custody or of the parent who is available shall be sufficient.

(4) If neither of the parents nor the legal guardian is available to the person performing the abortion or his agent or the referring physician or his agent within a reasonable time or manner, or the parties from whom consent must be obtained pursuant to this section refuse to consent to the performance of an abortion, or the minor elects not to seek consent of those whose consent is required, then the pregnant minor may petition, on her own behalf or by next friend, the district or circuit court of any county of this state for a waiver of the consent requirement of this section pursuant to the procedures of subsection (5) of this section.

(5) The requirements and procedures under this section shall be available and apply to minors whether or not they are residents of this state.

(6) The court shall ensure that the minor or her next friend is given assistance in preparing and filing the petition and shall ensure that the minor's identity is kept anonymous.

(7) The minor may participate in proceedings in the court on her own behalf or through next friend and the court shall appoint a guardian ad litem for her. The court shall advise her that she has a right to court appointed counsel and shall provide her with such counsel upon her request.

(8) Court proceedings under this section shall be anonymous and shall be given such precedence over other pending matters as is necessary to ensure that the court may reach a decision promptly, but in no case shall the court fail to rule within forty-eight (48) hours of the time of application, provided that the forty-eight (48) hour limitation may be extended at the request of the minor.

(9) The consent requirement shall be waived if the court finds either:

(a) That the minor is mature and well-informed enough to make the abortion decision on her own; or

(b) That the performance of the abortion would be in the minor's best interest.

(10) A court that conducts proceedings under this section shall issue written and specific factual findings and legal conclusions supporting its decision and shall order that a confidential record of the evidence be maintained.

(11) An expedited anonymous appeal shall be available to any minor.

(12) The supreme court is respectfully requested to promulgate any rules and regulations it feels are necessary to ensure that proceedings under this section are handled in an expeditious and anonymous manner.

(13) No fees shall be required of any minor who avails herself of the procedures provided by this section.

(14) The requirements of subsections (2), (3), and (4) of this section shall not apply when, in the best medical judgment of the physician based on the facts of the case before him, a medical emergency exists that so complicates the pregnancy as to require an immediate abortion. A physician who does not comply with Sections 2, 3, or 4 of this Act due to the utilization of this exception shall certify in writing the medical indications upon which his judgment was based.

(15) A report indicating the basis for any medical judgment that warrants failure to obtain consent pursuant to this Act shall be filed with the cabinet for human resources on a form supplied by the cabinet. This report shall be confidential.

(16) Failure to obtain consent pursuant to the requirements of this section is prima facie evidence of failure

to obtain informed consent and of interference with family relations in appropriate civil actions. The law of this state shall not be construed to preclude the award of exemplary damages in any appropriate civil action relevant to violations of this section. Nothing in this section shall be construed to limit the common law rights of parents.

(17) If any provision, word, phrase, or clause of this section or the application thereof to any person or circumstance shall be held invalid, such invalidity shall not affect the provisions, words, phrases, clauses, or application of this section which can be given effect without the invalid provision, word, phrase, clause, or application and to this end, the provisions, words, phrases, and clauses of this section are declared to be severable. [~~If a pregnant woman is less than eighteen (18) years of age and not emancipated, or if she has been adjudged an incompetent under KRS Chapter 387, a physician shall not perform an abortion upon her unless he first obtains the consent of both the pregnant woman and that of her parents, if she is less than eighteen (18), or of her guardian, if she is an incompetent, except as hereinafter provided. In deciding whether to grant consent, a pregnant woman's parents or guardian shall consider only the child's or ward's best interests.~~

~~(2) If one of the pregnant woman's parents has died or is unavailable to the physician within a reasonable time and in a reasonable manner, consent of the remaining parent shall be sufficient. If both parents have died or are otherwise unavailable to the physician within a reasonable time and in a reasonable manner, consent of the pregnant woman's guardian or guardians shall be sufficient. If the pregnant woman's parents are divorced, consent of the parent having custody shall be sufficient. If neither a parent nor a legal guardian is available to the physician within a reasonable time and in a reasonable manner, consent of any adult person standing in loco parentis shall be sufficient.~~

~~(3) If one (1) or both of the parents or guardians of the pregnant woman refuse to consent to the performance of an abortion, or if she elects not to seek the consent of one (1) or both of her parents or guardians, the appropriate circuit court in the county in which the applicant resides or in which the abortion is sought shall upon petition or motion, after an appropriate hearing, authorize a physician to perform the abortion if the court determines that the pregnant woman is sufficiently mature or competent to give informed consent to the proposed abortion.~~

~~(4) If the court determines that the pregnant woman is not sufficiently mature or competent to give informed consent or if the pregnant woman does not claim to be sufficiently mature or competent to give informed consent to the proposed abortion, the court shall determine whether the performance of an abortion would be in her best interests. The court shall not decide until after parental consultation in which the court may participate, if consultation is possible within a reasonable time and in a reasonable manner, unless the court concludes the pregnant woman's best interests would not be served by its participation in the consultation. Whether or not there has been parental consultation, the court shall deny the abortion if it decides that the pregnant woman's best interests would be served by denial, or shall authorize a physician to perform the abortion if it concludes that the pregnant woman's best interests would be served by authorization.~~

~~(5) The pregnant woman may participate in court proceedings on her own behalf, and the court may appoint a guardian ad litem for her. The court shall advise her that she has a right to court-appointed counsel, and shall, upon her request, appoint counsel.~~

~~(6) Court proceedings under this section shall be confidential and shall be given precedence over other pending matters to ensure a prompt decision to serve the best interests of the pregnant woman. The court shall make specific factual findings and legal conclusions supporting its decision and shall order a record of the evidence to be maintained which shall include its findings and conclusions.~~

~~(7) The requirements of subsection (1) of this section shall not apply when, in the medical judgment of the attending physician based on the particular facts of the case before him, there exists a medical emergency. In such a case, the physician who is to perform the abortion shall describe the basis of his medical judgment that such an emergency exists on a form prescribed by the department as required by KRS 213.055, and the physician or his agent shall provide each parent or guardian with the following information within seven (7) days of the time the abortion is performed, either in person or by sending it by certified mail to the last known address of each parent or guardian:~~

(a) ~~That an abortion has been performed upon his daughter or ward, and the medical indications for the physician's judgment that a medical emergency exists or existed;~~

~~(b) The name of the physician who performed the abortion or is to perform the abortion; and~~

~~(c) The particular medical risks associated with the particular abortion procedure employed, the symptoms of which might become manifest in the future.~~

~~(8) If the woman elects not to have her parents informed by the physician or his agent as provided in subsection (7) of this section, she shall inform the physician and the physician and his agents shall postpone giving notification until thirty (30) days after the first day in which the woman is, in the medical judgment of the attending physician, medically capable of filing a petition or motion for an order authorizing a physician and his agents to refrain from making the notification required by this section. The appropriate circuit court in the county in which the woman resides or in which the abortion was performed shall, upon petition or motion, after an appropriate hearing, authorize a physician and his agents to refrain from making the notification required by subsection (7) of this section if the court determines that the woman is mature and capable of giving informed consent or if it determines the woman's best interests would not be served by the notification. If the court makes neither determination, it shall issue an order specifying the date by which the physician or his agent shall provide the information prescribed by subsection (7) of this section. If the court does not reach a determination before the time by which the physician and his agents otherwise would be required to make notification, the court shall order that notification be withheld until it rules.~~

~~(9) No filing fees shall be required of any woman availing herself of the procedures provided by this section. An expedited confidential appeal shall be granted any woman to whom the court denies an order authorizing an abortion or an order authorizing a physician and his agents to refrain from making notification required by this section.~~

~~(10) The Supreme Court of Kentucky is respectfully requested, in the exercise of its powers under the Constitution of the Commonwealth, to issue promptly rules necessary to assure that proceedings under this section, and any appeals or other proceedings which may be related to this section, are confidential and prompt. The Supreme Court is further respectfully requested to issue promptly any rules or orders consistent with this chapter necessary to eliminate any undue burdens on a minor's or incompetent's opportunity for an abortion with sufficient expedition.~~

~~(11) Failure to comply with the requirements of this section, other than subsection (10), is prima facie evidence of failure to obtain informed consent and of interference with family relations in appropriate civil actions. The law of this Commonwealth shall not be construed to preclude the award of punitive damages or damages for emotional distress, even if unaccompanied by physical complications in any civil action brought pursuant to violations of this section. Nothing in this section shall be construed to limit the common law rights of parents.~~]

Section 2. KRS 311.990 is amended to read as follows:

(2) Any college or professor thereof violating the provisions of KRS 311.300 to 311.350 shall be civilly liable on his bond for a sum not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) for each violation, which may be recovered by an action in the name of the Commonwealth.

Each subsequent violation of KRS 311.560 shall constitute a felony and be punishable by a fine of not less than one thousand dollars ($1,000) nor more than ten thousand dollars ($10,000) or by imprisonment in a penitentiary for not less than one (1) nor more than three (3) years, or both.

Conviction, under this subsection, of a holder of a license or permit, shall result automatically in permanent revocation of such license or permit.

(1) The circuit court shall conduct a private hearing. An official stenographic record shall be made of the proceedings. The court will make findings of fact and conclusions of law to support its judgment;

(2) Any child to whom the action directly relates shall be made a party defendant to the action and a guardian ad litem shall be an advocate to represent the best interest of the child. The guardian ad litem shall be paid a fee for his services not to exceed five hundred dollars ($500) which shall be taxed as cost. Upon motion of any party, the child may be permitted to be present during the proceedings and to testify if the court finds such to be in the best interest of the child. In its discretion, the circuit court may interview the child in private, but a record of the interview shall be made, which, in the discretion of the court, may be sealed to be used only by an appellate court.

(3) The defendant parents have the right to legal representation. If the court finds that a parent who is a defendant in an action for involuntary termination of parental rights does not have legal representation, the circuit court shall determine if said parent is indigent and, therefore, entitled to counsel pursuant to KRS Chapter 31. If the child has a parent or parents whose rights have not been terminated by the proceedings, the child shall not be declared a ward of the state, unless the

voluntary consent of the other parent or parents has been obtained or unless in the same proceeding the circuit court shall find that the other parent has filed a disclaimer of paternity or has waived his rights under KRS 199.601.

SECTION 6. A NEW SECTION OF KRS CHAPTER 199 IS CREATED TO READ AS FOLLOWS:

(1) The circuit court may involuntarily terminate all parental rights of a parent of a child, if the circuit court finds from the pleadings and by clear and convincing evidence that the child has been adjudged to be an abused or neglected child by a court of competent jurisdiction or is found to be an abused and neglected child by the circuit court in this proceeding and that termination would be in the best interest of the child; provided, however, that no termination of parental rights shall be ordered unless the circuit court also finds by clear and convincing evidence the existence of one (1) or more of the following grounds:

(a) That the parent has abandoned the child for a period of not less than six (6) months;

(b) That the parent has inflicted or allowed to be inflicted upon the child by other than accidental means, serious physical injury;

(c) That the parent has continuously or repeatedly inflicted or allowed to be inflicted upon the child, by other than accidental means, physical injury or emotional harm;

(d) That the parent, for a period of not less than six (6) months, has continuously or repeatedly failed or refused to provide or has been substantially incapable of providing essential parental care and protection for the child and that there is no reasonable expectation of improvement in parental care and protection, considering the age of the child;

(e) That the parent has caused or allowed the child to be sexually abused or exploited; or

(f) That the parent, for reasons other than poverty alone, has continuously or repeatedly failed to provide or is incapable of providing essential food, clothing, shelter, medical care or education reasonably necessary and available for the child's well-being and that there is no reasonable expectation of significant improvement in the parent's conduct in the immediately foreseeable future, considering the age of the child.

(2) In determining the best interest of the child and the existence of a ground for termination, the circuit court shall consider all relevant factors including:

(a) Emotional illness, mental illness or mental deficiency of the parent as certified by a qualified mental health professional, which renders the parent consistently unable to care for the immediate and ongoing physical or psychological needs of the child for extended periods of time;

(b) Acts of abuse or neglect toward any child in the family;

(c) If the child has been placed with the cabinet or a child-placing or child-caring agency, whether the cabinet has rendered or attempted to render all reasonable services to the parent which reasonably might be expected to bring about a reunion of the family, including the parent's testimony concerning such services and whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within a reasonable period of time, considering the age of the child;

(d) The effort the parent has made to adjust his circumstances, conduct or conditions to make it in the child's best interest to return him to his home within a reasonable period of time, considering the age of the child;

(e) The physical, emotional and mental health of the child and the prospects for the improvement of the child's welfare if termination is ordered; and

(f) The payment or the failure to pay a reasonable portion of substitute physical care and maintenance if financially able to do so.

(3) If the parent proves the following to the satisfaction of the court, the court in its discretion may determine not to terminate parental rights:

(a) That serious physical injury to the child will not occur in the future;

(b) That continuous or repeated physical injury or emotional harm to the child will not occur in the future; or

(c) That sexual abuse or exploitation will not occur in the future.

Section 7. KRS 199.500 is amended to read as follows:

(1) No adoption shall be granted without the sworn consent of the living parent or parents of a child born in lawful wedlock or the mother of the child born out of wedlock, or the father of the child born out of wedlock if paternity is established in a legal action or if an affidavit is filed stating that the affiant is the father of the child, except that such consent of the living parent or parents shall not be required if:

(a) Such parent or parents have been adjudged mentally disabled and such judgment shall have been in effect for not less than one (1) year prior to the filing of the petition for adoption;

(b) The parental rights of such parents have been terminated under KRS 199.601 to 199.617; or

(c) The living parents are divorced and the parental rights of one (1) parent have been terminated *by an order of the court of competent jurisdiction* [~~under KRS 199.603~~] and consent has been given by the parent having custody and control of the child.

(2) A minor parent who is a party defendant may consent to an adoption but a guardian ad litem for such parent shall be appointed.

(3) In the case of a child twelve (12) years of age or older, the consent of the child shall be given in court, provided that the court in its discretion may waive this requirement.

(4) Notwithstanding the provisions of subsection (1) of this section, an adoption may be granted without the consent of the natural living parents of a child if it is pleaded and proved as a part of the adoption proceedings that any of the *grounds for termination of parental rights provided for in Section 6 of this Act have been pleaded and proved* [~~provisions of subsections (1) or (4) of KRS 199.603 exist with respect to such child~~].

(5) In no case shall an adoption be granted or a consent for adoption be held valid if such consent for adoption is given prior to the fifth day after the birth of the child.

Section 8. KRS 205.520 is amended to read as follows:

(1) KRS 205.510 to 205.630 shall be known as the "Medical Assistance Act."

(2) The general assembly of the Commonwealth of Kentucky recognizes and declares that it is an essential function, duty and responsibility of the state government to provide medical care to its indigent citizenry; and it is the purpose of KRS 205.510 to 205.630 to provide such care.

(3) Further, it is the policy of the Commonwealth to take advantage of all federal funds that may be available for medical assistance. To qualify for federal funds the secretary for human resources may by regulation comply with any requirement that may be imposed or opportunity that may be presented by federal law. Nothing in KRS 205.510 to 205.630 is intended to limit the secretary's power in this respect.

(4) The cabinet for human resources shall provide medical assistance to eligible children in foster care committed to the custody or guardianship of the cabinet until such children reach the age of twenty-one (21) so long as the providing of such medical care is consistent with federal regulations and when such individuals remain in foster care beyond their eighteenth birthday for the limited purpose of making state and federal educational programs available to them.

(5) It is the intention of the general assembly to comply with the provisions of title XIX of the social security act which require that the Kentucky medical assistance program recover from third parties which have a legal liability to pay for care and services paid by the Kentucky medical assistance program.

(6)[~~(5)~~] The Kentucky medical assistance program shall be the payor of last resort and its right to recover under KRS 205.622 to 205.630 shall be superior to any right of reimbursement, subrogation, or indemnity of any liable third party.

SECTION 9. A NEW SECTION OF KRS CHAPTER 208 IS CREATED TO READ AS FOLLOWS:

By order of the district court and with the agreement of the foster child and the cabinet, the commitment or placement of a foster child may continue until the foster child attains the age of twenty-one (21) but only for the limited purpose of making state and federal educational programs available to the child.

Section 10. KRS 208.200 is amended to read as follows:

(1) If in its decree the juvenile session of district court finds that the child comes within the purview of subsections (1) or (2) of KRS 208.020, the court may, by order:

(a) Place the child on probation or under supervision in his own home or in a suitable family home or boarding home, upon such conditions as the court shall determine. Probation or supervision shall not be ordered or administered as a punishment, but as a measure for the protection, guidance and well-being of the child and his family. A child so placed on probation or supervision shall be subject to the visitation and supervision of a probation officer or a child welfare worker. Probation and supervision methods shall be directed to the discovery and correction of the basic causes of maladjustment and to the development of the child's personality and character, with the aid of the social resources of the community. A child so placed on probation or supervision shall remain subject to the jurisdiction of the court until he becomes eighteen (18) years of age, *unless at the time of placement, he is seventeen (17) years and six (6) months old or older in which case, his placement may be for a period of up to one (1) year,* unless he is discharged prior thereto by the court; provided, however, that a child so placed on probation or supervision may remain subject to the jurisdiction of the court until the age of nineteen (19) for the limited purpose of making state and federal educational programs available to him, if after reaching the age of eighteen (18) he indicates to the judge of the juvenile session of district court in open court that he so desires.

(b) Commit the child to the custody or guardianship of the cabinet or of a private institution or public agency authorized to care for such children, or place the child under the custody and the supervision of a suitable person. All orders of commitment may include such advisory recommendations as the court may deem proper in the best interests of the child and of the public. Such commitment or placement shall be until the age of eighteen (18) *except that if the commitment or placement occurs when the child is seventeen (17) years and six (6) months old or older, the placement or commitment may be for a period not to exceed one (1) year,* subject to the power of the court to terminate the order and discharge the child prior thereto except that the commitment or placement may be until the age of nineteen (19) if the child after reaching the age of eighteen (18) indicates to the judge of the juvenile session of district court in open court that he so desires. The extension of the commitment or placement beyond the age of eighteen (18) to age nineteen (19) shall be for the limited purpose of making state and federal educational programs available to the child. The governing authorities of said cabinet, agency or institution may likewise discharge the child unless the court directs otherwise. Prior to said discharge two weeks' notice must be given to the committing court, to the legal representative of the child and to the county attorney of the county in which committing court presides. During the period of commitment or placement, the court may review a dispositional order and may modify or terminate such order as the court deems essential to the best interests of the child. In committing a child to a private institution or agency the court shall select one that is approved by the cabinet for human resources and children committed to such an institution or agency shall be subject to the visitation and supervision of a probation officer or child welfare worker.

(2) In the event a child who has not reached his eighteenth birthday commits a new offense while under the jurisdiction of the court or during the period of commitment the court shall have exclusive, original jurisdiction of the new offense.

(3) After a child has been disposed of as provided in paragraph (a) or (b) of subsection (1) of this section he may not then be transferred to the circuit court as provided for in KRS 208.170.

(4) If a child sixteen (16) years of age or older has been adjudicated delinquent in the commission of an offense classified as a misdemeanor or violation, the court in its discretion may order as follows:

(a) Participation in a community services work program. The work program shall be of a constructive nature designed to promote the rehabilitation of the child. The program shall be appropriate to the age level and physical ability of the child and shall be combined with counseling from a probation officer or other responsible person. The work program shall not be scheduled during such times that would interfere with educational, occupational, or religious obligations of the child. Assignment to a community services work program shall be made to a governmental or nonprofit community organization for a specified period of time, not to exceed one hundred and twenty (120) hours for a child adjudicated delinquent in the commission of a Class A misdemeanor, not to exceed eighty (80) hours for a child adjudicated delinquent in the commission of a Class B misdemeanor, and not to exceed forty (40) hours for a child adjudicated delinquent in the commission of an offense classified as a violation under the penal code. A child may be directed to participate in a community services work program as provided in this subsection for the purposes of restitution authorized by KRS 208.240.

(b) The court may impose a fine for a misdemeanor or violation offense. The imposition of a fine for a misdemeanor or violation offense committed by a child shall be based upon a determination that such disposition is in the best interest of the child and to aid in his rehabilitation. Any such order shall include a finding that the child is financially able to pay such fine.

(c) Fines shall be levied consistent with the schedule set forth below:

For a Class A misdemeanor, not to exceed one hundred fifty dollars ($150);

For a Class B misdemeanor, not to exceed seventy-five dollars ($75); and

For a violation, not to exceed fifty dollars ($50).

When a child is directed by the court to pay a fine, the court may provide for payment to be made within a specified period of time or in specified installments. If such provision is not made a part of the court's disposition, the fine shall be payable immediately.

(5) When a child has been ordered to comply with the provisions in subsection (4) above and fails to do so, the court upon motion of the prosecuting attorney or upon its own motion may require the child to show cause why he should not be held in detention for noncompliance with the court order. The court may issue an order of custody or a summons for his appearance.

(6) Following issuance of a show cause order pursuant to subsection (5) of this section, unless the child can show that noncompliance was not the result of an intentional refusal to comply with the court order or not the result of a failure to make a good faith effort to comply with the court order, the court may order the child detained as follows:

(a) For a period not to exceed five (5) days if the order is imposed for the commission of a Class A misdemeanor;

(b) For a period not to exceed three (3) days if the order is imposed for the commission of a Class B misdemeanor;

(c) For a period not to exceed two (2) days if the order is imposed for the commission of a violation.

Any detention imposed for failure to comply with the court order shall not be scheduled for a time that would interfere with the educational obligations of the child, and shall be in an approved detention facility as provided in KRS 208.130.

(7) When in the judgment of the court a disposition stated above in subsection (4) is inadequate to aid in the rehabilitation of a misdemeanor offender, the court in its discretion may order a child sixteen (16) years of age or older who has been adjudicated delinquent in the commission of an offense classified as a misdemeanor to detention in an approved detention facility as provided in KRS 208.130 based upon the schedule set forth below:

Class A misdemeanor, one (1) to thirty (30) days;

Class B misdemeanor, one (1) to fifteen (15) days;

provided, that, the court shall advise the child prior to entering its order under this subsection that the child upon demand may receive a trial by jury in the regular session of district court, which trial and any appeal therefrom shall be conducted in accordance with the Rules of Criminal Procedure.

The detention of a juvenile misdemeanor offender shall not be scheduled to interfere with the educational obligations of the child. Detention may be scheduled during periods such as weekends, after school, or overnight. Any portion of a day spent in detention shall be deemed as one day for the purposes of serving a detention term.

(8) No adjudication by a juvenile session of district court of the status of any child shall be deemed a conviction, nor shall such adjudication operate to impose any of the civil disabilities ordinarily resulting from a criminal conviction, nor shall any child be found guilty or be deemed a criminal by reason of such adjudication.

Section 11. KRS 214.155 is amended to read as follows:

(1) The administrative officer or other person in charge of each institution caring for infants twenty-eight (28) days or less of age and the person required in pursuance of the provisions of KRS 213.050(1) shall register the birth of a child, and cause to have administered to every such infant or child in its or his care tests for inborn errors of metabolism, including but not limited to phenylketonuria (PKU), in accordance with rules or regulations prescribed by the secretary of the cabinet for human resources. Testing and the recording of the results of such tests shall be performed at such times and in such manner as may be prescribed by the secretary of the cabinet for human resources or his designee; provided that, positive results of tests for inborn errors of metabolism as set forth in regulation by the secretary shall be reported to the department for health services no later than two (2) *working days* [~~weeks~~] after the date of testing. The secretary of the cabinet for human resources shall by regulation establish and collect fees to cover the cost of analyzing the testing samples for inborn errors of metabolism.

(2) Nothing in this section shall be construed to require the testing of any child whose parents are members of a nationally recognized and established church or religious denomination, the teachings of which are opposed to medical tests, and who object in writing to the testing of such child on that ground.

In any voluntary or involuntary action for termination of parental rights:

(1) The circuit court shall conduct a private hearing. An official stenographic record shall be made of the proceedings. The court will make findings of fact and conclusions of law to support its judgment.

(2) Any child to whom an involuntary action directly relates shall be made a party to the action and a guardian ad litem shall be appointed as to represent the best interest of the child. The person appointed as a guardian ad litem shall be paid a fee not to exceed five hundred dollars ($500), to be paid by the cabinet. Upon motion of any party, the child may be permitted to be present during the proceedings and to testify if the court finds such to be in the best interest of the child. In its discretion, the circuit court may interview the child in private, but a record of the interview will be made, which, in the discretion of the court, may be sealed to be used only by an appellate court.

(3) The parents have the right to legal representation. If the court finds that a parent who is a party in an action for involuntary termination of parental rights does not have legal representation, the circuit court shall determine if said parent is indigent and, therefore, entitled to counsel pursuant to KRS Chapter 31. voluntary consent of the other parent or parents has been obtained or unless in the same proceeding the circuit court shall find that the other parent has filed a disclaimer of paternity or has voluntary petitioned the court to terminate his parental rights.

SECTION 11. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

(1) The circuit court may involuntarily terminate all parental rights of a parent of a child, if the circuit court finds from the pleadings and by clear and convincing evidence that the child has been adjudged to be an abused or neglected child by a court of competent jurisdiction or is found to be an abused and neglected child by the circuit court in this proceeding and that termination would be in the best interest of the child; provided, however, that no termination of parental rights shall be ordered unless the circuit court also finds by clear and convincing evidence the existence of one (1) or more of the following grounds:

(a) That the parent has abandoned the child for a period of not less than six (6) months;

(b) That the parent has inflicted or allowed to be inflicted upon the child by other than accidental means, serious physical injury;

(c) That the parent has continuously or repeatedly inflicted or allowed to be inflicted upon the child, by other than accidental means, physical injury or emotional harm;

(d) That the parent, for a period of not less than six (6) months, has continuously or repeatedly failed or refused to provide or has been substantially incapable of providing essential parental care and protection for the child and that there is no reasonable expectation of improvement in parental care and protection, considering the age of the child;

(e) That the parent has caused or allowed the child to be sexually abused or exploited; or

(f) That the parent, for reasons other than poverty alone, has continuously or repeatedly failed to provide or is incapable of providing essential food, clothing, shelter, medical care or education reasonably necessary and available for the child's well-being and that there is no reasonable expectation of significant improvement in the parent's conduct in the immediately foreseeable future, considering the age of the child.

(2) In determining the best interest of the child and the existence of a ground for termination, the circuit court shall consider all relevant factors including:

(a) Emotional illness, mental illness or mental deficiency of the parent as certified by a qualified mental health professional, which renders the parent consistently unable to care for the immediate and ongoing physical or psychological needs of the child for extended periods of time;

(b) Acts of abuse or neglect toward any child in the family;

(c) If the child has been placed with the cabinet or a child-placing or child-caring agency, whether the cabinet has rendered or attempted to render all reasonable services to the parent which reasonably might be expected to bring about a reunion of the family, including the parent's testimony concerning such services and whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within a reasonable period of time, considering the age of the child;

(d) The effort the parent has made to adjust his circumstances, conduct or conditions to make it in the child's best interest to return him to his home within a reasonable period of time, considering the age of the child;

(e) The physical, emotional and mental health of the child and the prospects for the improvement of the child's welfare if termination is ordered; and

(f) The payment or the failure to pay a reasonable portion of substitute physical care and maintenance if financially able to do so.

(3) If the parent proves the following to the satisfaction of the court, the court in its discretion may determine not to terminate parental rights:

(a) That serious physical injury to the child will not occur in the future;

(b) That continuous or repeated physical injury or emotional harm to the child will not occur in the future; or

(c) That sexual abuse or exploitation will not occur in the future.

SECTION 12. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

(1) If the circuit court determines that all parties with parental rights to the child under the law have either petitioned the court to have their parental rights terminated voluntarily or have had their rights terminated involuntarily by an order entered by a court of competent jurisdiction, and that the termination of parental rights and their transfer of custody are in the best interest of the child, and that each petitioner is fully aware of the purpose of the proceedings and the consequences of the provisions of this chapter, it shall make an order terminating all parental rights and obligations in the parent in whom they have existed, and releasing the child from all legal obligations to his parents, and transferring such custody to some other person or authorized agency or cabinet as may, in the opinion of the court, be best qualified to receive custody, except that the child shall retain the right to inherit from his parents under the laws of descent and distribution until the child is adopted. Such order may contain the power for the cabinet, or authorized agency to consent to the adoption of such child.

(2) Any order resulting from the voluntary termination of parental rights of any person under the provisions of this chapter, including the caption of the order, shall contain only the name of the child, without any reference whatsoever to the names of the parents whose rights have been terminated. Such order shall be duly recorded in the order book of the circuit court and a certified copy of the order given to the petitioner and to the cabinet upon request if the cabinet is not a petitioner. Such order may contain a statement of authority to place the child for adoption.

(3) Where parental rights have been terminated pursuant to this section all legal relationships between the parents and child shall cease to exist, the same as if the relationship of parent and child had never existed, except that the child shall retain the right to inherit from his parents under the laws of descent and distribution until the child is adopted.

(4) The files and records of the circuit court during proceedings for termination of parental rights shall not be open to inspection by persons other than parties to such proceedings, their attorneys, and representatives of the cabinet except under order of the court expressly permitting inspection. Upon the entry of the final order in the case, the clerk shall place all papers and records in the case in a suitable envelope which shall be sealed and shall not be open for inspection by any person except on written order of the court; provided, that the representatives of the cabinet shall have access to the papers and records of the case without a written order of the court. No person having charge of any termination records shall disclose the names of any parties appearing in such records or furnish any copy of any such records, except upon order of the court which entered the judgment of termination; however, this provision is not meant to prohibit the disclosure of facts necessary in order for a person to secure a court order for a copy of the termination order to be used in an adoption proceeding. The clerk of the circuit court shall set up a separate docket and order book for termination cases and these files and records shall be kept locked.

SECTION 13. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

(1) Any order for the involuntary termination of parental rights shall be conclusive and binding on all parties, except that an appeal may be taken from a judgment or order of the circuit court involuntarily terminating parental rights in accordance with the Kentucky rules of civil procedure and Kentucky Supreme Court rules.

(2) Any order entered as a result of the voluntary termination of parental rights shall be conclusive and binding on all parties and no appeal may be taken from a judgment of voluntary termination.

SECTION 14. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

The cabinet shall promulgate regulations to implement the provisions of this Act.

And by renumbering the remaining Sections to conform.

(k) A concise statement of the factual basis for the termination of parental rights.

(4) No petition may be filed under this section prior to five (5) days after the birth of the child.

SECTION 8. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

(1) In addition to the child, the following shall be the parties in an action for termination of parental rights:

(a) The petitioner;

(b) The cabinet, if not the petitioner; and

(c) The biological parents, if known and if their rights have not been previously terminated.

(2) Any party who is not the petitioner shall be a defendant.

SECTION 9. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

(1) In any action for termination of parental rights, service upon the parties shall be accomplished by personal service where possible or constructive service where personal service is not possible, pursuant to the Kentucky rules of civil procedure.

(2) No service shall be necessary if a disclaimer of paternity or a petition for voluntary termination of parental rights has been executed by a parent or alleged parent and has been filed with the petition for termination of parental rights, or an order terminating parental rights has been entered by a circuit court of competent jurisdiction.

SECTION 10. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

In any voluntary or involuntary action for termination of parental rights:

(1) The circuit court shall conduct a private hearing. An official stenographic record shall be made of the proceedings. The court will make findings of fact and conclusions of law to support its judgment in actions not tried by a jury.

(2) Any child to whom an involuntary action directly relates shall be made a party to the action and a guardian ad litem shall be appointed as to represent the best interest of the child. The person appointed as a guardian ad litem shall be paid a reasonable fee as shall be determined by the court, to be paid by the cabinet. Upon motion of any party, the child may be permitted to be present during the proceedings and to testify if the court finds such to be in the best interest of the child. In its discretion, the circuit court may interview the child in private, but a record of the interview will be made, which, in the discretion of the court, may be sealed to be used only by an appellate court.

(3) The parents have the right to a trial by jury upon demand and to legal representation. If the court finds that a parent who is a party in an action for involuntary termination of parental rights does not have legal representation, the circuit court shall determine if said parent is indigent and, therefore, entitled to counsel pursuant to KRS Chapter 31. If the circuit court so finds, the circuit court shall inform the parent, if notification is possible, of his right to counsel. Upon request or if it appears reasonably necessary in the interest of justice, the circuit court shall appoint an attorney to represent the parent pursuant to KRS Chapter 31 to be provided by, or paid for, by the department of public advocacy.

(4) The circuit court may be convened at any time wherever the judge thereof may be found within the circuit, respective of the regular term for the purpose of terminating parental rights and the proceedings shall be expedited and completed as soon as practicable, subject to the right to a jury trial upon demand.

(5) Notwithstanding the provisions of the Kentucky Rules of Civil Procedure, the boarding home or foster parent shall not be served with summons on behalf of the child.

(6) If the parental rights of all living parents of the child are terminated, the circuit court shall declare the child to be a ward of the state, and vest the care, custody and control of the child in the cabinet, or in any licensed child-caring or child-placing agency or institution. If the child has a parent or parents whose rights

have not been terminated by the proceedings, the child shall not be declared a ward of the state, unless the voluntary consent of the other parent or parents has been obtained or unless in the same proceeding the circuit court shall find that the other parent has filed a disclaimer of paternity or has voluntary petitioned the court to terminate his parental rights.

SECTION 11. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

(1) The circuit court may involuntarily terminate all parental rights of a parent of a child, if the circuit court (or a jury thereof in actions tried by a jury) finds from the pleadings and by clear and convincing evidence that the child has been adjudged to be an abused or neglected child by a court of competent jurisdiction or is found to be an abused and neglected child by the circuit court in this proceeding and that termination would be in the best interest of the child; provided, however, that no termination of parental rights shall be ordered unless the circuit court also finds by clear and convincing evidence the existence of one (1) or more of the following grounds:

(a) That the parent has abandoned the child for a period of not less than six (6) months;

(b) That the parent has inflicted or allowed to be inflicted upon the child by other than accidental means, serious physical injury;

(c) That the parent has continuously or repeatedly inflicted or allowed to be inflicted upon the child, by other than accidental means, physical injury or emotional harm;

(d) That the parent, for a period of not less than six (6) months, has continuously or repeatedly failed or refused to provide or has been substantially incapable of providing essential parental care and protection for the child and that there is no reasonable expectation of improvement in parental care and protection, considering the age of the child;

(e) That the parent has caused or allowed the child to be sexually abused or exploited; or

(f) That the parent, for reasons other than poverty or religious belief alone, has continuously or repeatedly failed to provide or is incapable of providing essential food, clothing, shelter, medical care or education reasonably necessary and available for the child's well-being and that there is no reasonable expectation of significant improvement in the parent's conduct in the immediately foreseeable future, considering the age of the child.

(2) In determining the best interest of the child and the existence of a ground for termination, the circuit court shall consider all relevant factors including:

(a) Emotional illness, mental illness or mental deficiency of the parent as certified by a qualified mental health professional, which renders the parent consistently unable to care for the immediate and ongoing physical or psychological needs of the child for extended periods of time;

(b) Acts of abuse or neglect toward any child in the family;

(c) If the child has been placed with the cabinet or a child-placing or child-caring agency, whether the cabinet has rendered or attempted to render all reasonable services to the parent which reasonably might be expected to bring about a reunion of the family, including the parent's testimony concerning such services and whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within a reasonable period of time, considering the age of the child;

(d) The effort the parent has made to adjust his circumstances, conduct or conditions to make it in the child's best interest to return him to his home within a reasonable period of time, considering the age of the child;

(e) The physical, emotional and mental health of the child and the prospects for the improvement of the child's welfare if termination is ordered; and

(f) The payment or the failure to pay a reasonable portion of substitute physical care and maintenance if financially able to do so.

(3) If the parent proves the following to the satisfaction of the court, the court in its discretion may determine not to terminate parental rights:

(a) That serious physical injury to the child will not occur in the future;

(b) That continuous or repeated physical injury or emotional harm to the child will not occur in the future; or

(c) That sexual abuse or exploitation will not occur in the future.

SECTION 12. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

(1) If the circuit court determines that all parties with parental rights to the child under the law have either petitioned the court to have their parental rights terminated voluntarily or have had their rights terminated involuntarily by an order entered by a court of competent jurisdiction, and that the termination of parental rights and their transfer of custody are in the best interest of the child, and that each petitioner is fully aware of the purpose of the proceedings and the consequences of the provisions of this chapter, it shall make an order terminating all parental rights and obligations in the parent in whom they have existed, and releasing the child from all legal obligations to his parents, and transferring such custody to some other person or authorized agency or cabinet as may, in the opinion of the court, be best qualified to receive custody, except that the child shall retain the right to inherit from his parents under the laws of descent and distribution until the child is adopted. Such order may contain the power for the cabinet, or authorized agency to consent to the adoption of such child.

(2) Any order resulting from the voluntary termination of parental rights of any person under the provisions of this chapter, including the caption of the order, shall contain only the name of the child, without any reference whatsoever to the names of the parents whose rights have been terminated. Such order shall be duly recorded in the order book of the circuit court and a certified copy of the order given to the petitioner and to the cabinet upon request if the cabinet is not a petitioner. Such order may contain a statement of authority to place the child for adoption.

(3) Where parental rights have been terminated pursuant to this section all legal relationships between the parents and child shall cease to exist, the same as if the relationship of parent and child had never existed, except that the child shall retain the right to inherit from his parents under the laws of descent and distribution until the child is adopted.

(4) The files and records of the circuit court during proceedings for termination of parental rights shall not be open to inspection by persons other than parties to such proceedings, their attorneys, and representatives of the cabinet except under order of the court expressly permitting inspection. Upon the entry of the final order in the case, the clerk shall place all papers and records in the case in a suitable envelope which shall be sealed and shall not be open for inspection by any person except on written order of the court; provided, that the representatives of the cabinet shall have access to the papers and records of the case without a written order of the court. No person having charge of any termination records shall disclose the names of any parties appearing in such records or furnish any copy of any such records, except upon order of the court which entered the judgment of termination; however, this provision is not meant to prohibit the disclosure of facts necessary in order for a person to secure a court order for a copy of the termination order to be used in an adoption proceeding. The clerk of the circuit court shall set up a separate docket and order book for termination cases and these files and records shall be kept locked.

SECTION 13. A NEW SECTION OF KRS CHAPTER 625 IS CREATED TO READ AS FOLLOWS:

(1) Any order for the involuntary termination of parental rights shall be conclusive and binding on all parties, except that an appeal may be taken from a judgment or order of the circuit court involuntarily terminating parental rights in accordance with the Kentucky rules of civil procedure and Kentucky Supreme Court rules.

(2) Any order entered as a result of the voluntary termination of parental rights shall be conclusive and binding on all parties and no appeal may be taken from a judgment of voluntary termination.

(1) Any person who knowingly transfers or causes to be transferred any sounds recorded on a phonograph record, disc, wire, tape, film, or other article on which sounds are recorded, with the intent to sell or cause to be sold for profit or used to promote the sale of any product, such article on which sounds are so transferred without the consent of the owner, shall be guilty of a class D felony. Each individual manufacture of such recorded article shall constitute a separate offense. "Owner," for purposes of this section, means the person who owns the original fixation of sounds embodied in the master phonograph record, master disc, master tape, master film or other device used for reproducing sounds on phonograph records, discs, tapes, films or other articles upon which sound is recorded, and from which the transferred recorded sounds are directly derived.

(2) Any person who knowingly transfers or causes to be transferred to any phonograph record, disc, wire, tape, film or other article, any performance, whether live before an audience or transmitted by wire or through the air by radio or television, with the intent to sell or cause to be sold for profit or used to promote the sale of any product, such article onto which such performance is to be transferred without the consent of the performer, shall be fined not less than five hundred dollars ($500) nor more than three thousand dollars ($3,000) or confined in the penitentiary for not less than one (1) year nor more than five (5) years, or both. Each individual transfer or manufacture of such recorded article shall constitute a separate offense.

(3) Any person who knowingly, or with reasonable grounds to know, advertises or offers for sale or resale, or sells or resells, distributes or possesses for such purposes any sound recording manufactured without the consent of the owner, as defined in subsection (1) of this section, or any sound recording manufactured without the consent of the performer shall be *guilty of a Class D felony* [~~fined not more than five hundred dollars ($500), or imprisoned for not less than ninety (90) days nor more than twelve (12) months, or both~~]. Possession of *two (2)* [~~five (5)~~] or more duplicate copies or twenty (20) or more individual copies of such recorded articles, produced without the consent of the owner, shall create a rebuttable presumption that such devices are

Each sale or distribution of any such article shall constitute a separate offense.

(5) This section does not apply to any person who transfers or causes to be transferred any such sounds intended for or in connection with radio or television broadcast or cable transmission or related uses, or for archival purposes, or solely for the personal use of the person transferring or causing the transfer and without any compensation being derived by the person from the transfer.

(6) It shall be the duty of all peace officers within the Commonwealth of Kentucky and the state police upon discovery to confiscate the recorded devices produced in violation of this section. Any recorded device produced in violation of this section, which has come into the custody of a peace officer, shall be forfeited and destroyed by the court having jurisdiction. (g) Conviction of theft of a motor vehicle or any of its parts, including the conviction of any person under the age of eighteen (18) years; and

(h) Failure to have in full force and effect the security required by subtitle 39 of KRS Chapter 304.

(i) Conviction for possession or use of fraudulent identification to purchase liquor as provided by KRS 244.085.

(2) If the person convicted of any offense named in subsection (1) is not the holder of a license, the cabinet shall deny the person so convicted a license for the same period of time as though he had possessed a license which had been revoked. If through an inadvertence the defendant should be issued a license, the cabinet shall forthwith cancel it.

(3) The cabinet upon receiving a record of the conviction of any person upon a charge of operating a motor vehicle while the license of that person is denied or suspended, or revoked, or while his privilege to operate a motor vehicle is withdrawn, shall immediately extend the period of the first denial, suspension, revocation or withdrawal for an additional like period.

(4) The revocation or denial of a license or the withdrawal of the privilege of operating a motor vehicle under this section shall be for a period of six (6) months, except that, if the same person has had one (1) previous conviction of any offense enumerated in subsection (1) of this section, regardless of whether the person's license was revoked because of the previous conviction, the period of the revocation, denial or withdrawal shall be one (1) year; if the person has had more than one (1) previous conviction of the offenses considered collectively as enumerated in subsection (1) of this section, regardless of whether the person's license was revoked for any previous conviction, the period of revocation, denial or withdrawal shall be for not less than two (2) years. Provided, however, the cabinet, upon receipt of the written recommendation of the court in which any person has been convicted of violating KRS 189.520(1), who has had no previous conviction of said offense, that said person's operator's license shall not be revoked, restricts said person's operator's license according to such terms and conditions as the secretary in his discretion may require, provided said person has enrolled in such driver's education program as the cabinet shall require. In the event said person fails to satisfactorily complete said driver's education program or violates the restrictions on his operator's license, the cabinet shall forthwith revoke said operator's license for a period of six (6) months.

(5) Persons convicted of a first offense violation of KRS 189A.010 may elect to attend the driver's education program established by this section, or (at the option of the defendant) a licensed comprehensive care center education program, and no other. Attendance at the school shall not permit the retention of the operator's license. Successful completion of the school shall reduce the period of operator's license suspension from six (6) months to thirty (30) days as specified in KRS 189A.070(1)(a).

(6) License suspensions and revocations under KRS 189A.060, 189A.070, and 189A.080 shall be in addition to any other license revocation authorized by law or regulation. The powers of the transportation cabinet to revoke a license or lengthen the period of revocation shall not be affected by KRS Chapter 189A.

(7) In order to secure the reinstatement of a license to operate a motor vehicle or motorcycle restored following a period of suspension or revocation pursuant to KRS 189A.060, 189A.070, and 189A.080 the person whose license is suspended or revoked shall comply with the fees and other procedures of the transportation cabinet with regard to the reinstatement of suspended or revoked licenses.

Representative J. Harper moved the adoption of the following HR 113:

HR 113, A RESOLUTION honoring the Sesquicentennial Celebration of the Battle of the Alamo.

WHEREAS, formerly a Spanish mission, the Alamo located in present day San Antonio, Texas, was the scene of a brutal thirteen day seige which ended on March 6, 1836; and

WHEREAS, the repressive military dictatorship of Santa Anna resulted in 187 American heroes following the example of their fathers and forefathers of the original 13 colonies, who revolted against absentee ownership and taxation without representation; and

WHEREAS, many native sons of the Commonwealth of Kentucky were among the 187 defenders of the Alamo, who on that fateful day of March 6, 1836, gave the supreme sacrifice of their blood and their lives in a furious five hour assault by the tyrant Santa Anna and his army of 6,000 Mexican army regulars; and

WHEREAS, Santa Anna's pyrrhic victory came only by the death of 1,500 soldiers with another 500 gravely wounded; and

WHEREAS, the men who fell in the defense of the Alamo exemplified courage and sacrifice and their actions set in motion a series of circumstances that would make the United States a power from the Atlantic to the Pacific; and

WHEREAS, the Republic of Texas, whose statehood was destined to become a reality on that brave and memorable day of March 6, 1836, and the Commonwealth of Kentucky will always enjoy a special relationship which has been forged by the blood of our people who fought and died to preserve freedom;

1. Nonpayment of premium; or

2. (b) This subsection shall not apply to any policy or coverage which has been in effect less than sixty (60) days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy.

(c) Modification of automobile physical damage coverage by the inclusion of a deductible not exceeding one hundred dollars ($100) shall not be deemed a cancellation of the coverage or of the policy.

(d) This subsection shall not apply to nonrenewal.

(3) No notice of cancellation of a policy to which subsection (2) of this section applies shall be effective unless mailed or delivered by the insurer to the named insured at least twenty (20) days prior to the effective date of cancellation; provided, however, that where cancellation is for nonpayment of premium at least fourteen (14) days' notice of cancellation accompanied by the reason therefor shall be given. This subsection shall not apply to renewals.

(4) No insurer shall refuse to renew a policy of automobile insurance solely because of the age of the insured.

(5) No insurer shall fail to renew a policy unless it shall mail or deliver to the named insured, at the address shown in the policy, at least twenty (20) days' advance notice of its intention not to renew. This subsection shall not apply:

(8) When an automobile liability insurance policy is canceled other than for nonpayment of premium, or in the event of failure to renew a policy of automobile liability insurance to which subsection (5) of this section applies, the insurer shall notify the named insured of his possible eligibility for automobile liability insurance coverage through the Kentucky automobile assigned risk plan. Such notice shall accompany or be included in the notice of cancellation or the notice of intent not to renew. Such notice shall also inform the insured that he may, within four (4) days, request the commissioner in writing to determine whether there is sufficient reason to cancel or not to renew the policy. Within fourteen (14) days of receiving such a written request, the commissioner shall send his findings to the insurer and to the insured. When he sends his findings, the commissioner shall notify both parties of their right to request a hearing under KRS 304.2-310(2)(b).

(9)[~~(8)~~] The reason for nonrenewal or cancellation shall accompany or be included in the notice of nonrenewal or cancellation.

Public school foundation program funds made available to the credit of each district during any year, shall be received, held and expended by the district board, subject to the provisions of law and Kentucky administrative regulations of the state board of education. The following restrictions shall govern the expenditure of funds from the public school foundation program fund:

The election shall be conducted and carried out in the school district in all respects as required by the general election laws, and shall be held by the same officers as required by the general election laws. The expense of the election shall be borne by the school district.

(c) If a majority of those voting on the question favor the special school building tax levy, the tax-levying authority shall, when the next tax rate for the district is fixed, levy the special rate specified for the school building fund in addition to the levy provided by subsection (2) of KRS 160.470.

(2) There may be included, in the maximum levy provided for in subsection (2) of KRS 160.470, a special levy for building fund purposes as authorized by KRS 160.476, which shall be in addition to the levy authorized by vote as provided in subsection (1) of this section.

(3) In addition to or in lieu of this special tax, any board of education may pay into this special fund at the close of any fiscal year the proceeds from the sale of land or property no longer needed for school purposes and allow any balances to remain in the general fund over and above the amount necessary for discharging obligations for the fiscal year in full.

(4) The special fund provided for in subsection (1) of this section shall be kept in a separate account designated as "special voted school building fund." The fund shall be kept in the depository selected by the district board of education, or invested in bonds of the United States, of this state, or of any county or municipality in this state, provided, however, that such investment shall be approved by the state board for elementary and secondary education.

(5) All expenditures from such fund shall be made solely for the purposes enumerated in this section and shall be made in accordance with the school laws of the state at such times as the district board of education determines. The district board of education shall cause to be made annually an audit of the building fund by a certified public accountant or by an accountant approved by the state board for elementary and secondary education.

(6) Notwithstanding the provisions of any other subsection of this section to the contrary, for the 1966 tax year and for all subsequent years no district board of education shall levy a tax at a rate under the provisions of this section which exceeds the compensating tax rate as defined in KRS 132.010, except as provided in subsection (7) of this section, and except that a rate which has been approved by the voters under this section but which was not levied by the district board of education in 1965 may be levied after it has been reduced to the compensating tax rate as defined in KRS 132.010, and except that in any school district where the rate levied in 1965 was less than the maximum rate which had been approved by the voters, the compensating tax rate shall be computed and may be levied as though the maximum approved rate had been levied in 1965 and the amount of revenue which would have been produced from such maximum levy had been derived therefrom.

(7) Notwithstanding the limitations contained in subsection (6) of this section no tax rate shall be set lower than that necessary to provide such funds as are required to meet principal and interest payments on outstanding bonded indebtedness and payments of rentals in connection with any outstanding school revenue bonds issued under the provisions of KRS chapters 58 and 162.

The executive secretary shall be the chief administrative officer of the board. The compensation set by the board of trustees for the position of executive secretary may provide for the same annual leave, sick leave, insurance and similar benefits as provided for other employes of the retirement system. The executive secretary, at the time of appointment or selection, shall be a graduate of a standard four-year college, and shall possess such other qualifications as the board of trustees may require by regulation. The executive secretary shall not have held by appointment or election an elective public office within the five-year period next preceding the date of appointment or selection.

(2) The board shall employ such clerical, administrative, and other personnel as are required to transact the business of the retirement system. The compensation of all such persons employed by the board shall be paid at such rates and in such amounts as the board approves. Anything in the Kentucky Revised Statutes to the contrary notwithstanding, the power over and the control of determining and maintaining an adequate complement of employes in the system shall be under the exclusive jurisdiction of the board of trustees.

(3) The board shall contract for such actuarial, auditing, medical, investment counseling, and other professional or technical services as are required to carry out the obligations of the board without limitations of KRS Chapters 56 and 45A, and shall provide for legal counsel and such other legal services as may be required in defense of trustees, officers and employes of the system who may be subjected to civil action arising from the performance of their legally assigned duties in the event such counsel and services are not provided by the attorney general.

(4) The board shall require the trustees, executive secretary and such employes as it thinks proper to execute bonds for the faithful performance of their duties notwithstanding the limitations of KRS Chapter 62.

(5) The board of trustees may expend funds from the expense fund necessary to insure the trustees and any employes and officials of the teachers' retirement system against any liability arising out of an act of omission committed in the scope and course of performing legal duties.

Section 4. KRS 161.420 is amended to read as follows:

All of the assets of the retirement system are for the exclusive purpose of providing benefits to members and annuitants and defraying reasonable expenses of administering the system. The board of trustees shall be the trustee of all funds of the system and shall have full power and responsibility for administering the funds. It is hereby declared that the restrictions and rights provided herein shall not be subject to reduction or impairment by alteration, amendment or appeal. All the assets of the retirement system shall be credited according to the purpose for which they are held to one (1) of the following funds:

(1) The expense fund shall consist of the funds set aside from year to year by the board of trustees to defray the expenses of the administration of the retirement system. Each fiscal year an amount not greater than four percent (4%) of the receipts of the state accumulation fund shall be set aside into the expense fund or expended for the administration of the retirement system.

(2) The teachers' savings fund shall consist of the contributions paid by members of the retirement system into this fund and regular interest assigned by the board of trustees from the guarantee fund. The accumulated contributions of a member returned to him upon his withdrawal or paid to his estate or designated beneficiary in the event of his death shall be paid from the teachers' savings fund. Any accumulated contributions forfeited by a failure of a teacher or his estate to claim the same shall be transferred from the teachers' savings fund to the guarantee fund. The accumulated contributions of a member shall be transferred from the teachers' savings fund to the allowance reserve fund in the event of retirement by reason of service or disability.

(3) The state accumulation fund shall consist of funds appropriated by the state for the purpose of providing annuities including any sums appropriated for meeting unfunded liabilities, excluding money assigned to the expense fund together with regular interest assigned by the board of trustees from the guarantee fund. At time of retirement of a member by reason of service or disability there shall be transferred from the state accumulation fund to the allowance reserve fund an amount which together with the sum transferred from the teachers' savings fund will be sufficient to provide the member a retirement allowance.

(4) The allowance reserve fund shall be the fund from which shall be paid all retirement allowances.

(5) The survivor, death and medical insurance fund shall consist of amounts accumulated for the purpose of providing benefits as provided in KRS 161.520, 161.525, 161.655 and 161.675. One and eighty-one hundredths percent (1.81%) of the gross annual payroll of all members shall be deposited to this fund. One-half of this amount shall derive from member contributions and one-half from state appropriation. In addition whenever a change in the status of a member results in an obligation on this fund, there shall be transferred to this fund from the teachers' savings fund, the state accumulation fund, and the allowance reserve fund such amounts as may be held in those funds for the account or benefit of the member. All claims for benefits under KRS 161.520, 161.525, 161.655 and 161.675 shall be paid from this fund. Any amounts not required to meet current costs shall be maintained as a reserve for these benefits.

(6) The guarantee fund shall be maintained to facilitate the crediting of uniform interest on the amounts of the other funds, except the expense fund, and to provide a contingent fund out of which special requirements of any of the other funds may be covered. All income, interest and dividends derived from the authorized deposits and investments shall be paid into the guarantee fund. Any funds received from gifts and bequests, which the board is hereby authorized to accept, shall be credited to the guarantee fund. Any funds transferred from the teachers' savings fund by reason of lack of claimant or because of a surplus in any fund and any other moneys whose disposition is not otherwise provided for, shall also be credited to the guarantee fund. The interest allowed by the board of trustees to each of the other funds shall be paid to such funds from the guarantee fund. Any deficit occurring in any fund that would not be automatically covered shall be met by the payments from the guarantee fund to that fund. *The board of trustees may, at the beginning of a fiscal year, transfer from the guarantee fund to the survivor, death and medical insurance fund an amount not to exceed two percent (2%) of the income earned from investments during the immediate past year.*

Section 5. KRS 161.470 is amended to read as follows:

(1) The membership of the retirement system shall consist of all new teachers, [~~and~~] all present teachers *and all persons participating under the retirement system as of June 30, 1986,* except as provided in Acts 1938 (1st Ex. Sess.), ch. 1, paragraph 29. *The board of trustees of the teachers' retirement system shall be responsible for final determination of membership eligibility and may direct employers to take whatever action that may be necessary to correct any error relating to membership.* No person without previous Kentucky service who was age sixty-five (65) or older on July 1, next preceding employment may become a member of the teachers' retirement system.

(2) Service credit shall be forfeited upon withdrawal. If a teacher again enters service it shall be as a new teacher, except that any teacher who withdraws by claiming his deposits may repay the system the amount withdrawn plus interest and re-establish his service credit as provided in subsection (3) of this section.

(3) Effective July 1, 1974, and thereafter, an active contributing member of the retirement system with contributing service equal to two (2) years or the number of years subsequent to the withdrawal of

contributions, whichever is the lesser number, may regain such service credit by depositing in the teachers' savings fund the amount withdrawn with interest at the rate to be set by the board of trustees, and computed from the first of the month of withdrawal and including the month of redeposit.

(4) Effective July 1, 1974, any active contributing member with at least two (2) years of contributing service credit who declined membership as provided in Acts 1938 (1st Ex. Sess.), ch. 1, paragraph 29, may secure service credit for prior service, and for any subsequent service prior to date of membership, by depositing in the teachers' savings fund contributions for each year of subsequent service prior to date of membership, with interest at the rate of eight percent (8%) compounded annually to the date of deposit.

(5) Membership in the retirement system shall be terminated:

(a) By retirement for service;

(b) By death;

(c) By withdrawal of the member's accumulated contributions; or

(d) When a teacher, having less than five (5) years of Kentucky service is absent from service for more than three (3) consecutive years.

Upon termination of member accounts under this subsection, funds in the account shall be transferred to the *guarantee* [~~state accumulation~~] fund. Inactive members may apply for refunds of such funds at any time. Such terminated service shall be reinstated, if not withdrawn by the member, in the event that the teacher returns to active contributing service.

(6) In case of withdrawal from service prior to eligibility for retirement, the board of trustees shall on request of the teacher return all of his accumulated contributions with regular interest including any payments made by the teacher to the state accumulation fund, but the teacher shall have no claim on any contributions made by the state with a view to his retirement or to contributions made to the survivor, death and medical insurance fund. If the member is eligible for an immediate service retirement allowance as provided in KRS 161.600 no withdrawal and refund shall be permitted, unless the allowance would prohibit the member from qualifying for social security benefits. Requests for refund of contributions by the member must be filed on forms prescribed by the teachers' retirement system and the employer must certify that the employment of the member has terminated as of the date of the application for refund of contributions.

(7) Except as provided in KRS 161.520 and 161.525 in case of death prior to retirement the board of trustees shall pay to the estate of the deceased member or to his assigns all of his accumulated contributions, with regular interest, including any payments made by the teacher to the state accumulation fund, but the estate or assigns shall have no claim on any contributions made by the state with a view to the retirement of the teacher or to contributions made to the survivor, death and medical insurance fund.

(8) Any active contributing member of the Kentucky employes retirement system, the county employes retirement system, the state police retirement system, or the judicial retirement system may use service, under such retirement system for the purpose of meeting the service requirement of subsections (3) and (4) of this section.

Section 6. KRS 161.507 is amended to read as follows:

(1) An active contributing member of the teachers' retirement system may receive credit for active service rendered in the armed forces of the United States subject to regulations established by the board of trustees. Such service may be credited only if discharge was other than dishonorable. Service shall be considered as Kentucky teaching service, except that it may not be used for meeting the service requirements set forth in KRS 161.600(1)(a) or 161.661(1). A maximum of six (6) years of such service may be credited but in no case a greater number of years than the actual years of contributing service in Kentucky.

(2) A member having twenty (20) years or more of active duty in the military service, and who is qualified for regular federal retirement benefits based on such service, may not receive credit for any such service in the teachers' retirement system. This subsection shall apply to service presented for credit on July 1, 1975, and thereafter.

(3) A member receiving retirement credit for active duty in the armed services of the United States shall contribute to the retirement system an amount equal to thirty-five percent (35%) of the actuarial cost for each year of service so credited. *Two percent (2%) of the thirty-five percent (35%) required payment shall be allocated to the survivor, death and medical insurance fund.* Such contributions shall not be picked up, as described in KRS 161.540(2). In purchasing retirement credit for active duty in the armed services the latest years of service shall be considered first in allowing credit toward retirement. The board of trustees shall adopt a table of actuarial factors to be used in calculating the amount of contribution required for crediting such service.

Section 7. KRS 161.520 is amended to read as follows:

Upon death of an active contributing member or upon the death of a member retired for disability, except as provided in KRS 161.661(6), the survivors of the deceased member in the following named order, may elect to receive a survivor's benefit payable as follows:

(1) Where there is a surviving widow or widower who is named as beneficiary of the member's retirement account, the benefit shall be:

(a) One hundred eighty dollars ($180) per month with no restriction on other income; or

(b) Two hundred *twenty* dollars *($220)* [~~($200)~~] per month when the surviving widow or widower's total income from all sources does not exceed six thousand dollars ($6,000) per year or five hundred dollars ($500) per month; or

(c) If the deceased member has a minimum of ten (10) years of service credit with the teachers' retirement system, the surviving widow or widower may apply for an annuity actuarially equivalent to the annuity that would have been paid to the deceased member when eligibility conditions were met. Eligibility for payments would begin at the time the age of the deceased member would have met the requirements of KRS 161.600(1). In exercising this right, the surviving widow or widower shall be entitled to receive an annuity for life except that eligibility for this benefit shall cease upon remarriage. This subsection applies to surviving spouses of members who die on or after July 1, 1978. A surviving widow or widower shall be eligible for benefit payments provided under paragraphs (a) and (b) of this subsection until they begin receiving payments under this provision.

(2) Where there are surviving unmarried children under age eighteen (18) or under age nineteen (19) if a full-time student in high school, the benefit shall be one hundred *eighty* [~~sixty-five~~] dollars *($180)* [~~($165)~~] per month in the case of one (1) such child, *three hundred ten* [~~two hundred ninety~~] dollars *($310)* [~~($290)~~] per month in the case of two (2) such children, three hundred *sixty* [~~forty~~] dollars *($360)* [~~($340)~~] per month in the case of three (3) such children, and *four hundred* [~~three hundred seventy~~] dollars *($400)* [~~($370)~~] per month in the case of four (4) or more such children. Benefits under this subsection shall apply notwithstanding benefits which may be payable under subsections (1) and (3).

(3) Where the survivor is a child age eighteen (18) or older whose mental or physical condition is sufficient to cause his dependency on the deceased member at the time of the member's death the benefit shall be two hundred dollars ($200) per month, payable for the life of such child or until such time as the mental or physical condition creating the dependency no longer exists. Benefits under this subsection and subsection (2) shall apply to legally adopted survivors provided the proceedings for the adoption were initiated at least one year prior to the death of the member. Benefits under this subsection shall apply notwithstanding benefits which may be payable under subsections (1) and (2) and shall be in addition to such benefits.

(4) Where the sole eligible survivors are dependent parents aged sixty-five (65) or over, the benefit shall be two hundred dollars ($200) per month for one (1) parent or two hundred ninety dollars ($290) per month for two (2) parents. Dependency of a parent shall be established as of the date of the death of the member.

(5) Where the sole eligible survivor is a dependent brother or sister, the benefit shall be one hundred sixty five dollars ($165) per month. In order to qualify the brother or sister must have been a resident of the deceased member's household for at least one (1) full year prior to the member's death or must have been receiving care in a hospital, nursing home or other institution at the member's expense for a like period.

(6) The benefit to a child as defined in subsection (2) of this section shall terminate upon the attainment of age eighteen (18) or upon reaching age nineteen (19) if a full-time student in high school or upon marriage,

except that benefits shall continue until the attainment of age twenty-three (23) for an unmarried child who is a full-time student in a recognized educational program beyond the high school level. The benefit to a widow, widower, dependent parent or dependent brother or sister or dependent child age eighteen (18) or older shall terminate upon marriage, or upon termination of the condition creating the dependency.

(7) The board of trustees shall be the sole judge of eligibility or dependency of any beneficiary, and may require formal application or information relating thereto, including proof of annual income satisfactory to the board. The board of trustees may subpoena records and individuals whenever it deems such action necessary.

(8) No payments of benefits shall be made unless the board of trustees shall have authorized such payments. The board shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions and in every case the decision of the board of trustees shall be final as to eligibility, dependency, or disability, and the amounts of benefit payable.

(9) In the event that there are no eligible survivors as defined in subsections (1), (2), (3), (4), and (5) of this section, the board of trustees shall pay to the estate or assigns of the deceased member a refund of his accumulated contributions as provided in KRS 161.470(7). If the benefits paid or payable under subsections (1), (2), (3), (4), and (5) of this section and KRS 161.661 shall amount to a sum less than the member's accumulated contributions at the time of death, the board of trustees shall pay to the estate or assigns of the deceased member the balance of such accumulated contributions.

Section 8. KRS 161.525 is amended to read as follows:

(1) Upon death of a member in active contributing status at the time of death, who was eligible to retire by reason of service, the spouse, if named as beneficiary of the member's retirement account or in the absence of an eligible spouse a legal dependent of said member, if named as beneficiary, shall be entitled to elect, in lieu of a refund of the member's account or benefits provided in KRS 161.520, an annuity actuarially equivalent at the attained age of the beneficiary to the annuity that would have been paid to the deceased member had retirement been effective on the day immediately preceding the member's death. *Under the provisions of KRS 61.680, benefits shall be processed as if the member retired for service.* In exercising this right the spouse or legal dependent shall be limited to selecting an option providing either a straight life annuity with refundable balance or ten years certain payment. A spouse may receive the annuity provided herein at the same time as children are qualifying for survivors' benefits under the provisions of KRS 161.520, however, a legal dependent, other than a spouse, may not receive such payments if children have qualified for benefits under that section.

(2) A spouse or legal dependent qualifying for an annuity under subsection (1) of this section may defer such payments in order to reduce the actuarial discounts to be applied due to age.

(3) Upon death of a member in active contributing status at the time of his death, who had a minimum of thirty (30) years of service, the spouse, if named as the beneficiary of the member's account shall be entitled to a monthly minimum allowance of three hundred dollars ($300) as the basic straight life annuity. This provision applies to surviving spouses of members who were receiving benefit payments under KRS 161.520 as of June 30, 1986, and to surviving spouses of members who die on or after July 1, 1986.

Section 9. KRS 161.545 is amended to read as follows:

Members may make contributions and receive service credit for substitute, part-time or any service other than regular full time teaching as provided in the rules and regulations of the board of trustees. Members placed on leave of absence may make contributions and receive service credit for such leave as provided in rules and regulations adopted by the board of trustees. Contributions permitted after August 1, 1982 shall *not* be picked up pursuant to KRS 161.540(2).

Section 10. KRS 161.550 is amended to read as follows:

(1) Beginning with July 1, 1976, the state shall contribute annually to the retirement system a permanent amount equal to that contributed by all members. The state shall, in addition to the above amount, provide an annual overmatch of three and one-fourth percent (3.25%) of total member salaries to discharge the system's unfunded obligations with interest assumed by the state. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155 and 161.220 through 161.714. In the event an annual appropriation is in excess of these requirements, such excess funds shall, in the 1982-84

biennium, be retained by the system to be applied to any unfunded remaining costs as described in subsection (5) of KRS 161.155. When the earnings on investments of the retired teacher savings exceeds the actuarial assumed rate of interest, the board of trustees may allocate such excess earnings toward the funding of the state's obligation to match the July 1, 1984 increase in the member rate of contribution during the 1984-86 biennium. In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system.

(2) Beginning with July 1, *1988* [~~1986~~], the state shall contribute annually to the retirement system a permanent amount equal to that contributed by all employes of local school districts who are members of the retirement system. The state shall, in addition to the above amount, provide an annual overmatch of three and one-fourth percent (3.25%) of total salaries of the employes of local school districts who are members of the retirement system to discharge the system's unfunded obligations with interest assumed by the state. Each employer, except local school districts, shall contribute annually to the retirement system a permanent amount equal to that contributed by its employes who are members of the retirement system plus an additional three and one-fourth percent (3.25%) of the total of salaries of its employes who are members of the retirement system to discharge the system's unfunded obligations with interest assumed by the state. Each employer, except local school districts, shall remit the required employer contributions to the retirement system under the terms and conditions specified for member contributions under KRS 161.560. The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.155 and 161.220 through 161.714. In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system. State contributions to the retirement system are for the exclusive purpose of providing benefits to members and annuitants and such contributions shall be considered deferred compensation to the members.

Section 11. KRS 161.600 is amended to read as follows:

(1) Effective July 1, 1978, a member of the retirement system may qualify for service retirement by meeting either of the following requirements:

(a) Attainment of age fifty-five (55) years and completion of five (5) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941, or

(b) Completion of thirty (30) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941. A member having less than thirty (30) years of service may retire with benefits reduced according to the following schedule:

29 years—*92%* [~~90%~~] of benefits

28 years—*84%* [~~80%~~] of benefits

27 years—*76%* [~~70%~~] of benefits.

(c) Benefits will be reduced in accordance with KRS 161.620 for persons qualifying under (a) who are less than age sixty (60) years.

(2) Any member shall be automatically retired as of July 1 next following his seventieth (70th) birthday, providing, however, that a member reaching age seventy (70) and having fewer than five (5) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941, shall receive a refund of the member's accumulated contributions as provided in KRS 161.470(6) in lieu of a retirement annuity.

(3) Any person who has been a teacher in Kentucky for twenty-seven (27) years or more and who withdraws from teaching after July 1, 1941, and before reaching the age of sixty-five (65) years may continue to pay into the fund each year, until the end of the fiscal year in which he reaches the age of sixty-five (65) years, the current contribution rate based on the annual compensation received during his last full year as a teacher. If he so elects he shall at any time be entitled to receive a retirement allowance as provided in KRS 161.620. No member shall make contributions as provided for above if such member is at the same time making contributions to another retirement system in Kentucky supported wholly or in part by public funds.

(4) Service credit in the Kentucky employes retirement system, the state police retirement system, the legislators' retirement plan, the county employes or the judicial retirement system may be used in meeting the

service requirements of subsections (1)(a) and (1)(b) of this section, provided such service is subsequent to July 1, 1956.

(5) No retirement annuity shall be effective until written application and option election forms are filed with the retirement office in accordance with regulations of the board of trustees.

(6) The surviving spouse of an active contributing member, if named as beneficiary of the member's account, may purchase retirement credit that the member was eligible to purchase prior to his death.

Section 12. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1980, and thereafter, the annual allowance for each year of service performed prior to July 1, 1941, shall be one hundred dollars ($100) and the annual allowance for each year of service performed after July 1, 1941, shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section.

(b) For retirements effective January 1, 1984, and thereafter the annual allowance shall be determined as set out in subsection (1)(a) of this section, except that the allowance for service performed after January 1, 1984, shall be valued at the annual rate of two and one-half percent (2 1/2%) of the final average salary for all members not employed by a state university or college. For purposes of implementing the change in the value of a year of service, the board of trustees shall establish by regulation, the value of services performed during the 1983-84 fiscal year but in no case shall the value of service performed during the 1983-84 fiscal year exceed two and one quarter percent (2.25%).

(c) If the member has five (5) years or more of Kentucky service, but less than thirty (30) years of such service credit, the allowance shall be reduced actuarially for the number of years the member is less than sixty (60) years of age or by the number of years the service credit is less than thirty (30) years, whichever is the lesser number. The board of trustees shall adopt an actuarial table of discounts for the purpose of calculating these allowances.

(2) Effective July 1, 1980, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option who has been retired at least ten (10) months shall be increased in the amount of one percent (1%).

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than *one hundred forty* [~~eighty-eight~~] dollars *($140) effective July 1, 1986 and one hundred eighty dollars ($180) effective July 1, 1987,* [~~($88)~~] multiplied by the service credit years of the teacher, except that no retired teacher who was sixty (60) years of age or older at retirement, and who has five (5) years or more service credit in a position covered by the teachers' retirement system shall receive a monthly benefit of less than seventy-five dollars ($75). The above minimums [~~shall be effective July 1, 1978, and~~] shall apply *to the retired members receiving annuity payments and* to those members retiring on or subsequent to *the effective dates listed in this subsection* [~~that date~~]. *Eligibility for the benefits provided under this section shall be determined after applying any other cost-of-living adjustments provided by statute to the June, 1986 and June, 1987, annuity payment of the member.*

(4) The minimum provided in this section shall apply in the case of teachers retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the teacher and his beneficiary or beneficiaries as provided in the duly adopted option tables at the time of the member's retirement.

(5) Effective July 1, *1986* [~~1982~~], the monthly allowance of each member retired on or before July 1, *1985* [~~1981~~], and each recipient of a retirement option of such retired members shall be increased in the amount of one percent (1%) of the monthly allowance for each year the member has been retired up to a maximum of five (5) years. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month.

(6) Effective July 1, *1987* [~~1983~~], the monthly allowance of each member retired on or before July 1, *1986* [~~1982~~], and each recipient of a retirement option of such retired member shall be increased in the amount of

three [~~one~~] percent *(3%)* [~~(1%)~~] of the monthly allowance [~~for each year the member had been retired up to a maximum of five (5) years~~]. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month.

(7) Effective July 1, 1980, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of such child or until such time as the mental condition creating the dependency no longer exists. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) The cost of providing the statutory cost-of-living increases for retired members during 1980-82, [~~and~~] 1982-84 *and 1986-88 and the cost of implementing the increases provided under subsection (3) of this section* shall be funded by annual appropriations from the state on an amortized basis over the lifetime of the recipients. When the earnings on investments of the retired teacher savings exceeds the actuarial assumed rate of interest, the board of trustees may allocate such excess earnings toward the funding of the amortized payments required during the *1986-88* [~~1982-84~~] biennium for the cost-of-living increases approved under subsections (5) and (6) of this section.

Section 13. KRS 161.661 is amended to read as follows:

(1) Any member who has completed five (5) or more years of accredited service in the public schools of Kentucky after July 1, 1941, may retire for disability and be granted a disability allowance if found to be eligible as provided below. Application for disability benefits must be made within one (1) year of the last contributing service in Kentucky, and the disability must have occurred during the most recent period of employment in a position covered by the teachers' retirement system and subsequent to the completion of five (5) years of teaching service in Kentucky. A disability occurring during the regular vacation immediately following the last period of active service in Kentucky or during an official leave for which the member is entitled to make regular contributions to the retirement system, shall be considered as having occurred during a period of active service. The annual disability allowance shall be equal to sixty percent (60%) of the member's final average salary, except that a member retiring for disability who is also eligible for service retirement may elect to have the benefit calculated on the service retirement formula and may choose any of the retirement options provided for service retirement.

(2) No member who has reached the age of sixty (60) years and who is otherwise qualified for retirement may retire by reason of disability, with the disability allowance of sixty percent (60%) of the member's final average salary as set out in subsection (1) above. A member who is sixty (60) years of age or older may retire for disability with the benefit calculated on the service retirement formula and the choice of retirement options as provided for service retirement. Provisions of KRS 161.520, 161.525, and subsections (3), (4) and (5) of this section shall not apply to disability retirees whose benefits were calculated on the service retirement formula nor to survivors of such members.

(3) Members shall earn one year of entitlement to disability retirement, at sixty percent (60%) of the member's final average salary, for each four years of service in a covered position but any member meeting the service requirement for disability retirement shall be credited with no less than five (5) years of such eligibility.

(4) A member retired by reason of disability shall continue to earn service credit at the rate of one (1) year for each year so retired. Such service shall be credited to the member's account at the expiration of entitlement as defined in subsection (3) of this section, or when the member's eligibility for disability benefits is terminated upon recommendation of *a* [~~the~~] medical review *committee* [~~board~~], and shall be used in calculating benefits as provided in subsection (5) of this section. *The service credit shall be valued at the same level as service earned by active members.*

(5) Any member retired by reason of disability and remaining disabled at the expiration of the eligibility period shall have such disability benefits recalculated using the service retirement formula with service credit as set out in subsection (4) above. The retirement allowance shall be calculated as set forth in KRS 161.620 except that those persons less than sixty (60) years of age shall be considered as sixty (60).

(6) Members who have their disability retirement allowance recalculated at the expiration of the entitlement period shall continue to have coverage under the post-retirement medical insurance program. Restrictions on employment shall remain in effect until the member attains age seventy (70) or until the member's eligibility is

discontinued. KRS 161.520 and 161.525 shall not apply to survivors of disability retirees whose retirement allowances have been recalculated at the expiration of the entitlement period. Members who have their disability retirement allowance recalculated at the expiration of their entitlement period shall be entitled to a minimum monthly allowance of three hundred dollars ($300) as the basic straight life annuity. The minimum allowance shall be effective July 1, 1980, and shall apply to those members who have had their allowance recalculated prior to that date and to disability retirees who will have their benefit allowance recalculated on or after that date.

(7) Any member retired by reason of disability may voluntarily waive disability benefits and return to teaching or such member, who is age sixty (60) years or older, may elect to waive disability benefits and retire for service on the basis of service credited to the member on the effective date of the disability retirement.

(8) In order to qualify for retirement by reason of disability a teacher must suffer from a physical or mental condition presumed to be permanent in duration and of such a nature as to render him incapable of being gainfully employed as a teacher. Such incapability must be revealed by a competent examination by a licensed physician or physicians and must be approved by a majority of *a* [~~the~~] medical review *committee* [~~board~~].

(9) A member retired by reason of disability shall be required to undergo periodic examinations at the discretion of the board of trustees to determine whether the disability allowance shall be continued. When examination and recommendation of *a* [~~the~~] medical review *committee* [~~board~~] indicate the disability no longer exists, the allowance shall be discontinued.

(10) Eligibility for payment shall begin on the first day of the month following receipt of the application in the teachers' retirement system office, or the first of the month next following the last payment of salary or sick leave benefits by the employer, whichever is the later date.

(11) No person who receives a disability allowance may serve as a teacher either within or without the state of Kentucky. So doing shall constitute a misdemeanor; and shall result in loss of such allowance from the first date of such service. The recipient of a disability allowance who engages in any gainful occupation other than teaching must make a report of the duties involved, compensation received and any other pertinent information required by the board of trustees. If the annual income from other employment plus the disability benefit exceed the sum of twelve thousand dollars ($12,000) or the last earned compensation, whichever is the greater amount, the benefit shall be reduced to an amount which with earned income will not exceed the last earned compensation or twelve thousand dollars ($12,000), whichever is the greater amount. In no case shall the benefit be reduced to less than seventy-five dollars ($75) per month, if the member has five (5) or more years of contributing service in the teachers' retirement system.

(12) The board of trustees shall designate [~~a~~] medical review *committees, each* [~~board~~] consisting of three [~~or more~~] licensed physicians [~~and may designate physicians in various areas of the Commonwealth to conduct examinations as needed~~]. *A* [~~The~~] medical review *committee* [~~board~~] shall pass upon all applications for disability retirement and upon all statements, certifications, and examinations submitted in connection with such applications. The disposition of each case shall be recommended by *a* [~~the~~] medical review *committee* [~~board~~] in writing to the board of trustees. Members of *a* [~~the~~] medical review *committee* [~~board~~] shall follow such rules and regulations regarding procedures as the board of trustees may enact and shall be paid reasonable fees and expenses as authorized by the board of trustees in compliance with the provisions of KRS 161.330 and 161.340. The board of trustees may secure such additional medical service and information as it deems necessary. *The board of trustees shall promulgate regulations that specify member appeal procedures.*

(13) A disability may be presumed to be permanent if the condition creating such disability may be reasonably expected to continue for one (1) year or more from the date of application for disability benefits.

(14) Any member who has voluntarily waived disability benefits or whose disability benefits have been discontinued on recommendation of *a* [~~the~~] medical review *committee* [~~board~~], may apply for reinstatement of disability benefits. The application for reinstatement must be made to the retirement system within twelve (12) months of the date disability benefits terminated. If the termination of benefits were voluntary the reinstatement may be made without medical examination if application is made within three months of the termination date. Other applications for reinstatement will be processed in the same manner as new applications for benefits.

Section 14. KRS 161.675 is amended to read as follows:

(1) The board of trustees is empowered to enter into contracts with insurance carriers for the purpose of providing a broad program of hospital and medical insurance coverage to members retired for service or disability. Coverage may be extended to the spouses and minor children of said retired members, provided the member began participating in the teachers' retirement system prior to July 1, 1978. Coverage may also be extended to spouses and to minor children of members in active contributing status who are deceased prior to retirement if the surviving spouse is eligible to receive the member's retirement benefit as provided in KRS 161.525 and elects to do so. *The board of trustees may offer, on a cost basis, coverage of spouses not eligible for regular coverage.*

(2) The coverage provided shall be as set forth in the contracts and the regulations of the board of trustees. The board of trustees may change the levels of coverage to meet the changing needs of the annuitants and when necessary to contain the expenses of the insurance program within the funds available to finance the insurance program. The contracts and regulations shall provide for, but not be limited to, hospital room and board, surgical procedures, doctors' care in the hospital and miscellaneous hospital costs. A retiree whose effective date of retirement is July 1, 1974, and thereafter, must have a minimum of five (5) years creditable Kentucky service in the teachers' retirement system or of combined service in the Kentucky employes retirement system, of which at least two (2) years was creditable service under KRS 161.510 and 161.607(2), to qualify for such coverage.

(3) The board of trustees is empowered to require the annuitant and the annuitant's spouse to pay a premium charge to assist in the financing of the insurance program. Such charges may be flat standard amounts or based upon the amount of the annuity allowance payments or a combination of these provisions. The board of trustees is empowered to pay premiums for insurance coverage from the hospital and medical insurance fund and from the premium charges received from the annuitants and the spouses. It may provide such insurance coverage as is deemed desirable by making payment to institutions and individuals for services performed, or the board of trustees may elect to provide such insurance protection on a "self-insurance" basis or a combination of these provisions.

(4) Contracts negotiated may include the provision that a stated amount of hospital cost or period of hospitalization shall incur no obligation on the part of the insurance carrier or the retirement system.

(5) The board of trustees is empowered to adopt such rules and regulations as are necessary to assure efficient operation of the hospital and medical insurance program.

(6) Premiums paid for hospital and medical insurance coverage procured under authority of this section shall be exempt from any premium tax which might otherwise be required under KRS Chapter 136. The payment of premiums by the insurance fund shall not constitute taxable income to an insured recipient.

Section 15. Whereas, retirement annuity adjustments are implemented at the beginning of a fiscal year, an emergency is declared to exist and the provisions of this Act shall become effective July 1, 1986.

HB 203, AN ACT relating to motor vehicle registration.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 186.020 is amended to read as follows:

(1) Before the owner of a motor vehicle, other than a motor vehicle engaged in the transportation of passengers for hire operating under a certificate of convenience and necessity, may operate it or permit its operation upon a highway, the owner shall apply for registration in accordance with regulations issued by the cabinet, except that a person who purchases a motor vehicle, or brings a motor vehicle into the Commonwealth from another state shall make application for registration within ten (10) days. The bill of sale or assigned title must be in the motor vehicle during this ten-day period. If the owner of a motor vehicle is an individual and resides in the Commonwealth, the motor vehicle shall be registered with the county clerk of the county in which he resides. If the owner of a motor vehicle does not reside in the Commonwealth, the motor vehicle shall be registered with the county clerk of the county in which the motor vehicle is principally operated. If the owner of a motor vehicle is other than an individual and resides in the Commonwealth, the motor vehicle shall be registered with the county clerk of either such county. The application when presented to the county clerk for registration shall be accompanied by:

(a) A bill of sale and a manufacturer's certificate of origin if the application is for the registration of a new motor vehicle; or

(b) The owner's registration receipt, if the motor vehicle was last registered in this state; or

(c) A bill of sale and the previous registration receipt, if last registered in another state where the law of such state does not require the owner of a motor vehicle to obtain a certificate of title or ownership; or

(d) A certificate of title, if last registered in another state where the law of such state requires the owner of a motor vehicle to obtain a certificate of title or ownership.

(e) An affidavit from an officer of a local government saying that the motor vehicle has been abandoned and that the provisions of KRS 82.630 have been complied with, for local governments which elect to use the provisions of KRS 82.600 to 82.640.

(2) (a) After that, the owner of any motor vehicle registered under KRS 186.050(1) shall register his motor vehicle on or before the date on which his certificate of registration expires. If, before operating such motor vehicle in this state, the owner registers it at some later date and pays the fee for the full year, he will be deemed to have complied with the law. Insofar as the owner is concerned, registration with the clerk shall be deemed to be registration with the cabinet.

(b) After that, the owner of any motor vehicle registered under KRS 186.050(2) shall register his motor vehicle on or before March 1 of each year. If, before operating such motor vehicle in this state, the owner registers it at some later date and pays the fee for the full year, he will be deemed to have complied with the law. Insofar as the owner is concerned, registration with the clerk shall be deemed to be registration with the cabinet.

(3) After that, the owner of any commercial vehicle registered under KRS 186.050(3) through (14) shall register his commercial vehicle on or before April 1 of each year. If, before operating such commercial vehicle in this state, the owner registers it at some later date and pays the required fee, he will be deemed to have complied with the law. Insofar as the owner is concerned, registration with the clerk shall be deemed to be registration with the cabinet.

(4) The application and documents presented therewith, including the sheriff's certificate of inspection, shall be affixed to the transportation cabinet copy of the certificate of title or registration and sent to the transportation cabinet by the clerk.

(5) At least thirty (30) days prior to the expiration of registration of any motor vehicle previously registered in the Commonwealth as provided by KRS 186A.035, the owner of said vehicle shall be notified by mail by the department of the date of expiration. In addition, the department shall provide appropriate forms and information to permit renewal of motor vehicle registration to be completed by mail. Any registration renewal by mail shall require payment of an additional one dollar ($1) fee which shall be received by the county clerk. Non-receipt of the notice herein shall not constitute a defense to any registration related offense.

Section 2. KRS 186A.035 is amended to read as follows:

(1) All motor vehicles with a gross vehicular weight of 6,000 pounds or less, first registered, or for which the registration is renewed in this state on or after January 1, 1983, shall be placed in a system of year-round registration based upon the birth month of the owner, in order to distribute the work of registering motor vehicles as uniformly as practicable throughout the twelve (12) months of the year.

(2) If the owner of a motor vehicle is other than an individual, the month in which the owning entity came into being shall be used for purposes of this section. If a motor vehicle is jointly owned, the owners shall indicate to the county clerk the birth month of one (1) of them to be used for purposes of this section.

(3) The certificate of registration and license plate issued for a motor vehicle first registered, renewed, or titled in this state on or after January 1, 1983, shall be valid, unless cancelled by the cabinet in accordance with KRS Chapter 186 or this chapter, upon payment of the required fee, for a period beginning on the first day of the month of the year in which registration is applied for, and expiring on the last day of the next birth month of the owner following the month during which registration is applied for, provided however that, upon the owner's request, and after payment of the proper prorated fee, an owner may obtain a certificate of registration and license plate valid through the last day of his second birth month following the month and year in which he applied for a certificate of registration.

(4) After a motor vehicle has been initially placed in the system of year-round registration, the owner shall renew the registration annually during the owner's birth month, by making application to the county clerk and paying the fee required for twelve (12) consecutive months of registration, which shall take effect on the first day of the month succeeding the owner's birth month and shall expire on the last day of the owner's next birth month. The county clerk shall be entitled to a registration fee of two dollars ($2) for each registration, or if said registration exceeds a twelve (12) month period the clerk shall receive a fee of three dollars ($3).

(5) *At least thirty (30) days prior to the expiration of the registration of any motor vehicle previously registered in the Commonwealth as provided by subsection (1) of this section, the owner of the vehicle shall be*

notified by mail by the department of the date of expiration. Any registration renewal by mail shall require payment of an additional one dollar ($1) fee which shall be received by the county clerk. Non-receipt of the notice herein shall not constitute a defense to any registration related offense.

(6) Any owner who fails to renew the registration of a motor vehicle during the month in which the previous registration expired, shall, if he applies for renewal of the registration in some later month, pay the same fees that would have been required if the registration had been renewed in the month which the previous registration expired.

(7)[~~(6)~~] Fees which must be prorated in carrying out the intent of this section shall be prorated on the basis of twelfths of the annual registration fee. Any vehicle which is registered at any time during a month, shall pay the fee required for that whole month plus any additional months of registration purchased consistent with the intent of the section.

(8)[~~(7)~~] The county clerk shall ensure that the certificate of registration issued to an owner displays the month and year in which the registration period begins, and the month and year of its expiration, and shall issue to the owner a decal or decals corresponding to the month and year of expiration shown in the certificate of registration which shall be placed upon the corresponding license plate by the owner in the manner required by administrative regulations of the department of vehicle regulation.

The Committee on Agriculture and Small Business reported HR 60 with Committee Amendment attached thereto, HB 547, HB 421, and HB 748 with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HR 60, A RESOLUTION relating to agriculture.

WHEREAS, family farm agriculture contributes income, jobs, and tax revenues to the Commonwealth; and

WHEREAS, Kentucky has the fifth largest number of family farmers of all the states in the nation; and

WHEREAS, Kentucky family farmers face serious economic hardship; and

WHEREAS, federal farm policy legislation has lowered the value of Kentucky agricultural products and farm incomes; and

WHEREAS, farm real estate values have declined dramatically, thus causing grave concern in rural Kentucky for funding of social programs and educational needs; and

WHEREAS, voluntary liquidations and farm foreclosures have accelerated, thus creating hardship for fellow farmers and rural banking systems; and

WHEREAS, low farm prices are bankrupting not only rural America but also the federal government because low prices stimulate overproduction and expensive subsidies; and

WHEREAS, Kentucky's experience with about 50 years of the tobacco program has proven that family farm agriculture can be preserved without substantial government expense;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. It is the sense of this House:

(1) That a continuing farm crisis will be damaging to the Commonwealth;

(2) That lowering farm prices will adversely impact the quality of life in rural Kentucky;

(3) That the 1985 Federal Farm Bill is not in the best interest of Kentuckians;

(4) That Congress reopen Farm Bill debate and legislate higher farm prices together with effective supply management targeted at family-scale farmers; and

(5) That Congress pass debt relief legislation that not only keeps lenders solvent but also keeps farmers on their land. Such debt relief legislation should provide federally funded incentives for lenders to write down or postpone debt service payments, so that farmers can continue their farming operations and maintain a fair standard of living.

The Committee Amendment No. 1 to HR 60 is as follows:

Amend printed copy of HR 60:

on page 2 by deleting lines 6 and 7, and on line 8 by changing (4) to (3), and on line 11 by changing (5) to (4)

All bylaws shall describe the method for administration of funds, and an annual audit shall be performed of all receipts, expenditures, and funds on hand by *the auditor of public accounts or an independent certified public* [~~official of any city or county which is a member of the unit, or by an~~] accountant. The report of every audit, including financial statements, shall be kept in the same manner prescribed in this chapter for other records.

Section 8. KRS 100.181 is amended to read as follows:

The legislative body or mayor of the city and the fiscal court or county judge/executive of the county may assign to the planning commission of the planning unit of which it is a member, *or to an area planning commission if in existence,* any powers, duties and functions relating to urban renewal, [~~or~~] public housing, *or community development.*

Section 9. KRS 100.182 is amended to read as follows:

All other provisions of this chapter to the contrary notwithstanding, no comprehensive plan, *land use or* zoning *regulation* [~~ordinance~~], subdivision regulation, public improvements program, or official map regulation shall be invalidated in its entirety for failure to strictly comply with any procedural provision of this chapter or with the requirements of KRS Chapter 424 in making any publication required to be made under this chapter, unless a court finds that the failure to strictly comply with any procedural requirement results in material prejudice to the substantive rights of an adversely affected person and that such rights cannot be adequately secured by any remedy other than invalidating the comprehensive plan, *land use or* zoning *regulation* [~~ordinance~~], subdivision regulation, public improvements program, or official map regulation in its entirety.

Section 10. KRS 100.183 is amended to read as follows:

The planning commission of each unit shall prepare a comprehensive plan, which shall serve as a guide for public and private actions and decisions to assure the development of public and private property in the most appropriate relationships. The elements of the plan may be expressed in words, graphics, or other appropriate forms. They shall be interrelated, and each element shall describe how it relates to each of the other elements [~~and to the statement of objectives, principles, policies and standards~~].

Section 11. KRS 100.187 is amended to read as follows:

The comprehensive plan shall contain, as a minimum, the following elements:

(1) A statement of goals and objectives, [~~principles, policies, and standards,~~] which shall serve as a guide for the physical development and economic and social well-being of the planning unit.

(2) A land use plan element, which shall show proposals for the most appropriate, economic, desirable and feasible patterns for the general location, character, extent, and interrelationship of the manner in which the community should use its public and private land at specified times as far into the future as is reasonable to foresee. Such land uses may cover, without being limited to, public and private, residential, commercial, industrial, agricultural and recreational land uses.

(3) A transportation plan element, which shall show proposals for the most desirable, appropriate, economic and feasible pattern for the general location, character, and extent of the channels, routes, and terminals for transportation facilities for the circulation of persons and goods for specified times as far into the future as is reasonable to foresee. Such channels, routes, and terminals may include, without being limited to all classes of highways or streets, railways, airways, waterways; routings for mass transit trucks, etc.; and terminals for people, goods, or vehicles related to highways, airways, waterways, and railways.

(4) A community facilities plan element which shall show proposals for the most desirable, appropriate, economic and feasible pattern for the general location, character, and the extent of public and semipublic buildings, land, and facilities for specified times as far into the future as is reasonable to foresee. Such facilities may include, without being limited to, parks and recreation, schools and other educational or cultural facilities, libraries, churches, hospitals, social welfare and medical facilities, utilities, fire stations, police stations, jails, or other public office or administrative facilities.

(5) The comprehensive plan may include any additional elements such as, without being limited to, community renewal, housing, flood control, pollution, conservation, natural resources, and other programs which in the judgment of the planning commission will further serve the purposes of the comprehensive plan.

Section 12. KRS 100.191 is amended to read as follows:

All elements of the comprehensive plan shall be based upon but not limited to, the following research, analysis, and projections;

(1) An analysis of the general distribution and characteristics of past and present population and a forecast of the extent and character of future population as far into the future as is reasonable to foresee.

(2) An economic survey and analysis of the major existing public and private business activities, and a forecast of future economic levels, *including a forecast of anticipated necessary actions by the community to increase the quality of life of its current and future population through the encouragement of economic development* [~~or conditions~~] as far into the future as is reasonable to foresee.

(3) Research and analysis as to the nature, extent, adequacy, and the needs of the community for the existing land and building use, transportation, and community facilities in terms of their general location, character and extent.

(4) Additional background information for the elements of the comprehensive plan may include any other research analysis, and projections which, in the judgment of the planning commission, will further serve the purposes of the comprehensive plan.

Section 13. KRS 100.193 is amended to read as follows:

The planning commission of each planning unit shall prepare and adopt the statement of *goals and* objectives [~~and principles~~] to act as a guide for the preparation of the remaining elements and the aids to implementing the plans. The statement shall be presented for consideration, amendment and adoption by the legislative bodies and fiscal courts in the planning unit. During its preparation and that of the other plan elements, it shall be the duty of the planning commission to consult with public officials and agencies, boards of health, school boards, public and private utility companies, civic, educational, professional and other organizations, and with citizens.

Section 14. KRS 100.197 is amended to read as follows:

(1) All elements of the comprehensive plan shall be prepared with a view towards carrying out the statement of *goals and* objectives[~~, principles, policies, and standards of the unit~~]. The various elements may be adopted as they are completed, or as a whole when all have been completed. The planning commission shall hold a public hearing and adopt the elements [~~by a regulation which may be carried only by a simple majority vote of the total commission membership~~]. The comprehensive plan elements, and their research basis, shall be reviewed from time to time in light of social, economic, technical and physical advancements or changes. *At least once every five (5) years, the commission shall amend or re-adopt the plan elements. It shall not be necessary to conduct a comprehensive review of the research done at the time of the original adoption pursuant to KRS 100.191, when the commission finds that the original research is still valid. The amendment or re-adoption shall occur only after a public hearing before the planning commission.*

(2) The elements of the comprehensive plan shall be reviewed by the planning commission at least once every five (5) years and amended if necessary. If the goals and objectives statement is proposed to be amended then such proposed amendments must be submitted to the legislative bodies and fiscal courts in the planning unit for consideration, amendment, and adoption. If the goals and objectives statement is not proposed to be amended, then it shall not be necessary to submit it to the legislative bodies and fiscal courts for action. If the review is not performed, any property owner in the planning unit may file suit in the circuit court. If the circuit court finds that the review has not been performed, it shall order the planning commission, or the legislative body in the case of the statement of goals and objectives element, to perform the review, and it may set a schedule or deadline of not less than nine (9) months for the completion of the review. No comprehensive plan shall be declared invalid by the circuit court unless the planning commission fails to perform the review according to the court's schedule or deadline. The procedure set forth in this section shall be the exclusive remedy for failure to perform the review [~~The procedure for amendment shall be the same as for the original adoption. The elements shall be reviewed and amended, if necessary, at least once every five (5) years, but no comprehensive plan shall be declared invalid on the grounds that the review was not performed~~].

Section 15. KRS 100.201 is amended to read as follows:

Except as provided in subsection (2) of KRS 100.137, when the planning commission and legislative bodies have adopted the statement of goals and objectives, and the planning commission has additionally adopted at least the land use element for the planning unit, the various legislative bodies and fiscal courts of the cities and counties, which are members of the unit, may enact land use regulations, including zoning or other kinds of growth management regulations [~~Cities and counties which are members of a planning unit which has adopted at least the objectives and the land use plan elements may divide the territory within their area of jurisdiction into zones~~] on an interim or permanent basis to promote public health, safety, morals, and general welfare of the planning unit, to facilitate orderly and harmonious development and the visual or historical character of the unit, and to regulate the density of population and intensity of land use in order to provide for adequate light and air. In addition, *land use and* zoning *regulations* may be employed to provide for vehicle parking and loading space, as well as to facilitate fire and police protection, and to prevent the overcrowding of land, blight, danger, and congestion in the circulation of people and commodities, and the loss of life, health, or property from fire, flood or other dangers. *Land use and* zoning *regulations* may also be employed to protect airports, highways, and other transportation facilities, public facilities, [~~including~~] schools, [~~and~~] public grounds, historical districts, central business districts, *prime agricultural land and other* natural resources, and other specific areas of the planning unit which need special protection by the planning unit.

Section 16. KRS 100.203 is amended to read as follows:

Cities and counties may *enact zoning regulations* [~~exercise the power to zone through zoning regulations~~] which shall contain:

(1) A text, which shall list the types of zones which may be used, and the regulations which may be imposed in each zone, which must be uniform throughout the zone. In addition, the text shall make provisions for the

granting of [~~dimensional~~] variances, conditional use permits, and for nonconforming use of land and structures, and any other provisions which are necessary to implement the zoning regulation. The city or county may regulate:

(a) The activity on the land, including filling or excavation of land, and the removal of natural resources, and the use of watercourses, and other bodies of water, as well as land subject to flooding;

(b) The size, width, height, bulk, location of structures, buildings and signs;

(c) Minimum or maximum areas or percentages of areas, courts, yards, or other open spaces or bodies of water which are to be left unoccupied, and minimum distance requirements between buildings or other structures;

(d) Intensity of use and density of population floor area to ground area ratios, or other means;

(e) Districts of special interest to the proper development of the community, including, but not limited to, exclusive use districts, historical districts, planned business districts, planned industrial districts, renewal, rehabilitation, and conservation districts; planned neighborhood and group housing districts;

(f) Fringe areas of each district, by imposing requirements which will make it compatible with neighboring districts;

(g) The activities and structures on the land at or near major thoroughfares, their intersections, and interchanges, and transportation arteries, natural or artificial bodies of water, public buildings and public grounds, aircraft, helicopter, rocket and spacecraft facilities, places having unique interest or value, flood plain areas, and other places having a special character or use affecting or affected by their surroundings;

(2) The text may provide that the planning *commission* [~~unit~~], as a condition to the granting of any zoning change, may require the submission of a development plan, which *shall be limited to the provisions of the definition contained in KRS 100.111(8).* [~~,~~] Where agreed upon, *this development plan* shall be followed. As a further condition to the granting of a zoning change, the planning *commission* [~~unit~~] may require that substantial construction be initiated within a certain period of time of not less than one (1) year; provided that such zoning change shall not revert to its original designation unless there has been a public hearing.

(3) A map, which shall show the boundaries of the area which is to be zoned, and the boundaries of each zone;

(4) Text provisions to the effect that land which is used [~~solely~~] for agricultural *purposes shall have no regulations* [~~, farming, dairying, stock raising, or similar purposes shall have no regulations imposed as to building permits, certificates of occupancy, height, yard, location or courts' requirements for agricultural buildings, including and limited to one mobile home used as a dwelling~~] except that:

(a) Setback lines may be required for the protection of existing and proposed streets and highways*;*[~~, and~~]

(b) [~~That~~] All buildings or structures in a designated floodway or flood plain or which tend to increase flood heights or obstruct the flow of flood waters may be fully regulated*; and*

(c) Mobile homes and other dwellings may be permitted but shall have regulations imposed which are applicable, such as zoning, building, and certificates of occupancy.

(5) The text may empower the planning commission to hear and finally decide applications for variances or conditional use permits when a proposed development requires a map amendment and one (1) or more variances or conditional use permits.

(6) In any regulation adopted pursuant to subsection (5) of this section:

(a) The text shall provide that the planning commission shall assume all powers and duties otherwise exercised by the board of adjustments pursuant to KRS 100.231, 100.233, 100.237, 100.241, 100.243, 100.247, and 100.251, in a circumstance provided for by subsection (5) of this section; and

(b) The text shall provide that the applicant for the map amendment, at the time of the filing of the

application for the map amendment, may elect to have any variances or conditional use permits for the same development to be heard and finally decided by the planning commission at the same public hearing set for the map amendment, or by the board of adjustments as otherwise provided for in this chapter.

(7) Any judicial proceeding to appeal the planning commission action authorized by subsection (5) of this section in granting or denying any variance or conditional use permit shall be taken pursuant to KRS 100.347(2).

Section 17. KRS 100.207 is amended to read as follows:

Before a city or county enacts zoning regulations, as authorized by KRS 100.201, the [~~Except as provided in subsection (2) of KRS 100.137, when the planning commission has adopted the objectives and land use plan elements for the planning unit, the various legislative bodies and fiscal courts of the cities and counties which are members of the unit may pass zoning regulations. The~~] planning commission shall prepare the text and map of all zoning regulations and shall hold at least one (1) public hearing as required in KRS Chapter 424. The planning commission shall submit it along with their recommendation to the various legislative bodies and fiscal courts for adoption [~~or denial~~]. A majority of the entire legislative body or fiscal court shall be required to pass a zoning regulation which contains any changes or departures from the zoning regulation as proposed by the planning commission after the change has been referred to the planning commission for its recommendation. The procedure for adoption of the zoning regulation shall be the same as for any other regulation or order; Provided, however, That, notwithstanding publication requirements, the zoning regulation may be published by stating the title and general description of the regulations and referring to the place within the unit where a copy of the complete regulation may be examined without charge.

SECTION 18. A NEW SECTION OF KRS CHAPTER 100 IS CREATED TO READ AS FOLLOWS:

When a city annexes new territory or when a city is created or when a city of the fifth or sixth class is reclassified to a city of the fourth class or higher in a county containing a city of the first class, and the intent is to regulate land development, the process to adopt or amend a comprehensive plan, zoning ordinance, subdivision regulations, public improvements program or official map for the affected territory shall be as required by KRS Chapter 100. The planning commission shall be permitted to hold public hearings on such proposed adoption or amendments as required by KRS Chapter 100 prior to final action on the annexation, creation or incorporation. The legislative body may take action adopting existing applicable goals and objectives and existing applicable regulations without a new public hearing, but a public hearing shall be required if any change to such goals and objectives or regulations are proposed. Until such actions have been taken, prior laws shall remain in effect and prior governing authority shall control.

Section 19. KRS 100.211 is amended to read as follows:

(1) A proposal for amendment to any zoning regulation may originate with the planning commission of the unit, with any fiscal court or legislative body which is a member of the unit, or with the owner of the property in question. Regardless of the origin of the proposed amendment, it shall be referred to the planning commission before adoption. The planning commission shall then hold at least one (1) public hearing after notice as required by KRS chapter 424 and make recommendations to the various legislative bodies or fiscal courts involved, and it shall take a majority of the entire legislative body or fiscal court to override the recommendation of the planning commission.

(2) All procedures for public notice and publication as well as for adoption shall be the same as for the original enactment of a zoning regulation, [~~except that, in counties containing a city of the first class, any notice by newspaper shall be published thirty (30) days prior to the public hearing,~~] and *the notice of publication* shall include the street address of the property in question, or if one is not available, *or if it is not practicable due to the number of addresses involved,* a geographic description sufficient to locate and identify the property, and the names of the two (2) streets on either side of the property which intersect the street on which the property is located. If the property is located at the intersection of two (2) streets, the notice shall designate the intersection by name of both streets rather than name the two (2) streets on either side of the property.

Section 20. KRS 100.212 is amended to read as follows:

When in any planning unit [~~containing any portion of a county~~] except for a planning unit [~~containing any portion of a county~~] containing a city of the first class, a hearing is scheduled on a proposal by a property owner to amend any zoning map, the following notice shall be given in addition to any other notice required by statute, [~~by~~] local regulation or ordinance [~~to be given~~]:

(1) Notice of the hearing shall be posted conspicuously on the property the classification of which is proposed to be changed for fourteen (14) consecutive days immediately prior to the hearing. Posting shall be as follows:

(a) The sign shall state "zoning change" and the proposed classification change in letters three (3) inches in height. The time, place and date of hearing shall be in letters at least one (1) inch in height.

(b) The sign shall be constructed of durable material and shall state the telephone number of the appropriate zoning commission.

(2) Notice of the hearing shall be given at least fourteen (14) days in advance of the hearing by first class mail, with certification by the commission secretary or other officer of the planning commission that the notice was mailed to an owner of every parcel of property adjoining the property the classification of which is proposed to be changed. It shall be the duty of the person or persons proposing the *map* amendment to furnish to the planning commission the names and addresses of the owners of all adjoining property. Records maintained by the property valuation administrator may be relied upon to determine the identity and address of said owner. *In the event such property is in condominium or cooperative forms of ownership, then the person notified by mail shall be the president or chairman of the owner group which administers property commonly owned by the condominium or cooperative owners.*

Section 21. KRS 100.213 is amended to read as follows:

(1) Before any map amendment is granted, the planning commission or the legislative body or fiscal court must find that the map amendment is in agreement with the *adopted* [~~community's~~] comprehensive plan, or, in the absence of such a finding, that one (1) or more of the following apply and such finding shall be recorded in the minutes and records of the planning commission or the legislative body or fiscal court.

(a) That the *existing* [~~original~~] zoning classification given to the property *is* [~~was~~] inappropriate *and that the proposed zoning classification is appropriate* [~~or improper~~].

(b) That there have been major changes of an economic, physical or social nature within the area involved which were not anticipated in the *adopted* [~~community's~~] comprehensive plan and which have substantially altered the basic character of such area.

(2) [~~In counties containing cities of the first class~~] The planning commission, legislative body or fiscal court may adopt provisions which prohibit for a period of two (2) years, the reconsideration of a denied map amendment or the consideration of a map amendment identical to a denied map amendment.

Section 22. KRS 100.214 is amended to read as follows:

When in any planning unit containing any portion of a county containing a city of the first class a hearing is scheduled on a proposal by a property owner to amend any zoning map the following notice shall be given in addition to any other notice required by statute by local regulation or ordinance to be given:

(1) Notice of the hearing shall be posted conspicuously on the property the classification of which is proposed to be changed thirty (30) days immediately prior to the hearing. Posting shall be as follows:

(a) The sign shall state "zoning change" and the proposed classification change in letters three (3) inches in height. The time, place and date of hearing shall be in letters at least one (1) inch in height.

(b) The sign shall be constructed of durable material and shall state the telephone number of the appropriate zoning commission.

(2) Notice of the hearing shall be given at least thirty (30) days in advance of the hearing by first class mail, with certification by the commission secretary or other officer of the planning commission that the notice was mailed, to an owner of every parcel of property adjoining at any point the property the classification of which is proposed to be changed, to an owner of every parcel of property directly across the street from said property,

and to an owner of every parcel of property which adjoins at any point the adjoining property or the property directly across the street from said property; *provided, however, that no first class mail notice, required by this subsection, shall be required to be given to any property owner whose property is more than five hundred (500) feet from the property which is proposed to be changed.* It shall be the duty of the person or persons proposing the *map* amendment to furnish to the planning commission the names and addresses of the owners of all property as described in this subsection. Records maintained by the property valuation administrator may be relied upon to determine the identity and address of said owner. In the event such property is in condominium or cooperative forms of ownership, then the person notified by mail shall be the president or chairman of the owner group which administers property commonly owned by the condominium or cooperative owners.

(3) If the hearing has been scheduled for a time during normal working hours, and if, within fifteen (15) days of the scheduled date of the hearing the planning commission shall receive a petition from two hundred (200) property owners living within the planning unit requesting that the hearing be rescheduled for a time after normal working hours, then the planning commission shall reschedule the hearing for a time after normal working hours on a date no earlier than the date of the original hearing. The planning commission shall then publish notice of the new hearing time and date according to the provisions of KRS 100.211, except that notice shall occur at least seven (7) days prior to the public hearing. The sign required by subsection (1) of this section shall be changed to reflect the new hearing time and date at least seven (7) days prior to the public hearing. The persons who receive mail notice according to the provisions of subsection (2) of this section shall again be notified in the same manner of the new hearing time and date at least seven (7) days prior to the hearing. The hearing time shall not be changed more than once by the procedures of this section except in the event of intervening emergency which requires the cancellation of a hearing.

(4) Notice by mail shall include a list of the names and addresses of each person so notified, and a description of the procedure by which those notified can petition for a change in the hearing time.

Section 23. KRS Chapter 100.217 is amended to read as follows:

(1) Before any zoning regulation may have legal effect within the planning unit, a board or boards of adjustments shall be appointed for the planning unit as stated in the [~~regulation or~~] agreement under which the unit operates. The agreement may provide for additional boards of adjustment with jurisdiction of a particular city or area within the planning unit. Provided, that the jurisdiction of the boards of adjustment so established shall be clearly defined as to territorial limits, that all territory within the planning unit is within the jurisdiction of some board of adjustment so established and that no territory is subject to the jurisdiction of more than one (1) board of adjustment, *except as provided in KRS 100.203(5).*

(2) A board of adjustment shall consist of either three (3), five (5), or seven (7) members, all of whom must be citizen members, and not more than two (2) of whom may be citizen members of the planning commission.

(3) The mayor shall be the appointing authority for cities, and the county judge/executive shall be the appointing authority for counties, subject to the approval of their respective legislative bodies.

(4) The term of office for the board of adjustment shall be four (4) years, but the term of office of members first appointed shall be staggered so that a proportionate number serve one (1), two (2), three (3), and four (4) years respectively.

(5) Vacancies on the board of adjustment shall be filled within sixty (60) days by the appropriate appointing authority. If the authority fails to act within that time, the planning commission shall fill the vacancy. When a vacancy occurs other than through expiration of the term of office, it shall be filled for the remainder of that term.

(6) All members of boards of adjustments shall, before entering upon their duties, qualify by taking the oath of office prescribed by section 228 of the constitution of the Commonwealth of Kentucky before any judge, county judge/executive, notary public, clerk of a court, or justice of the peace within the district or county in which he resides.

(7) Reimbursement for expenses or compensation or both may be authorized for members on a board of adjustments.

(8) Any member of a board of adjustments may be removed by the appropriate appointing authority for inefficiency, neglect of duty, malfeasance, or conflict of interest. Any appointing authority who exercises the

power to remove a member of the board of adjustments shall submit a written statement to the commission setting forth the reasons for removal, and the statement shall be read at the next meeting of the board of adjustments, which shall be open to the general public. The member so removed shall have the right of appeal from the removal to the circuit court of the county in which he resides.

(9) Each board of adjustments annually shall elect a chairman, vice-chairman, and secretary and any other officers it deems necessary, and any officer shall be eligible for re-election at the expiration of his term.

Section 24. KRS 100.221 is amended to read as follows:

(1) Each board of adjustments shall conduct meetings at the call of the chairman who shall give written or oral notice to all members of the board at least seven (7) days prior to the meeting, which notice shall contain the date, time and place for the meeting, and the subject or subjects which will be discussed.

(2) A simple majority of the total membership of a board of adjustments as established by [~~regulation or~~] agreement shall constitute a quorum. Any member of a board of adjustments who has any direct or indirect financial interest in the outcome of any question before the body shall disclose the nature of the interest and shall disqualify himself from voting on the question.

(3) All boards of adjustments shall adopt bylaws for the transaction of business and shall keep minutes and records of all proceedings, including regulations, transactions, findings, and determinations, and the number of votes for and against each question, and if any member is absent or abstains from voting, indicating the fact, all of which shall, immediately after adoption, be filed in the office of the board. If the board has no office, such records may be kept in custody of an officer of the board and shall be available to the general public. A transcript of the minutes of a board of adjustments shall be provided if requested by a party, at the expense of the requesting party, and the transcript shall constitute the record.

(4) A board of adjustments may appoint one (1) or more of its members to act as hearing examiner to preside over a public hearing or public meeting and make recommendations to the board based upon a transcript or record of the hearing.

Section 25. KRS 100.241 is amended to read as follows:

The board shall have the power to hear and decide on applications for [~~dimensional~~] variances [~~where, by reason of the exceptional narrowness, shallowness, or unusual shape of a site on the effective date of the zoning regulation or by reason of exceptional topographic conditions, or some other extraordinary situation or condition of that site, the literal enforcement of the dimensional requirements (height or width of building or size of yards, but not population density) of the zoning regulation would deprive the applicant of reasonable capacity to make use of the land in a manner equivalent to the use permitted other landowners in the same zone~~]. The board may impose any reasonable conditions or restrictions on any variance it decides to grant.

Section 26. KRS 100.243 is amended to read as follows:

Before any variance is granted, the board must find all of the following, which shall be recorded along with any imposed conditions or restrictions in its minutes and records and issued in written form to the applicant to constitute proof of the [~~dimensional~~] variance*:*[~~.~~]

(1) The *requested variance arises from special circumstances which do not generally apply to land in the general vicinity, or* [~~specific conditions in detail which are unique to the applicant's land and do not exist on other land~~] in the same zone.

(2) The [~~manner in which the~~] strict application of the provisions of the regulation would deprive the applicant of a reasonable use of the land *or would create an unnecessary hardship on the applicant* [~~in the manner equivalent to the use permitted other landowners in the same zone~~].

(3) *Such special* [~~That the unique conditions and~~] circumstances are not the result of actions of the applicant taken subsequent to the adoption of the zoning regulation.

(4) Reasons that the variance will [~~preserve,~~] not *adversely affect* [~~harm~~] the public *health,* safety and welfare, and will not alter the essential character of the *general vicinity, and will not cause a hazard or a nuisance to the public* [~~neighborhood~~].

Section 27. KRS 100.251 is amended to read as follows:

A [~~dimensional~~] variance applies to the property for which it is granted, and not to the individual who applied for it. A variance [~~also~~] runs with the land and is transferable to any future owner of the land, but it cannot be transferred by the applicant to a different site.

Section 28. KRS 100.253 is amended to read as follows:

(1) The lawful use of a building or premises, existing at the time of the adoption of any zoning regulations affecting it may be continued, although such use does not conform to the provisions of such regulations, except as otherwise provided herein.

(2) The board of adjustments shall not allow the enlargement or extension of a nonconforming use beyond the scope and area of its operation at the time the regulation which makes its use nonconforming was adopted, nor shall the board permit a change from one (1) nonconforming use to another unless the new nonconforming use is in the same or a more restrictive classification, provided, however, the board of adjustments may grant approval, effective to maintain nonconforming-use status, for enlargements or extensions, made or to be made, of the facilities of a nonconforming use, where the use consists of the presenting of a major public attraction or attractions, such as a sports event or events, which has been presented at the same site over such period of years and has such attributes and public acceptance as to have attained international prestige and to have achieved the status of a public tradition, contributing substantially to the economy of the community and state, of which prestige and status the site is an essential element, and where the enlargement or extension was or is designed to maintain the prestige and status by meeting the increasing demands of participants and patrons.

(3) Any use which *has existed illegally and does not conform to the provisions of the zoning regulations,* [~~is a nonconforming use~~] and has been in *continuous* existence for a period of ten (10) years, *and which has not been the subject of any adverse order or other adverse action by the administrative official during said period,* shall be deemed [~~approved as~~] a [~~valid~~] nonconforming use. *Thereafter, such use shall be governed by the provisions of subsection (2) of this section.*

(4) The provisions *of subsection (3)* of this section shall not apply to counties containing a city of the first class, a city of the second class, or urban-county government.

Section 29. KRS 100.257 is amended to read as follows:

The board of adjustments shall have the power to hear and decide cases where it is alleged by an applicant that there is error in any order, requirement, decision, grant, or refusal made by an administrative official in the enforcement of the zoning regulation. Such appeal shall be taken within *thirty (30)* [~~sixty (60)~~] days.

Section 30. KRS 100.261 is amended to read as follows:

Appeals to the board may be taken by any person, or entity claiming to be injuriously affected or aggrieved by an official action, *order, requirement, interpretation, grant, refusal,* or decision of any zoning enforcement officer. Such appeal shall be taken within thirty (30) days after the appellant or his agent receives notice of the action *of the official* [~~appealed from,~~] by filing with said officer and with the board a notice of appeal specifying the grounds thereof, and giving notice of such appeal to any and all parties of record. Said officer shall forthwith transmit to the board all papers constituting the record upon which the action appealed from was taken and shall be treated as and be the respondent in such further proceedings. Section 1. KRS 65.182 is amended to read as follows:

Except as otherwise provided by state law, the sole method of creating a taxing district shall be in accordance with the following:

(1) Persons desiring to form a taxing district shall present a petition to the fiscal court clerk and to each member of the fiscal court, meeting the criteria of KRS 65.184, and signed by a number of registered voters equal to or greater than twenty-five percent (25%) of an average of the voters living in the proposed taxing district and voting in the last four (4) general elections. At time of its submission to fiscal court each petition shall be accompanied by a plan of service, showing such of the following as may be germane to the purposes for which the taxing district is being formed:

(a) The statutory authority under which the district is created and under which the taxing district will operate;

(b) Demographic characteristics of the area including but not limited to population, density, projected growth, and assessed valuation;

(c) A description of the service area including but not limited to the population to be served, a metes and bounds description of the area of the proposed taxing district, the anticipated date of beginning service, the nature and extent of the proposed service, the projected effect of providing service on the social and economic growth of the area, and projected growth in service demand or need;

(d) A three (3) year projection of cost versus revenue;

(e) Justification for formation of the taxing district including but not limited to the location of nearby governmental and nongovernmental providers of like services; and

(f) Any additional information such as land use plans, existing land uses, drainage patterns, health problems, and other similar analyses which bear on the necessity and means of providing the proposed service.

(2) The fiscal court clerk shall notify all planning commissions, cities, and area development districts within whose jurisdiction the proposed service area is located and any state agencies required by law to be notified of the proposal for the creation of the taxing district.

(3) The fiscal court clerk shall schedule a hearing on the proposal for no earlier than thirty (30) nor later than ninety (90) days following receipt of the petition, charter, and plan of service, and shall, in accordance with the provisions of KRS Chapter 424, publish notice of the time and place of the public hearing and an accurate map of the area or a description in layman's terms reasonably identifying the area.

(4) At the public hearing, the fiscal court shall take testimony of interested parties and solicit the recommendations of any planning commission, city, area development district, or state agency meeting the criteria of subsection (2) of this section.

(5) The fiscal court may extend the hearing, from time-to-time, for ninety (90) days from the date of the initial hearing and shall render a decision within thirty (30) days of the final adjournment of the hearing.

(6) Following the hearing, the fiscal court shall set forth its written findings of fact and shall approve or disapprove the formation of the taxing district to provide service as described in the plan of service, and to exercise the powers granted by the specific statutes that apply to the taxing district being formed.

(7) The creation of a taxing district shall be of legal effect only upon the adoption of an ordinance, in accordance with the provisions of KRS 67.075 and 67.077, creating such taxing district and compliance with the requirements of KRS 65.005, *except that in counties containing a city of the first class a taxing district shall not be created unless the ordinance is approved at the next general election by a majority of the voters living within the boundaries of the proposed district. The question put before the voters shall provide for either approval or disapproval of the ordinance and shall state the name and purpose of the taxing district and the exact amount of the tax on each one hundred dollars ($100) worth of property assessed for local taxation in the district.*

(8) A certified copy of the ordinance creating the taxing district shall be filed with the county clerk who shall add the levy to the tax bills of the county. For taxing purposes the effective date of the tax levy shall be January 1 of the year following the certification of the creation of the taxing district.

(9) Nothing in this section shall be construed to enlarge upon or to restrict the powers granted a taxing district under the taxing district's specific authorizing statutes.

Section 2. KRS 65.186 is amended to read as follows:

(1) Any city containing all or any portion of the service area or any state agency with jurisdiction over the taxing district or any citizen living in the proposed area of the taxing district may, within thirty (30) days of the decision of the fiscal court, appeal the decision of the fiscal court on the formation of a district to the circuit court, *but there shall be no appeal in a county containing a city of the first class.*

(2) The circuit court may affirm the action of the fiscal court, remand the matter to the fiscal court for additional findings or may reverse the action of the fiscal court and order approval or disapproval of the district. The circuit court may reverse the action of the fiscal court only if such decision is found to be arbitrary or capricious.

(3) No new or additional evidence may be introduced in the circuit court except as to fraud or misconduct affecting the decision of the fiscal court.

(4) Where appeals are brought from two (2) or more fiscal courts, the actions shall be merged and venue shall lie in the circuit court of the county where the greatest number of the taxing district's residents are located.

Section 3. KRS 65.065 is amended to read as follows:

(1) The governing body of each district shall annually prepare a budget, and, as appropriate, shall classify budget units in the same fashion as county budgets are classified pursuant to KRS 68.240(2) through (5). (5) To provide for the performance of an audit, the governing body of a district shallemploy an independent certified public accountant, or contract with the auditor of public accounts to perform an audit of the funds in the district budget. The audit shall conform to standard audit programs for governmental accounting which are approved by the auditor of public accounts, or to other generally accepted accounting principles as set forth by the Kentucky board of accountancy. A unit of government furnishing funds directly to a district may require additional audits at its own expense. If a district is required by law to audit its funds more often than is required by this section, it shall perform those audits and may submit such audits in lieu of the requirements of this section, provided that such audits meet the requirements of this subsection.

(6) The provisions of subsections (2) and (3) of this section shall not apply to any district that is required by law to annually submit a financial report to an agency of state government. Such districts shall annually submit a copy of their financial report to the county judge/executive and to the state local finance officer and once every four (4) years provide for the performance of an audit as provided in subsection (5) of this section.

(7) Any resident of the district may bring an action in the circuit court to enforce the provisions of this section. The circuit court shall hear the action and, on a finding that the governing body of the district has violated the provisions of this section, shall order the district to comply with such provisions. The circuit court, in its discretion, may allow the prevailing party, other than the district, a reasonable attorney's fee and court costs, to be paid from the district's treasury.

HB 269, AN ACT relating to special districts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 65 IS CREATED TO READ AS FOLLOWS:

In counties containing a city of the first class, the following method of creating a taxing district shall be an alternative to KRS 65.182 to 65.190:

(1) Persons desiring to form a taxing district shall present a petition to the fiscal court clerk and to each member of the fiscal court, requesting that the question of establishing the special district be placed upon the ballot for the next general election. The petition shall be signed by at least one hundred (100) registered voters from each senatorial district, contained wholly or partially within the proposed taxing district. If one hundred (100) registered voters do not reside within a senatorial district and within the boundaries of the proposed taxing district, then the petition shall be signed by twenty-five percent (25%) of the registered voters within said senatorial district. At the time of its submission to fiscal court each petition shall be accompanied by a plan of service, showing such of the following as may be germane to the purposes for which the taxing district is being formed:

(a) The statutory authority under which the district is created and under which the taxing district will operate;

(b) The method of creating and appointing the governing body of such district if it is to be different from the general statutory authority under which it will operate;

(c) Demographic characteristics of the area including but not limited to population, density, projected growth, and assessed valuation;

(d) A description of the service area including but not limited to the population to be served, a metes and bounds description of the area of the proposed taxing district, the anticipated date of beginning service, the nature and extent of the proposed service, the projected effect of providing service on the social and economic growth of the area, and projected growth in service demand or need;

(e) A three (3) year projection of cost versus revenue and the method chosen for raising such revenues as authorized in this section;

(f) Justification for formation of the taxing district including but not limited to the location of nearby governmental and nongovernmental providers of like services; and

(g) Any additional information such as land use plans, existing land uses, drainage patterns, health problems, and other similar analyses which bear on the necessity and means of providing the proposed service.

(2) The fiscal court clerk shall notify all planning commissions, cities, and area development districts within whose jurisdiction the proposed service area is located and any state agencies required by law to be notified of the proposal for the creation of the taxing district.

(3) The fiscal court clerk shall review the petition, and if the fiscal court determines that the signatures are valid, the fiscal court shall schedule a hearing on the proposal for no earlier than thirty (30) nor later than sixty (60) days following receipt of the petition, charter, and plan of service, and shall, in accordance with the provisions of KRS Chapter 424, publish notice which includes the time and place of the public hearing, alerts the public that the issue discussed at the hearing will be placed upon the ballot and includes an accurate map of the area or a description in layman's terms reasonably identifying the area.

(4) At the public hearing, the fiscal court shall take testimony of interested parties and solicit the recommendations of any planning commission, city, area development district, or state agency meeting the criteria of subsection (2) of this section.

(5) Following the public hearing, the fiscal court shall adopt a resolution submitting to the qualified voters of the county the question as to whether a taxing district should be established for the area and a special ad valorem tax or an occupational license fee imposed for the maintenance and operation of the district. A certified copy of the order of the fiscal court shall be filed with the county clerk at least sixty (60) days prior to the next regular election and thereupon the clerk shall cause the question to be placed upon the ballot.

(6) The question shall be stated so that the service to be provided by the district, the type of governing body and the method of financing as allowed by this section are clearly outlined.

(7) If a majority of those voting on the question favor the establishment of a special district with authorization to impose an ad valorem tax then it shall be so established and shall constitute and be a taxing district within the meaning of Section 157 of the Constitution of Kentucky. If a majority of those voting on the question favor the establishment of a special district with an increase in the occupational license fee as authorized by this section, it shall be so established and shall operate as set forth in the question on the ballot.

(8) If an ad valorem tax is approved, the county clerk shall add the levy to the tax bills of the county. For taxing purposes the effective date of the tax levy shall be January 1 of the year following the election. If an occupational license fee increase is approved, the appropriate legislative bodies shall add the levy to the occupational license fee as of January 1 of the year following the election. The tax or fee shall be collected in the same manner as are other county ad valorem taxes or occupational license fees and shall be turned over to the governing body of the district. The special ad valorem tax or fee shall be in addition to all other ad valorem taxes or occupational license fees.

(9) Nothing in this section shall be construed to enlarge upon or to restrict the powers granted a taxing district under the taxing district's specific authorizing statutes.

(10) A special district created pursuant to this section may be financed either by a special ad valorem tax imposed by the governing body of the district, as authorized by the voters in an election on the question, of an amount not to exceed ten (10) cents per one hundred dollars ($100) of assessed value of the property subject to local taxation of the district; or by a levy of occupational license fees by the public body or bodies with jurisdiction over the area served by the special district, if the levy has been approved by the voters in an election on the question. The special district shall not levy both an ad valorem tax and an occupational license fee. The occupational license fee shall not exceed one percent (1%) of:

(a) Salaries, wages, commissions and other compensation earned by persons for work done and services performed or rendered; and

(b) The net profits of businesses, trades, professions or occupations from activities conducted in the district, except public service companies, banks, trust companies, combined banks and trust companies, combined trust, banking and title companies, any savings and loan association whether state or federally chartered, and in all other cases where a public body is prohibited by law from imposing a license fee.

(11) The budget of any taxing district created pursuant to this section shall be approved by the fiscal court if financed by an ad valorem tax, or by the fiscal court and the legislative body levying the fee, if funded by an occupational license fee increase. The board of the district shall submit its estimate of revenue and proposed budget to the appropriate approving body or bodies by May 1 of each year, and such body or bodies shall approve or amend the budget by June 1.

HB 777, AN ACT relating to local solid waste management services.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 109.041 is amended to read as follows:

(1) In addition to all other powers enumerated in Chapter 67 and other sections of the Kentucky Revised Statutes, counties, acting by and through their fiscal courts, may plan, initiate, acquire, construct and maintain solid waste management facilities and promulgate rules and regulations with respect thereto in accordance with this chapter. It is hereby determined and declared that in the implementation, acquisition, financing and maintenance of solid waste management facilities, and in the enforcement of their use, counties will be performing state functions duly delegated to them for the public welfare. In such regard, the right of counties to condemn land necessary for the acquisition of solid waste management facilities pursuant to the Eminent Domain Act of Kentucky and to exercise the police power in respect thereto is confirmed. Any county may contract with third parties for the management by public or private means of solid waste within the county.

(2) No sanitary landfill shall be acquired and constructed until the construction thereof has been approved in writing by the department. Planning for sanitary landfills shall be conducted only in accordance with the policy set forth in KRS 109.011(7).

(3) Except as provided in KRS 109.062, no county or waste management district shall prohibit or otherwise restrict the resource recovery of materials by:

(a) Any resource recovery operation in existence in the county or district on the effective date of the mandatory program; or

(b) Any person supplying material to resource recovery operations on the effective date of the mandatory program; or

(c) Any new resource recovery operation that reclaims the same type of materials as resource recovery operations included in paragraph (a) of this subsection; or

(d) Any new suppliers to resource recovery operations included in paragraphs (a) and (c) of this subsection; or

(e) Any resource recovery operation for glass, plastic or metal beverage containers, unless a commitment has been made by a local government or other political subdivision of the state, by ordinance or contract, to a solid waste project consistent with the provisions of this chapter, that is dependent upon the resource recovery of glass, plastic or metal beverage containers to meet its financial obligations for said project, and such commitment has been made prior to the operation of any other such resource recovery facility in the county or district; or

(f) Any other resource recovery operation within the county or district not included in paragraphs (a) through (e) of this subsection or the supply of materials to such operation unless it is established that such operation would jeopardize the ability of a local government or other political subdivision of the state to meet financial obligations incurred in the maintenance, operation, or amortization of capital acquisition costs for a solid waste management facility.

(4) Notwithstanding any other provision of the Kentucky Revised Statutes to the contrary, no county or waste management district shall regulate special wastes as defined in KRS 224.868 or solid waste from agricultural or mining operations.

(5) Any county undertaking the planning, implementation, construction, installation, acquisition and financing of a solid waste management facility pursuant to this chapter shall have the authority set forth in Chapter 58 of the Kentucky Revised Statutes concerning the financing of such solid waste management facility including the authority to promulgate, enforce and collect reasonable rates, rentals and charges for the use of such solid waste management facility.

(6) The financing of solid waste services, which may include the operation, maintenance, equipment replacement and debt amortization of a solid waste management facility, may be provided by the imposition of a service charge upon the owner or owners of benefited properties for the benefits conferred. Solid waste management services may be provided directly by the county or through others under a contract or franchise. The county clerk shall place the service charge on a property owner's tax bill form prepared in accordance with the provisions of KRS 133.220. In the case of benefited properties in which no tax bill form is normally prepared, the county clerk shall prepare a bill form reflecting the service charge amount. The service charges shall be established by ordinance and shall be reasonable. The same schedule of charges shall apply to all users of the same class. Charges for solid waste services shall be collected by the sheriff upon receipt of the tax bills from the county clerk in accordance with KRS 134.140, 134.390 and 134.420.

(7) Bonds authorized to be issued by any county pursuant to the authority of this chapter for the financing of solid waste management facilities may be sold at either private or public sale as may in the sound discretion of the county be in the best interests of the county.

(8)[~~(7)~~] Any county undertaking solid waste management pursuant to the provisions of this chapter may contract with any person for the provision of solid waste management services. A county may contract with any city to provide solid waste management services or may delegate the responsibility for solid waste management within incorporated areas to a city when the city agrees to assume such responsibility. In connection with solid waste management, any county may enter into contracts with any person for any term of years.

(9)[~~(8)~~] Counties are authorized to charge a reasonable fee to haulers for the handling of their waste at a solid waste management facility approved by the department.

(10)[~~(9)~~] Counties are authorized to sell or market materials and energy recovered from solid waste and to enter into long-term contracts guaranteeing supply to insure markets for the sale of recovered products.

(11)[~~(10)~~] In carrying out the provisions of this chapter, counties shall be subject to standards set by regulations promulgated by the department on waste management pursuant to KRS Chapter 224.

(12)[~~(11)~~] No county or waste management district shall prohibit long-term contracts by ordinance or other means.

(13)[~~(12)~~] Counties are expressly authorized in addition to the powers enumerated in KRS Chapter 65 and this chapter to contract with one another in order to regionalize solid waste management to the maximum extent practicable.

(5) The cabinet shall be the lead agency for hazardous substance emergency spill response and, after

consultation with other affected federal, state and local agencies and private organizations, shall establish a contingency plan for undertaking emergency actions in response to the discharge of hazardous substances. The contingency plan shall:

Such limitations of liability shall apply to the total of state and federal expenses;

(c) In every case where action required under this section is not being adequately taken or the identity of the person responsible for the discharge is unknown, the cabinet or its agent may contain, remove or dispose of the hazardous substance or take any other emergency action which it deems appropriate under the circumstances, including, but not limited to, issuance of an emergency order as provided in KRS 224.071 to the person possessing, controlling or responsible for the discharge of the hazardous substance as necessary for the protection of the environment and public health, safety or welfare;

(d) Any duly authorized officer, employe or agent of the cabinet may upon notice to the owner or occupant enter any property, premises or place at any time for the purposes of this section, if such entry is necessary to prevent damage to the air, land or waters of the Commonwealth. Notice to the owner or occupant shall not be required if the delay attendant upon providing it will result in imminent risk to public health or safety.

(7) *The cabinet shall have a lien against the real and personal property of a person liable for the actual costs expended in response to an environmental emergency or cleanup, as provided for in subsection (6) of this section. The lien shall be filed with the county clerk of the county in which the property of the person is located.*

(d) Provide information on the general chemical composition of the hazardous waste to persons transporting, treating, storing or disposing of hazardous waste;

(e) Keep all records and copies of manifest readily available for review and inspection by the designated representative of the cabinet;

(f) Retain all records and manifest copies for a minimum of three (3) years or as required by the cabinet;

(g) Compile a periodic report of hazardous waste generated, stored, transferred, treated, disposed or transported for treatment, storage, or disposal as required by the cabinet.

(2) Any person who generates waste in this state shall make a determination as to whether or not such waste is hazardous pursuant to criteria promulgated by the cabinet, and any generator of hazardous waste shall

certify that all information required in notices or reports to the cabinet or information provided on the manifest document is factual.

(3) The cabinet shall promulgate regulations specifying the criteria by which wastes may be determined to be hazardous and based on use of these criteria maintain and update a list of wastes identified as hazardous wastes which shall be subject to the hazardous waste management provisions of KRS 224.862 to 224.874. The criteria and lists promulgated by the cabinet shall be identical to any such criteria and lists proposed or promulgated by the U. S. environmental protection agency pursuant to the resource conservation and recovery act of 1976, as amended (PL 94-580). In providing for the management of hazardous waste, the cabinet shall establish classes or categories of hazardous waste reflecting the relative degree of hazard consistent with *the resource conservation and recovery act of 1976, as amended, (P.L. 94-580),* [~~P.L. 94-580~~] and regulations issued pursuant thereto. Any person generating any substance which either meets the criteria or is identified as hazardous waste shall within ninety (90) days of promulgation of the regulation so notify the department.

Section 3. KRS 224.866 is amended to read as follows:

(1) No person shall engage in the storage, treatment, recycling or disposal of hazardous waste without first *notifying the cabinet and* obtaining construction and operation permits from the cabinet. The cabinet shall promulgate regulations establishing standards for such permits but in no case shall a permit to construct or operate a hazardous waste *site or* [~~disposal~~] facility or a regional integrated waste treatment and disposal demonstration facility be issued unless it can be demonstrated that the proposed facility can be integrated into the surroundings in an environmentally compatible manner, including but not limited to insuring that hydrologic, seismologic, geologic and soil considerations have been adequately addressed in the permit application and in an operational plan. In no case shall a permit to construct a hazardous waste landfill or other site or facility for the land disposal of hazardous waste be approved or issued prior to notification of the cabinet by the local unit of government of its actions pursuant to KRS 224.855(5), except when the landfill is part of a regional integrated waste treatment and disposal demonstration facility. The cabinet shall not issue a construction permit to a regional integrated waste treatment and disposal demonstration facility until it has been issued a certificate of environmental safety and public necessity. A person desiring a construction permit shall file an application on forms supplied by the cabinet which shall contain such information as the cabinet deems necessary and provide evidence that the hazardous waste shall be treated, stored or disposed of in the manner prescribed by the cabinet. The applicant shall not initiate construction at the proposed site of a new facility for the storage, treatment or disposal of hazardous waste until notice has been given to that portion of the public most likely to be affected by the operation of the proposed facility pursuant to KRS 224.855(1) through KRS 224.855(4) and until a construction permit for said facility has been issued by the cabinet. The cabinet may consider past performance in this or related fields by the applicant. The cabinet, in making a determination to issue, deny or condition a construction permit, shall consider the following:

(a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;

(b) An evaluation of the public health, safety, and environmental aspects of the proposals;

(c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(d) An evaluation of mitigation measures to alleviate problems identified in subsections (b) and (c) of this section; and

(e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste landfills or other sites or facilities for the land disposal of hazardous waste the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.855(5); in the case of a regional integrated waste treatment and disposal demonstration facility the provisions of paragraphs (c) and (e) of this subsection shall be determined by the siting board established pursuant to KRS 224.2203.

(2) *The cabinet may prohibit the land disposal of any hazardous wastes. The criteria and list of hazardous waste to be prohibited by the cabinet from land disposal shall be identical to any such criteria and list*

promulgated by the U.S. environmental protection agency pursuant to the resource conservation and recovery act of 1976, as amended,.(P.L. 94-580). The land disposal of hazardous waste may be permitted for methods determined by the cabinet to be protective of human health and the environment for as long as the waste remains hazardous. [~~Any hazardous waste which would migrate, leach, or generate gas in its normal state shall not be disposed of in a landfill unless such waste has been either neutralized, detoxified, solidified, encapsulated or otherwise treated so that the character of the waste is such that it will prevent substantial migration, leaching or gas generation or unless the landfill is designed and constructed in such manner as will prevent substantial migration, leaching or gas generation, that in either case may cause or significantly contribute to an increase in mortality or an increase in serious irreversible, or incapacitating reversible, illness or pose a substantial present or potential hazard to human health or the environment.~~]

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased *and an estimate of the cost of post-closure care.* In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The cabinet shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued the applicant for any hazardous waste permit shall assure that the funds needed to close the facility are available by establishing assurance through one (1) or more of the following mechanisms: cash, certificates of deposit, irrevocable credit or other sureties satisfactory to the cabinet and the mechanism shall be established by agreement with the cabinet. The agreement shall provide that disbursement is permissible only upon written approval of the cabinet and whenever, on the basis of any information, the cabinet determines that the owner or operator is in violation of any of the closure requirements for the facility, that the cabinet shall have the right to use part or all of the closure fund to carry out the closure requirements. The financial institution, surety company or escrow agent shall release these funds upon receiving a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. Upon determination that closure has been satisfactorily accomplished, the cabinet shall release the applicant from further financial responsibility for closure.

(b) Any applicant for a hazardous waste disposal permit shall file with the cabinet as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The cabinet shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the amount of the post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of thirty (30) years after facility closure. The post-closure monitoring and maintenance fund shall be cash, irrevocable credit or other sureties satisfactory to the cabinet and shall be established by an agreement with the cabinet. The agreement shall provide that whenever, on the basis of any information, the cabinet determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the cabinet shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The funds shall be released upon receipt of a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of thirty (30) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the cabinet be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the cabinet may authorize the release of the funds to the applicant in writing. Any funds remaining in the account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant.

(c) All applicants for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the cabinet for the purpose of *corrective action on and off-site and* satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the cabinet. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility and until termination. The minimum liability coverage for sudden occurrences, exclusive of legal defense costs, for a storage, treatment or disposal facility shall be one million dollars ($1,000,000) per occurrence with an annual aggregate of two million dollars ($2,000,000). A hazardous waste disposal facility shall maintain additional excess liability coverage in the amount of at least ten million dollars ($10,000,000). The minimum liability coverage for nonsudden occurrences, exclusive of legal defense costs, for a hazardous waste facility involving land disposal shall be five million dollars ($5,000,000) per occurrence with an annual aggregate of ten million dollars ($10,000,000). Combined coverage for sudden and nonsudden occurrences shall be no less than the combined totals herein set forth for separate coverage.

(4) The cabinet shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of thirty (30) years after closure of the facility, and may apply to the cabinet for termination of the responsibility for post-closure monitoring and maintenance at any time after the site has been closed for at least thirty (30) years. Upon receipt of such application the cabinet shall provide notice to the public and to the owner or operator and an opportunity for a hearing on the termination of the site. In this proceeding the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The cabinet shall determine either that post-closure monitoring and maintenance of the site is no longer required in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the cabinet may order appropriate remedial measures, impose restrictive covenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment.

(5) In any case where the owner or operator is in bankruptcy, reorganization, or arrangement pursuant to the federal bankruptcy code or where jurisdiction cannot be obtained with reasonable diligence in any state court or any federal court over an owner or operator likely to be insolvent at the time of judgment, any claim arising from conduct for which evidence of financial responsibility must be provided under this section may be asserted directly against the guarantor providing such evidence of financial responsibility. In the case of any action pursuant to this subsection, such guarantor shall be entitled to invoke all rights and defenses which would have been available to the owner or operator if any action had been brought against the owner or operator by the claimant and which would have been available to the guarantor if an action had been brought against the guarantor by the owner or operator.

(6) The total liability of any guarantor shall be limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this section. Nothing in this subsection shall be construed to limit any other federal statutory, contractual or common law liability of a guarantor to its owner or operator including, but not limited to, the liability of such guarantor for bad faith either in negotiating or in failing to negotiate the settlement of any claim. Nothing in this subsection shall be construed to diminish the liability of any person under section 107 or 111 of the comprehensive environmental response, compensation and liability act of 1980 or other applicable law.

(7) For the purpose of this subsection, the term guarantor means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this section.

Section 4. KRS 224.873 is amended to read as follows:

The cabinet shall promulgate regulations establishing standards applicable to transporters of hazardous waste regarding record keeping, *notification* and compliance with the manifest system. The transportation cabinet and the justice cabinet shall cooperate with and assist the cabinet in implementing and enforcing the transportation provisions of any state hazardous waste regulations promulgated pursuant to this chapter. The specific nature and details of the assistance effort shall be established by a formal cooperative agreement acceptable to the cabinets.

SECTION 5. A NEW SECTION OF KRS 224.855 TO KRS 224.871 IS CREATED TO READ AS FOLLOWS:

(1) In addition to any other authority or power, the cabinet shall have the authority and power:

(a) To prohibit the placement of bulk or noncontainerized liquid hazardous wastes or free liquids contained in hazardous wastes (whether or not absorbents have been added) in any landfill;

(b) To minimize the disposal of containerized liquid hazardous wastes in landfills and minimize the presence of free liquids in containerized hazardous wastes to be disposed in landfills;

(c) To prohibit the disposal in landfills of any liquids including those that have been absorbed in materials that biodegrade or that release liquids when compressed as might occur during routine landfill operations;

(d) To regulate the production, burning and transporting of any fuel derived from any hazardous waste, any mixture of a material and hazardous waste or from used oil and any other material; and the distribution and marketing of any fuel produced from hazardous wastes, a mixture of hazardous waste and any material or from used oil or any other material or which otherwise contains used oil or any hazardous waste. In regulating any persons and facilities pursuant to this paragraph the cabinet may include but not be limited to establishing requirements for notification, labeling, record keeping, incineration, and any other requirement deemed necessary by the cabinet to protect human health and the environment;

(e) To require corrective action prior to issuing, renewing, or amending a permit for all releases of hazardous wastes or constituents from any waste management unit at a treatment, storage or disposal facility, regardless of when the wastes were placed in such unit. Permits issued, renewed, or amended shall contain schedules of compliance for corrective action and assurances of financial responsibility for completing the corrective action whenever the corrective action cannot be completed prior to a final decision on the permit;

(f) To require or order, at facilities for the treatment, storage or disposal of hazardous wastes, that corrective action be taken beyond the facility boundary where necessary to protect human health and the environment unless the owner or operator of the facility demonstrates that after using best efforts the necessary permission to undertake such action could not be obtained. This requirement applies to all facilities operating under permits issued pursuant to KRS 224.855 to 224.868 and all landfills, surface impoundments, and waste pile units (including any new units, replacement of existing units or lateral expansions of existing units) which receive hazardous wastes after July 26, 1982;

(g) To condition and issue permits that contain terms and conditions that are necessary to protect human health and the environment;

(h) To require any landfill, surface impoundment, land treatment unit or waste pile unit permitted to operate which receives hazardous waste after July 26, 1982 to comply with the standards concerning groundwater monitoring, unsaturated zone monitoring, and corrective action which are applicable to new landfills, surface impoundments, land treatment units, and waste pile units required to be permitted under this chapter;

(i) To impose such requirements as may be necessary to protect human health and the environment at any existing landfills, surface impoundments or class of surface impoundments from which the cabinet determines hazardous constituents are likely to migrate into groundwater. Such requirements may include those which would apply if such facility was new;

(j) To regulate the generation, transportation, and use of used oil which is recycled as necessary to protect human health and the environment;

(k) To regulate hazardous waste that is radioactive except to the extent that such waste is source, special nuclear or by-product material as defined by the atomic energy act of 1954, as amended, (68 State. 923);

(l) To prohibit the use of waste or used oil or other material which is contaminated or mixed with dioxin or any other hazardous waste, other than a waste identified solely on the basis of ignitability, for dust suppression or road treatment;

(m) To regulate, monitor, and control air emissions at hazardous waste treatment, storage, and disposal facilities including but not limited to open tanks, surface impoundments, and landfills as may be necessary to protect human health and the environment; and

(n) To exclude a waste generated at a particular facility from being regulated as a hazardous waste.

(2) The cabinet shall have the authority to promulgate any regulations necessary to carry out the provisions of this section.

SECTION 6. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

As used in this Act;

(1) "Underground storage tank" means any one or combination of tanks (including underground pipes connected thereto) which is used to contain an accumulation of regulated substances, and the volume of which (including the volume of the underground pipes connected thereto) is ten percent (10%) or more beneath the surface of the ground. Such term does not include any:

(a) Farm or residential tank of one thousand one hundred (1,100) gallons or less capacity used for storing motor fuel for noncommercial purposes;

(b) Tank used for storing heating oil for consumptive use on the premises where stored;

(c) Septic tank;

App. 1671, et seq.), the hazardous liquid pipeline safety act of 1979 (49 U.S.C. App. 2001, et seq.), or which is an intrastate pipeline facility regulated under state laws comparable to the provisions of the natural gas pipeline safety act of 1968 or the hazardous liquid pipeline safety act of 1979;

(e) Surface impoundment pit, pond, or lagoon;

(f) Storm water or waste water collection system;

(2) "Regulated substance" means any substance defined in section 101(14) of the comprehensive environmental response, compensation, and liability act of 1980, but not including any substance regulated as a hazardous waste under subtitle C, and petroleum, including crude oil or any fraction thereof which is liquid at standard conditions of temperature and pressure (60 degrees fahrenheit and 14.7 pounds per square inch absolute).

SECTION 7. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) Owners of any undergound storage tank, currently existing, or taken out of operation after January 1, 1974, shall notify the cabinet of the existence of such tanks and a description of the tank and its use in accordance with regulations promulgated by the cabinet.

(2) The cabinet shall regulate underground storage tanks by requiring minimum construction and performance standards, leak detection, record keeping, reporting releases, corrective actions, closure, financial responsibility, and any other requirement deemed necessary by the cabinet to protect the public health and environment. In promulgating regulations to carry out this section the cabinet may distinguish between types, classes, and ages of underground storage tanks.

The Committee Amendment No. 1 SB 101 is as follows:

Amend printed copy of SB 101:

On page 9, line 7, by deleting after the words "*Hazardous constituent*" the following: all language on lines 7, 8, 9 and 10; and by inserting the following: "*shall conform to the requirements of the Resource Conservation and Recovery Act (RCRA), as amended*".

The Committee Amendment No. 2 to SB 101 is as follows:

Amend printed copy of SB 101:

on page 28, after line 4, by inserting the following:

"Section 8. KRS 224.876 is amended to read as follows:

(1) The general assembly declares that it is the purpose of this section to promote the development of statewide programs, under the responsibility of a single agency, which are intended to protect the health of the citizens and the environment of the Commonwealth from present and future threats associated with the management of hazardous wastes, including disposal, treatment, recycling, storage, and transportation. The intent of the general assembly is to add to and coordinate, and not replace, existing efforts and responsibilities in the areas of hazardous waste management and to leave the primary burden and responsibility for hazardous waste management on private industry; and further to finance assistance and coordination by imposing assessments on the generators of hazardous waste. The assessments are intended to produce a reduction in waste generated; to promote the use of new techniques in recycling, treatment, and alternatives other than land disposal; and to place the burden of financing additional hazardous waste management activities necessarily undertaken by state agencies on the users of those products associated with hazardous waste generation.

(2) The natural resources and environmental protection cabinet is given the authority to administer the provisions and programs of this section and the responsibility to achieve the purposes of this section.

(3) In addition to all specific responsibilities contained elsewhere in this chapter, the cabinet shall:

(a) Respond effectively and in a timely manner to emergencies created by the release of hazardous substances as defined in KRS 224.877 into the environment. The cabinet shall provide for adequate containment and removal of the hazardous substances in order that the threat of a release or actual release of the substance may be abated and resultant harm to the environment minimized.

(b) Provide for post-closure monitoring and maintenance of hazardous waste disposal sites upon termination of post-closure monitoring and maintenance responsibilities by persons permitted to operate the facility pursuant to this chapter.

(c) Provide adequate testing, planning, contracting for removal, and cleanup of abandoned hazardous waste sites in all situations and to the extent that responsible parties are economically or otherwise unavailable to properly address the problem when the problem represents an imminent danger to the health of the citizens and the environment of the Commonwealth.

(4) The cabinet shall recover, when possible, actual and necessary expenditures incurred in carrying out the duties under this section.

(5) It is the expressed purpose of this section to accomplish effective hazardous waste management that results in a reduction of the generation of hazardous wastes within the Commonwealth; further, it is a purpose of this chapter to allocate a portion of the cost of administering necessary governmental programs related to hazardous waste management to those industries whose products are reasonably related to the production of hazardous waste.

(6) There is hereby imposed upon every person engaged within this state in the generation of hazardous waste an annual hazardous waste management assessment to be determined pursuant to this section according to the quantity by volume of hazardous waste generated, except that generators of "special wastes" and retailers who generate waste oil shall be exempt from said assessment. The assessment shall be reported and paid to the revenue cabinet on a quarterly basis on or before the twentieth (20th) day of the month after the end of each quarter. The payment shall be accompanied by a report or return in such form as the revenue cabinet may prescribe. If a federal law is enacted which accomplishes or purports to accomplish the purposes set forth in this section and which levies an assessment or tax upon any business assessed pursuant to this section, the

amount of the assessment to be levied upon said business under this section shall be reduced by the amount of the federal assessment or tax upon said business; provided, however, that the reduction shall only be authorized when funds raised by the federal assessment or tax are made available to the state for any of the activities to be funded under this section. If federal monies are available to carry out the duties imposed by subsection (3) of this section the assessment shall cease to be levied and collected until such time as federal monies are no longer available to the Commonwealth for said purposes. The assessment shall be charged against generators of hazardous waste until June 30, 1986, and after such date no further hazardous waste management assessment shall be charged against generators.

(7) The assessment on generators shall be determined according to the following criteria for off-site treatment and disposal; the assessment for onsite treatment and disposal shall be one-half of the amount as would be assessed for off-site treatment and disposal except that onsite waste disposal facilities that incinerate, detoxify, solidify, neutralize or recycle hazardous waste shall be exempt unless the process involves the landfilling of hazardous waste.

(a) When the waste is destined for long-term containment without treatment, the assessment shall be two cents ($.02) per gallon initially, and shall increase by one cent ($.01) annually up to five cents ($.05) per gallon in 1983 and remain at five cents ($.05) thereafter if the waste is liquid, or two dollars and fifty cents ($2.50) per cubic yard if the waste is solid. Long-term containment includes disposal in a landfill, long-term storage, and other types of disposal specified by the cabinet.

(b) When a waste not suitable for a long-term containment is chemically treated, resulting in a material which is suitable for long-term containment but is still hazardous, the assessment shall be one cent ($.01) per gallon if the waste is a liquid or one dollar ($1) per cubic yard if the waste is solid.

(c) When the waste is destined for chemical treatment resulting in a material which is not hazardous as determined by testing criteria promulgated by the cabinet, the assessment shall be five mills ($.005) per gallon if the waste is liquid or fifty cents ($.50) per cubic yard if the waste is solid.

(d) When the waste is destined for destructive treatment by incineration or other means, the assessment shall be five mills ($.005) per gallon if the waste is liquid or fifty cents ($.50) per cubic yard if the waste is solid.

(8) If any generator fails or refuses to file a return or furnish any information requested in writing by the cabinet, the revenue cabinet may, from any information in its possession, make an estimate and issue an assessment against such generator and add a penalty of ten percent (10%) of the amount of the assessment so determined. This penalty shall be in addition to all other applicable penalties in this chapter.

(9) If any generator fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the revenue cabinet, then, unless it is shown to the satisfaction of the revenue cabinet, that the failure is due to reasonable cause, five percent (5%) of the assessment found to be due by the revenue cabinet shall be added to the assessment for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which filed, but the total penalty shall not exceed twenty-five percent (25%) of the assessment.

(10) If the assessment imposed by this chapter, whether assessed by the revenue cabinet, or the generator, or any installment or portion of the assessment is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the assessment, interest upon the unpaid amount at the rate of eight percent (8%) per annum from the date prescribed for its payment until payment is actually made to the revenue cabinet.

(11) There is hereby created within the state treasury a trust and agency fund which shall not lapse to be known as the hazardous waste management fund. The revenue cabinet shall be responsible for collecting and receiving funds as provided in this section, and all such assessments collected or received by the state treasury shall be deposited in the hazardous waste management fund. When the state treasurer certifies to the cabinet that the balance of the hazardous waste management fund exceeds six million dollars ($6,000,000), assessments shall not be collected until the state treasurer certifies to the revenue cabinet that the balance in the hazardous waste management fund is less than three million dollars ($3,000,000).

(12) Upon request of the secretary, monies accumulated in the hazardous waste management fund shall be released in amounts necessary to accomplish the performance of the duties imposed by subsection (3) of this section. However, monies from the fund shall not be used when federal monies are available to carry out said

duties except when immediate action is required to protect public health or the environment in which case the cabinet shall actively pursue reimbursement of the fund by any available federal monies.

(13) No person shall affect the integrity of the final cover, liners, or any other components of any containment system after closure of a hazardous waste site on or in which hazardous waste remains without prior written approval of the cabinet."; and

(b) Assess penalties against members for late payment of tonnage fees;

(c) Compile information about applicants and members for use by the commission in assigning or revising ratings;

(f) At each meeting, report to the commission concerning the status of the bond pool and activities of the bond pool administrator; and

(g) Perform such other administrative functions as are necessary to carry out the purposes of this Act.

SECTION 5. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby established an alternative bonding program to be known as the "bond pool." Any permittee of a surface coal mining operation located in Kentucky who meets the criteria set forth in this section and in regulations promulgated by the cabinet shall be eligible to participate in the bond pool. Participation in the pool shall be voluntary.

(2) Except as provided in this Act, membership in the bond pool and compliance with the requirements of this Act shall satisfy the requirement to post bond in accordance with KRS 350.060(14).

(3) An application fee shall be charged, not to exceed one hundred dollars ($100). The application fee may be applied to the membership fee set forth in Section 6(1) of this Act.

(4) Except as provided in subsection (5) of this section, every permit held by a member of the bond pool shall be included in the pool, except for portions of permits disturbed prior to the member's admission into the pool, to which the provisions of Section 8(4) of this Act shall apply.

(5) No two-acre-or-less operation as defined in KRS 350.060(15) and no acreage on which is located a coal preparation plant, tipple, or loading facility shall be eligible for bond coverage by the bond pool fund.

(6) The bond pool fund shall not assume any part of a member's responsibility for damage due to subsidence which occurs in connection with underground mining or auger mining.

(7) An applicant shall be eligible for membership in the bond pool only if the bond pool commission determines that the applicant is in good financial standing and fulfills the criteria of one (1) of the following ratings:

(a) An "A" rating shall be assigned to an applicant who:

1. For a period of at least five (5) of the seven (7) years immediately preceding the application for membership in the pool, has held, under the same permittee name, a permit issued by the cabinet to conduct surface coal mining operatons in Kentucky; and

2. Has exhibited an excellent compliance record as defined by the regulations of the cabinet;

(b) A "B" rating shall be assigned to any applicant who:

2. Has exhibited an acceptable compliance record as defined by the regulations of the cabinet;

(c) A "C" rating shall be assigned to any applicant who:

1. For a period of at least three (3) of the five (5) years immediately preceding the application for membership in the pool, has held, under the same permittee name, a permit to conduct surface coal mining operations in Kentucky; and

2. Has exhibited an acceptable compliance record as defined by the regulations of the cabinet.

(8) Upon request of any member, not to exceed once per year, the commission may upgrade the member's rating. The commission may downgrade the rating of any member at any time upon the recommendation of the bond pool administrator. Any such revision shall be made in accordance with the criteria set forth in this section. When a member's rating is downgraded, the commission may increase the permit-specific bond already posted in accordance with Section 8 of this Act.

(9) The cabinet shall promulgate regulations establishing methods and criteria for determining if an applicant is in good financial standing. The cabinet shall also promulgate such regulations for determining if an applicant has an excellent or acceptable compliance record, which may include, but shall not be limited to:

(a) Number and seriousness of violations for which the applicant has been cited;

(b) Whether the applicant has abated cited violations in a timely fashion;

(c) Whether the applicant has timely paid any penalties assessed against it;

(d) Whether a surety which posted bond to cover a permit area of the applicant has had to perform reclamation to avoid bond forfeiture; and

(e) Whether the applicant has received timely bond releases.

(10) For purposes of determining whether an applicant has an excellent or acceptable compliance record, the commission shall examine the compliance records of all persons who own or control, are owned or controlled by, or are under common ownership or control with the applicant.

(11) An applicant's experience pursuant to a two-acre-or-less permit as defined in KRS 350.060(15) shall not be considered in the ratings assignment except as provided in subsection (12) of this section.

(12) No application for membership in the bond pool shall be approved by the commission if it is determined that the applicant, or any person who owns or controls, is owned or controlled by, or is under common ownership or control with the applicant, is not eligible for a permit under the provisions of KRS 350.085, 350.093, or 350.130.

(13) Memberships granted by the commission and ratings assigned by the commission shall not be transferrable from one (1) permittee to another.

SECTION 6. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) (a) Each applicant, prior to admission into the bond pool, shall pay a membership fee as follows:

1. One thousand dollars ($1,000) for "A" rated members;

2. Two thousand dollars ($2,000) for "B" rated members; and

3. Two thousand five hundred dollars ($2,500) for "C" rated members;

(b) Any permittee who files an application for membership within sixty (60) days of the effective date of this Act shall have the membership fee reduced by five hundred dollars ($500); and

(c) Any applicant accepted for membership in the bond pool fund shall, within thirty (30) calendar days following written approval of the application by the bond pool commission, submit to the bond pool administrator the appropriate membership fee by certified check payable to the state treasurer. If the applicant fails to submit the membership fee within such time, the membership approval shall be voided.

(2) In addition to the membership fee assessed pursuant to subsection (1) of this section, each member, regardless of rating, shall pay to the fund eight (8) cents per ton of coal extracted by surface mining activities from the permit areas covered by the bond pool fund and one (1) cent per ton of coal extracted by underground mining methods from the permit areas covered by the bond pool fund. Reporting and payment of the tonnage fee shall be made in accordance with regulations promulgated by the cabinet. Production records of members shall be made available to the commission upon request. The cabinet shall establish penalties for late payment, which shall be assessed by the bond pool administrator. If any payment is more than thirty (30) days late, the provisions of Section 11 of this Act shall apply.

SECTION 7. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) When the fund reaches seven million dollars ($7,000,000) the commission shall notify in writing all bond pool members that the assessment of the tonnage fee shall be suspended for all bond pool members who have made thirty-six (36) or more monthly payments to the pool, until the fund decreases to five million dollars ($5,000,000). During such periods of suspension, members who have made less than thirty-six (36) monthly payments shall continue to pay the tonnage fee until they have paid for a full thirty-six (36) months.

(2) When the fund decreases to five million dollars ($5,000,000), the bond pool commission shall notify in writing all bond pool members that the tonnage fee requirement is reinstated. Payments of the tonnage fee shall begin and continue in accordance with cabinet regulations until the fund reaches seven million dollars ($7,000,000).

(3) If an actuarial study performed pursuant to Section 3 of this Act indicates that the minimum amount necessary to operate the fund exceeds one hundred five percent (105%) of the minimum amount established in this section, then the minimum and maximum amounts of the fund shall automatically be increased to conform to the actuarial study. The commission shall notify all pool members of the new range and shall reinstate the tonnage fee requirement if appropriate.

SECTION 8. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) In addition to the membership fee and tonnage fee paid pursuant to Section 6 of this Act, bond pool members shall submit, for each permit to be covered by the bond pool, a permit-specific penal bond computed at the following rates for each acre or fraction thereof included in the proposed permit area:

(a) Five hundred dollars ($500) for "A" rated members;

(b) One thousand five hundred dollars ($1,500) for "B" rated members; and

(c) Two thousand dollars ($2,000) for "C" rated members.

(2) The permit-specific bond shall be increased by one thousand five hundred dollars ($1,500) for each acre of prime farmland to be covered by the bond pool.

(3) The permit-specific bond posted pursuant to this section shall be released in accordance with cabinet procedures for bond release upon successful completion of reclamation as required by KRS 350.093(4)(a) and regulations promulgated pursuant thereto.

(4) If, at the time of application to the bond pool, a permittee holds one (1) or more permits which have already been disturbed, such permits shall be transitioned into the bond pool in accordance with cabinet regulations. The area disturbed prior to admission to the bond pool shall not be covered by the pool, but shall

be bonded in accordance with KRS 350.060(14). The undisturbed area shall be bonded in accordance with this Act. The cabinet may recognize exceptions when appropriate and necessary.

SECTION 9. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) If an applicant for a permit chooses to post bond in accordance with this Act as an alternative to KRS 350.060(14), the permit shall not be issued until the applicant has been accepted as a member of the bond pool, has paid the applicable membership fee, and has submitted a permit-specific bond to cover the area which is the subject of the application.

(2) The cabinet shall not approve a permit transfer pursuant to KRS 350.135 until the transferee has either become a member of the bond pool based upon the transferee's own qualifications or submitted adequate bond in accordance with KRS 350.060(14).

(3) Membership in the bond pool shall not relieve the member of the obligation to comply with requirements of KRS Chapter 350 and regulations promulgated pursuant thereto, except those provisions relating to the method of posting bond.

SECTION 10. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) Bonds for permits covered by the bond pool shall be forfeited in accordance with KRS 350.130(1). The commission shall not be considered a party to any forfeiture action.

(2) Whenever the bond for a permit covered by the bond pool fund is forfeited by the cabinet, the cabinet shall first use any outstanding permit-specific performance bond posted pursuant to Section 8 of this Act. Any additional monies necessary to reclaim the permit area to the standards of KRS 350 shall be withdrawn from the bond pool fund to the extent that monies exist in the fund.

(3) Within seven (7) days following receipt of an official estimate of reclamation costs prepared by the cabinet, the bond pool administrator shall pay to the cabinet the estimated reclamation cost less the amount of the forfeited permit-specific bond, if any.

SECTION 11. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) Whenever a member of the bond pool becomes more than thirty (30) days in arrears with any tonnage fee payment, the bond pool administrator shall notify the member that he has thirty (30) days to become current on his payments. If the member fails to comply within the thirty (30) days, the bond pool administrator shall recommend to the commission that it revoke his membership. The commission shall revoke the membership unless the member has paid all tonnage fees due.

(2) Whenever a member of the bond pool is issued an order for cessation and immediate compliance for failure to abate a violation of contemporaneous reclamation requirements, or whenever the secretary has issued a final order finding that the member has committed a pattern of violations pursuant to KRS 350.028(4) or KRS 350.465(3)(f), membership in the bond pool shall be automatically revoked without action on the part of the commission.

(3) Whenever a member of the bond pool is issued an order for cessation and immediate compliance for failure to abate any violation other than a violation of contemporaneous reclamation requirements, the bond pool administrator shall so inform the commission, and the commission may revoke the member's membership in the bond pool.

(4) Upon revocation of membership, the permittee shall be ordered by the cabinet to cease surface coal mining operations on all of his permits until he has obtained alternate bond coverage. In the meantime, the permittee shall comply with reclamation requirements established by cabinet regulations.

(5) The bond pool fund shall remain liable for reclamation of the portions of permits disturbed prior to revocation of a membership.

SECTION 12. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

No person shall be eligible to receive another permit or to begin another operation if, as a result of bond forfeiture, monies from the bond pool fund have been expended to reclaim such person's operation, unless the person has reimbursed the bond pool fund for monies expended.

Section 13. KRS 350.990 is amended to read as follows:

(1) Any person or operator who violates any of the provisions of this chapter or regulations adopted pursuant thereto or who fails to perform the duties imposed by these provisions, except the refusal or failure to obtain a permit or other authorization as provided herein, or who violates any determination or order promulgated pursuant to the provisions of this chapter, may be liable to a civil penalty of not more than five thousand dollars ($5,000) for said violation, and an additional civil penalty of not more than five thousand dollars ($5,000) for each day during which such violation continues, and in addition, may be enjoined from continuing such violations as hereinafter provided in this section; provided, however, that any operator or person who fails to abate a violation noted in a notice of noncompliance or an order for immediate compliance and cessation within the time period prescribed for such abatement shall be assessed a civil penalty of not less than seven hundred fifty dollars ($750) for each day during which such violation continues. A civil penalty of not more than five thousand dollars ($5,000) for each day shall be assessed against any person issued an order pursuant to KRS 350.130(4). Each day of continuing violation may be deemed a separate violation for purposes of penalty assessment. The cabinet shall develop a method for calculating monetary penalties and shall promulgate it as a regulation. The secretary or a designated representative, upon his or her own initiative or upon written request received within fifteen (15) days after the cabinet mails its proposed penalty assessment, may waive the use of such method for calculating monetary penalties if he or she determines that, taking into account exceptional factors present in the particular case, the penalty is demonstrably unjust. The basis for every waiver shall be fully explained and documented in the records of the case. If the secretary or his or her designated representative waives the use of the formula, he or she shall determine the appropriate penalty upon consideration of the permittee's history of previous violations at the particular surface coal mining operation, the seriousness of the violation, whether the permittee was negligent, and the demonstrated good faith of the permittee charged in attempting to achieve rapid compliance after notification of the violation. Such penalties shall be recoverable in an action brought in the name of the Commonwealth of Kentucky by the cabinet's office of general counsel, or upon the secretary's request, by the attorney general. The Franklin Circuit Court shall hold concurrent jurisdiction and venue of all civil and injunctive actions instituted by the cabinet or by the attorney general on its behalf for the enforcement of the provisions of this chapter or the orders, rules, and regulations of the cabinet promulgated pursuant thereto. All sums recovered shall be placed in the state treasury, except those monies collected in excess of eight hundred thousand dollars ($800,000) in any fiscal year shall be deposited in a trust and agency account, entitled the abandoned mine land enhancement fund, for the purposes set forth in KRS 355.595. *Five hundred thousand dollars ($500,000) of the monies existing in the fund on September 1, 1986, shall be allocated to the bond pool fund established pursuant to Section 1 of this Act. If the total amount in the bond pool fund is less than one million five hundred thousand dollars ($1,500,000) on January 1, 1988, an additional two hundred fifty thousand dollars ($250,000) of the abandoned mine land enhancement fund may be loaned interest free to the bond pool fund. Repayment of the loan shall be made when the bond pool fund accumulates five million dollars ($5,000,000).* The *abandoned mine land enhancement* fund shall be administered by the secretary in accordance with accounting practices as established by the finance and administration cabinet.

(2) Any person who engages in surface coal mining operations without first securing a permit, as provided in KRS 350.060, or any person who engages in coal exploration operations, exclusive of core drilling, without proper authorization, as required by the cabinet pursuant to KRS 350.057 or regulations promulgated pursuant thereto, or any person who engages in mining operations, without proper authorization as required by the cabinet pursuant to KRS 350.029 or regulations promulgated pursuant thereto, shall be liable to a civil penalty for damages to the Commonwealth of not less than five thousand dollars ($5,000) nor more than twenty-five thousand dollars ($25,000) and in addition, may be enjoined from continuing such violations as hereinafter provided. Each day shall constitute a separate violation. However, the penalties provided for in subsection (1) of this section shall apply in lieu of the penalties provided for in this subsection where an operator through inadvertence has exceeded the boundaries or expiration date of the permit in effect at that time.

(3) It shall be the duty of the cabinet's office of general counsel or, upon the secretary's request, of the attorney general to bring an action for the recovery of the penalties herein provided for and to bring an action for a restraining order, temporary or permanent injunction, against any operator or other person violating or threatening to violate any of the provisions of this chapter or violating or threatening to violate any order or determination promulgated pursuant to the provisions of this chapter. The Franklin Circuit Court shall hold concurrent jurisdiction and venue of all civil and injunctive actions instituted by the cabinet or by the attorney

general on its behalf for the enforcement of the provisions of this chapter or the orders, rules, and regulations of the cabinet promulgated pursuant thereto.

(4) Any person who shall knowingly and willfully violate any of the provisions of this chapter, except as provided in subsection (5) of this chapter or any determination or order promulgated pursuant to the sections of this chapter which have become final shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than ten thousand dollars ($10,000) or by imprisonment for not more than one (1) year, or both. Each day on which such violation occurs may constitute a separate offense.

(5) Any person who, in violation of KRS 350.060, willfully and knowingly engages in surface coal mining operations without first obtaining a permit from the cabinet or any person who willfully and knowingly engages in coal exploration operations, exclusive of core drilling, without proper authorization, as required by the cabinet pursuant to KRS 350.057 or regulations promulgated pursuant thereto, or any person who willfully and knowingly engages in mining operations without proper authorization as required by the cabinet pursuant to KRS 350.029 or regulations promulgated pursuant thereto, with the intent to violate such laws shall be guilty of a Class D felony and upon conviction thereof shall be imprisoned for at least one (1) but not more than five (5) years and may be fined an amount not to exceed ten thousand dollars ($10,000).

(6) Any person who violates any of the provisions of KRS 350.600 or regulations promulgated pursuant thereto shall be subject to civil penalties of not more than twenty-five thousand dollars ($25,000). Each day of continuing violation shall be deemed a separate violation.

(7) Any person who knowingly makes any false statement, representation or certification, or knowingly fails to make any statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained by the cabinet, shall upon conviction be guilty of a misdemeanor and shall be imprisoned for a term of up to one (1) year, or be fined not more than ten thousand dollars ($10,000), or both.

(8) Except as permitted by law, any person who shall willfully resist, prevent, impede, or interfere with the secretary or other personnel of the cabinet in the performance of duties pursuant to this chapter shall, upon conviction, be fined not more than five thousand dollars ($5,000) or imprisoned for not more than one (1) year, or both.

(9) Whenever a corporate permittee violates any provision of this chapter or regulation issued pursuant thereto or fails or refuses to comply with any final order issued by the secretary, any director, officer, or agent of such corporation who willfully and knowingly authorized, ordered, or carried out such violation, failure or refusal shall be subject to the same civil penalties, fines, and imprisonment as may be imposed upon a person pursuant to this section.

(10) Any person found in violation of KRS 350.060(11) shall be fined not more than five hundred dollars ($500) for each violation, nor less than fifty dollars ($50).

~~(2)~~] Residents of Kentucky, who are members of the armed forces, or dependents of members of the armed forces, may apply for an absentee ballot by means of the federal post card application. Such applications may be used to register, re-register and to apply for an absentee ballot. If the federal post card application is received at any time not less than seven (7) days before the election, the county clerk shall affix his seal to such application form upon receipt.

(2) Application for an absentee ballot made subsequent to the provisions of subsection (1) of this section shall be restricted to the use of the voter or the spouse, parents or dependent children of the voter. The outer envelope shall bear the words "*Special or Absentee* [~~Absent Voter's~~] Ballot" and the address and official title of the county clerk and shall provide space for the voter's signature, voting address and precinct number. A detachable flap on the inner envelope shall provide space for the voter's signature, voting address, precinct number and notice of penalty provided in KRS 117.995(4). The clerk shall type the voter's address and precinct number in the upper left hand corner of the [~~absent voter's~~] outer envelope and of the detachable flap on the inner envelope immediately below the blank space for the voter's signature. The inner envelope shall be blank. The clerk shall retain the application until thirty (30) days after the election.

(4) A list of persons to whom absentee ballots are *provided* [~~mailed~~] shall be posted in the clerk's office, for public inspection, and a list shall be included in the supplies sent to each precinct on election day and shall be posted at the polling place throughout the voting hours on election day.

(5) Any person who has *received* [~~been mailed~~] an *absentee* [~~absent voter's~~] ballot but who shall be in his voting precinct on election day may cancel his *absentee* [~~absent~~] ballot and vote in person if he appears at the county clerk's office at least seven (7) days prior to election day and returns his absent ballot. Upon such personal appearance of the voter, the clerk shall mark on the outer envelope of the sealed ballot or the unmarked ballot the words "Cancelled because voter appeared to vote in person." Sealed envelopes so marked shall not be opened. The clerk shall remove the voter's name from the list of persons who were sent absentee ballots, and the voter may vote in the precinct in which he is properly registered.

Section 7. KRS 117.086 is amended to read as follows:

(1) The [~~absent~~] voter *utilizing a special, or absentee, ballot* shall mark his ballot, seal it in the inner envelope and then in the outer envelope and *return* [~~mail~~] it to the county clerk *as shall be provided by this chapter.* The [~~absent~~] voter shall sign the detachable flap and the outer envelope in order to validate the [~~absent~~] ballot. It shall be received by the clerk before 3:00 p.m. standard time on election day in order to be counted.

(2) The clerk shall deposit all of the returned ballots in a locked ballot box immediately upon receipt without opening the outer envelope. The ballot box shall be locked with three (3) locks. The keys to the box shall be retained by the three (3) members of the central *special* [~~absentee~~] ballot counting board, if one is appointed, or by the members of the board of elections, and the box shall remain locked until the ballots are counted.

(3) The clerk shall keep a list of all persons who return their voted [~~absentee~~] ballots, and send a copy of that list to the state board after election day. The county clerk and the secretary of state shall keep a record of the number of *special* [~~absentee~~] ballots cast in any election as a part of the official returns of the election.

Section 8. KRS 117.087 is amended to read as follows:

(1) The challenge of *a special* [~~an absent voter's~~] ballot must be in writing and in the hands of the county clerk before 3:00 p.m. on election day.

(2) The county board of elections shall count the *special* [~~absentee~~] ballots. The board may appoint a central *special* [~~absentee~~] ballot counting board of not less than three (3) members, who shall be qualified voters and no more than two-thirds (2/3) of which shall be members of the same political party, to count the ballots at the direction of the county board of elections.

(3) Beginning at 3:00 p.m. on election day the board may meet at the clerk's office to count the *special* [~~absentee~~] ballots. Candidates or their representatives shall be permitted to be present. The county board of elections shall authorize representatives of the news media to observe the counting of *special* [~~absent voters'~~] ballots. The board shall open the boxes containing *special* [~~absent voters'~~] ballots and remove the envelopes one (1) at a time. As each envelope is removed, it shall be examined to ascertain whether the outer envelope and the detachable flap are in proper order and have been signed by the [~~absent~~] voter. All unsigned *special* [~~absentee~~] ballots shall be rejected automatically. The clerk shall compare the signatures on the outer envelope and the detachable flap with the signature of the voter that appears on the registration card. If the outer envelope and the detachable flap are found to be in order the clerk shall read aloud the name of the [~~absent~~] voter. If the vote of such voter is not rejected on a challenge then made as provided in subsection (4), the clerk shall then remove the detachable flap and place the inner envelope unopened in a ballot box which has been provided for the purpose.

(4) When the name of *a* [~~an absent~~] voter is read aloud by the clerk, the vote of such voter may be challenged by any board member or by the written challenge provided in subsection (1) of this section and the challenge thereto may be determined and the [~~absentee~~] vote accepted or rejected by the board as if the voter was present and voting in person, but if the outer envelope and the detachable flap are regular, and substantially comply with the provisions of this chapter, they shall be considered as showing that the [~~absent~~] voter is prima facie entitled to vote. If the vote of *a* [~~an absent~~] voter is rejected pursuant to the challenge, the outer envelope shall not be opened, and the clerk shall write on the envelope the word "rejected."

(5) After the challenges have been made and all the blank inner envelopes have been placed in a ballot box, the box shall be thoroughly shaken so as to redistribute the ballots in the box. The board shall then open the ballot box, remove the *special* [~~absentee~~] ballots from the inner envelopes, count and record the *special* [~~absentee~~] ballot votes on a form provided by the state board.

(6) The county clerk shall retain the ballots, detachable flaps and the outer envelopes for thirty (30) days, at which time they shall be burned by the county board of elections. If a contest or recount proceeding is instituted during said thirty-day period, the ballots shall not be burned but shall be disposed of as directed by the court in which such proceeding was instituted.

(7) The county board of elections shall make public the *special* [~~absentee~~] ballot results after 6:00 p.m.

Section 9. KRS 117.235 is amended to read as follows:

(1) No person, other than the election officers and challengers, shall be permitted within the voting room while the vote is being polled, except for the purpose of voting or except by authority of the election officers to keep order and enforce the law.

(2) No officer of election shall do any electioneering on election day.

(3) No person shall do any electioneering *within one thousand (1,000) feet of the voting machine on the day of any primary or regular or special election. Electioneering may be conducted outside such one thousand (1,000) foot distance* [~~at the polling place on election day unless the fiscal court or legislative body of an urban-county government specifically authorizes by ordinance on a county wide basis electioneering and establishes the distance from the polling place where such electioneering may be permitted, but in no case shall electioneering be allowed within a fifty (50) foot perimeter of the voting machine~~]. Electioneering shall include the displaying of signs, the distribution of campaign literature, cards or handbills, the soliciting of signatures to any petition, or the solicitation of votes for or against any candidate or question on the ballot in any manner.

(4) No voter shall be permitted to converse with others while in the voting room concerning their support or nonsupport of any candidate, party or issue to be voted on, except as provided in KRS 117.255.

(5) The election sheriff, under the supervision of the precinct election judges, shall maintain law and order within a *one thousand (1,000)* [~~fifty (50)~~] foot perimeter of the voting machine. Assistance may be requested of any law enforcement officer.

Section 10. KRS 117.255 is amended to read as follows:

(1) The voter shall be instructed by the officers of election, with the aid of the instruction cards and the model, in the use of the machine, if the voter so requests.

(2) No voter shall be permitted to receive any assistance in voting at the polls unless he makes and signs an oath that, by reason of inability to read English, or by reason of blindness or other physical disability he is unable to vote without assistance. Upon making and filing with the judges such oath, the voter shall retire to the voting machine, with the judges, and one (1) of the judges shall then, in the presence of the other and the voter, operate the machine as the voter directs. The disabled person applying to vote may, if he prefers, be assisted by a person of his own choice who is not an election officer, *except that the voter's employer or agent of that employer or officer or agent of that voter's union shall not assist the voter, nor shall a person assist more than two (2) voters on the date of any primary or regular or special election.* The clerk shall swear the person accompanying the disabled or blind voter to operate the voting machine in accordance with the directions of the disabled or blind voter, and the disabled or blind voter and the person sworn shall then enter the voting booth and the one so sworn shall operate the machine for the disabled or blind voter as he directs. Voting booth shall mean an area in which a voter casts his vote which is designed in such a manner that the secrecy of the vote is insured. No voter shall be assisted under this subsection unless the judges and the sheriff of election are satisfied of the truth of the facts stated in the oath. The voter shall state in his oath the specific physical disability that requires him to receive assistance, and the judges of election shall enter in writing, on a record of assisted voters, the voter's name and the specific physical disability which required him to receive assistance.

(3) No voter shall be permitted to occupy the voting machine more than two (2) minutes if other voters are waiting to use it.

(4) In primary elections, before a voter is permitted to use the voting machine, a judge of the election shall adjust the machine so that the voter will only be able to vote for the persons for whom the voter is qualified to vote.

(5) If the machine is so constructed as to require adjustment after one (1) person has voted before another person may vote, the judges of election shall so adjust it after each person has voted.

(6) The election officers shall constantly maintain a watch in order to prevent any person from voting more than once.

(7) In elections for president and vice president, if a voter is eligible to vote only for the office of president and vice president a judge of the election shall adjust the machine so that the voter will only be able to vote for president and vice president.

(8) If supplemental paper ballots have been approved, as provided in KRS 118.215, the voter shall vote his ballot in privacy in a booth provided for that purpose by the county clerk. If the voter spoils his ballot, he shall return the spoiled paper ballot to an election official who shall stamp the ballot "Spoiled," initial and place the spoiled ballot in an envelope provided for that purpose. The voter shall then be issued a second supplemental paper ballot. Upon completion of voting, the voter shall remove the numbered stub from the ballot, hand the stub to an election official and deposit the voted ballot in the locked ballot box in the presence of precinct election officials.

Section 11. KRS 117.265 is amended to read as follows:

(1) A voter may, at any general or special election, cast a write-in vote for any person whose name does not appear upon the ballot label as a candidate, by writing the name of his choice upon the appropriate device for the office being voted on provided on the voting machine as required by KRS 117.125. *Any* [~~An absentee~~] voter

utilizing a special, or absentee, ballot may write in a vote for any person whose name does not appear upon the [~~special~~] ballot, by writing the name of his choice under the office.

(2) Two (2) election officers of opposing parties shall upon the request of any voter instruct such voter on how to cast a write-in vote.

(3) This provision does not apply to elections for president and vice-president of the United States where the vote is cast for presidential electors rather than the candidate, nor does it apply to elections for municipal offices conducted pursuant to KRS 83A.170.

Section 12. KRS 117.995 is amended to read as follows:

(1) Any person who violates any provision of this chapter, or who willfully does any act that will accomplish a result intended to be prevented, or that will prevent from being accomplished a result intended to be permitted, shall be fined not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000), or imprisoned in the county jail for not more than one (1) year, or both.

(2) Any county clerk, member of the county board of elections or any election officer who willfully violates any of the provisions of this chapter, *including furnishing applications for special, or absentee, ballots to persons other than those specified by the provisions of this chapter and failure to type the name of the voter on the application form as required by the provisions of this chapter, and including failure to enforce the prohibition against electioneering established by KRS 117.235,* shall be confined in the penitentiary for not less than one (1) nor more than three (3) years.

(3) Any officer who willfully or neglectfully fails to prepare or furnish ballot labels or special ballots or fails to allow a qualified voter to cast his vote on the machine as required of him by this chapter shall be fined not less than one thousand dollars ($1,000) nor more than two thousand dollars ($2,000) for each offense, and in addition thereto may be confined in the county jail for not less than sixty (60) days nor more than six (6) months.

(4) Any person who signs a name other than his own on an application for *a special, or* [~~an~~] absentee, ballot or on the verification form for *such* [~~an absentee~~] ballot, or any person who votes *such* [~~an absentee~~] ballot other than the one issued in his name, or any person who applies for *such* [~~an absentee~~] ballot for the use of anyone other than himself or *such person as shall be designated by the provisions of this chapter* [~~his spouse~~], or any person who makes a false statement on an application for *such* [~~an absentee~~] ballot shall be fined not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000) or imprisoned in the county jail for not more than one (1) year, or both.

(5) Any person who violates any provision of KRS 117.235 related to prohibited activities on election day after he has been duly notified of such provisions by the sheriff of the election precinct shall, *for each offense,* be fined not *less than one hundred dollars ($100) nor* more than *one thousand* [~~fifty~~] dollars *($1,000) or imprisoned in the county jail for not more than one (1) year, or both* [~~($50) for each offense~~].

Section 13. KRS 118.035 is amended to read as follows:

(1) The polls shall be opened at 6:00 a.m., prevailing time, and remain open continuously until 6:00 p.m., prevailing time. Any voter who is waiting in line at the polls to cast his vote at closing time, and who has been unable to cast his vote before closing time because of the large numbers of voters casting their votes, shall be allowed to cast his vote as soon after closing time as practicable; provided however, that no vote shall be cast after 7:00 p.m. No voter who arrives at the polls after 6:00 p.m., prevailing time, shall be allowed to cast his vote.

(2) Any person entitled to a vote at any election in this state shall, if he has made application for leave prior to the day *he appears before the county clerk to request an application for an absentee ballot or prior to the day* of election, be entitled to absent himself from any services or employment in which he is then engaged or employed for a period of four (4) hours on the day *he appears before the clerk during normal business hours of the office of the clerk or on the day* of the election[~~,~~] between the time of opening and closing the polls. Such person shall not, because of so absenting himself, be liable to any penalty. The employer may specify the hours during which the employe may absent himself. Sealed envelopes so marked shall not be opened. The clerk shall remove the voter's name from the list of persons who were sent *special* [~~absentee~~] ballots, and the voter may vote in the precinct in which he is properly registered.

It shall be received by the clerk before 3:00 p.m. standard time on election day in order to be counted.

(2) The clerk shall deposit all of the returned ballots in a locked ballot box immediately upon receipt without opening the outer envelope. The ballot box shall be locked with three (3) locks. (3) The clerk shall keep a list of all persons who return their voted [~~absentee~~] ballots, and send a copy of that list to the state board after election day. The county clerk and the secretary of state shall keep a record of the number of *special* [~~absentee~~] ballots cast in any election as a part of the official returns of the election.

Section 8. KRS 117.087 is amended to read as follows:

(1) The challenge of *a special* [~~an absent voter's~~] ballot must be in writing and in the hands of the county clerk before 3:00 p.m. on election day.

(2) The county board of elections shall count the *special* [~~absentee~~] ballots. The board may appoint a central *special* [~~absentee~~] ballot counting board of not less than three (3) members, who shall be qualified voters and no more than two-thirds (2/3) of which shall be members of the same political party, to count the ballots at the direction of the county board of elections.

(3) Beginning at 3:00 p.m. on election day the board may meet at the clerk's office to count the *special* [~~absentee~~] ballots. All unsigned *special* [~~absentee~~] ballots shall be rejected automatically. The clerk shall compare the signatures on the outer envelope and the detachable flap with the signature of the voter that appears on the registration card. If the outer envelope and the detachable flap are found to be in order the clerk shall read aloud the name of the [~~absent~~] voter. If the vote of such voter is not rejected on a challenge then made as provided in subsection (4), the clerk shall then remove the detachable flap and place the inner envelope unopened in a ballot box which has been provided for the purpose.

(4) When the name of *a* [~~an absent~~] voter is read aloud by the clerk, the vote of such voter may be challenged by any board member or by the written challenge provided in subsection (1) of this section and the challenge thereto may be determined and the [~~absentee~~] vote accepted or rejected by the board as if the voter was present and voting in person, but if the outer envelope and the detachable flap are regular, and substantially comply with the provisions of this chapter, they shall be considered as showing that the [~~absent~~] voter is prima facie

entitled to vote. If the vote of *a* [~~an absent~~] voter is rejected pursuant to the challenge, the outer envelope shall not be opened, and the clerk shall write on the envelope the word "rejected."

(5) After the challenges have been made and all the blank inner envelopes have been placed in a ballot box, the box shall be thoroughly shaken so as to redistribute the ballots in the box. The board shall then open the ballot box, remove the *special* [~~absentee~~] ballots from the inner envelopes, count and record the *special* [~~absentee~~] ballot votes on a form provided by the state board.

(6) The county clerk shall retain the ballots, detachable flaps and the outer envelopes for thirty (30) days, at which time they shall be burned by the county board of elections. If a contest or recount proceeding is instituted during said thirty-day period, the ballots shall not be burned but shall be disposed of as directed by the court in which such proceeding was instituted.

(3) No person shall do any electioneering *within three hundred (300) feet of the entrance to a building which houses a voting machine on the day of any primary or regular or special election, except that* [~~at the polling place on election day unless~~] the fiscal court or legislative body of an urban-county government *may increase such distance to a maximum of one thousand (1,000) feet of the entrance to a building which houses a voting machine* [~~specifically authorizes by ordinance on a county wide basis electioneering and establishes the distance from the polling place where such electioneering may be permitted, but in no case shall electioneering be allowed within a fifty (50) foot perimeter of the voting machine~~]. (1) The voter shall be instructed by the officers of election, with the aid of the instruction cards and the model, in the use of the machine, if the voter so requests.

(2) No voter shall be permitted to receive any assistance in voting at the polls unless he makes and signs an oath that, by reason of inability to read English, or by reason of blindness or other physical disability he is unable to vote without assistance. Upon making and filing with the judges such oath, the voter shall retire to the voting machine, with the judges, and one (1) of the judges shall then, in the presence of the other and the voter, operate the machine as the voter directs. The clerk shall swear the person accompanying the disabled or blind voter to operate the voting machine in accordance with the directions of the disabled or blind voter, and the disabled or blind voter and the person sworn shall then enter the voting booth and the one so sworn shall operate the machine for the disabled or blind voter as he directs. Voting booth shall mean an area in which a voter casts his vote which is designed in such a manner that the secrecy of the vote is insured. No voter shall be assisted under this subsection unless the judges and the sheriff of election are satisfied of the truth of the facts stated in the oath. The voter shall state in his oath the specific physical disability that requires him to receive assistance, and the judges of election shall enter in writing, on a

record of assisted voters, the voter's name and the specific physical disability which required him to receive assistance.

(3) No voter shall be permitted to occupy the voting machine more than two (2) minutes if other voters are waiting to use it.

(4) In primary elections, before a voter is permitted to use the voting machine, a judge of the election shall adjust the machine so that the voter will only be able to vote for the persons for whom the voter is qualified to vote.

(5) If the machine is so constructed as to require adjustment after one (1) person has voted before another person may vote, the judges of election shall so adjust it after each person has voted.

(6) The election officers shall constantly maintain a watch in order to prevent any person from voting more than once.

(7) In elections for president and vice president, if a voter is eligible to vote only for the office of president and vice president a judge of the election shall adjust the machine so that the voter will only be able to vote for president and vice president.

(8) If supplemental paper ballots have been approved, as provided in KRS 118.215, the voter shall vote his ballot in privacy in a booth provided for that purpose by the county clerk. If the voter spoils his ballot, he shall return the spoiled paper ballot to an election official who shall stamp the ballot "Spoiled," initial and place the spoiled ballot in an envelope provided for that purpose. The voter shall then be issued a second supplemental paper ballot. Upon completion of voting, the voter shall remove the numbered stub from the ballot, hand the stub to an election official and deposit the voted ballot in the locked ballot box in the presence of precinct election officials.

Section 11. KRS 117.265 is amended to read as follows:

The successor shall have such fees, claims and accounts collected, or the *department for local government* [~~finance and administration cabinet~~] may, in its discretion, when said accounts, fees and claims are so delivered to the successor, appoint a person to collect them. If a collector is appointed, the successor shall at once, or when demanded by the collector, deliver to him all accounts, fees and claims uncollected. The successor or collector, as the case may be, shall, every sixty (60) days after receiving such accounts, fees and claims, report to the *department for local government* [~~finance and administration cabinet~~], under oath, the amount collected thereon, and at the same time pay to the *department for local government* [~~finance and administration cabinet~~] the amount so collected, and shall continue to so report for three (3) years, unless the accounts, fees and claims are sooner collected.

(2) The *department for local government* [~~finance and administration cabinet~~] shall, upon each payment, draw a warrant on the state treasurer in favor of the person collecting, for an amount equal to twenty percent (20%) of the amount so paid in, which shall be the full compensation allowed for such collection.

(3) If the amount paid to any such clerk during his term or incumbency was not sufficient to pay the salaries and office expenses of the clerk, the *department for local government* [~~finance and administration cabinet~~] shall, out of the money collected and paid in as provided in subsection (1) of this section, pay to the clerk, or to the person entitled to receive the same, an amount sufficient to supply the deficit due for salaries and expenses, not exceeding seventy-five percent (75%) of the amount of fees accrued during his official term and which have been collected and paid to the *department for local government* [~~finance and administration cabinet~~].

Section 15. KRS 64.055 is amended to read as follows:

(1) The salaries of circuit clerks, payable out of the state treasury per annum, subject to the minimum provided by subsection (2) and to the calculation provided by subsection (3) of this section, shall be:

Population of County	Annual Salary
0—4,999	$11,000
5,000—9,999	14,000
10,000—14,999	17,000
15,000—19,999	19,000
20,000—29,999	20,000
30,000—39,999	21,000
40,000—49,999	21,500
50,000—99,999	22,000
100,000—499,999	22,500
500,000 and up	25,000

(2) The annual compensation payable to each circuit clerk beginning on July 1, 1980 shall be $2,000 in excess of the annual compensation payable as of June 30, 1980; the annual compensation payable to each circuit clerk beginning on July 1, 1982, shall be two thousand dollars ($2,000) in excess of the annual compensation then otherwise payable including the amount calculated as the increase or decrease as provided by subsection (3) of this section.

(3) In order to equate or adjust the compensation of circuit clerks with the purchasing power of the dollar, the *department for local government* [~~finance and administration cabinet~~] shall compute by July 1 of every year, beginning on July 1, 1981, the annual increase or decrease in the consumer price index of the preceding year by using 1949 as the base year. Upon notification from the *department for local government* [~~finance and administration cabinet~~], the annual compensation of circuit clerks for fiscal year 1982 and each fiscal year thereafter shall be set at a rate which includes the adjustment for the increase or decrease in the consumer price index, but in no event shall a circuit clerk receive an annual increase exceeding six percent (6%) of salary.

For purposes of determining movement of circuit court clerk salaries from calendar year 1976 level to the maximums for calendar year 1978 as outlined above, the following guidelines should be used.

1. The actual calendar year 1976 salary of the circuit court clerk, as certified by the administrative office of the courts from information supplied by the auditor of public accounts, will be adjusted to the 1977 cost of living increase to be determined by the Kentucky department of economic development. This adjusted figure will be the base to compare with the salary maximums outlined above.

2. Those clerks whose base, as determined in 1. above, does not reach the maximums outlined above, will be allowed yearly increases up to twenty percent (20%) of the base, not to exceed the maximums outlined above.

3. Those clerks whose base, as determined in 1. above, is equal to or greater than the maximums outlined above, will be allowed a one time ten percent (10%) adjustment to their base salary as determined in 1. above.

4. The initial population determination for compensation under this section shall be based on the 1970 federal census or the "final" issue of "Current Population Reports, 1974" issued by the United States Bureau of the Census, whichever is greater. In 1981 and thereafter, population shall be based on the decennial census.

5. The annual salary for 1978 for each circuit court clerk shall be no less than seventy-five percent (75%) of the maximum amount permitted for each population category.

Section 16. KRS 64.070 is amended to read as follows:

(1) (a) Except as provided in KRS 441.540, an officer conveying a prisoner to the penitentiary shall be paid out of the state treasury the rate per mile paid state employes for official travel in privately owned vehicles, as established by regulation of the finance and administration cabinet, to be calculated by the nearest traveled route, and shall be paid all actual necessary expenses for feeding, lodging and transporting the prisoner.

(b) Upon the production of the receipt of the warden of the penitentiary for the delivery of a prisoner, and a complete verified account of all expenses incurred, giving the names of the guards employed and distance traveled, the *department for local government* [~~finance and administration cabinet~~] shall audit the account of the officer for conveying the prisoner and if found correct draw a warrant for its payment.

(2) (a) For conveying a prisoner charged with a felony from one (1) county to another, an officer shall receive the same mileage and expenses allowed for conveying a prisoner to the penitentiary, to be paid out of the state treasury except as provided in KRS 441.530.

(b) Upon the production of the receipt of the jailer of the county to which the prisoner is transferred, and a complete verified account of all expenses incurred, giving the names of the guards employed and the distance traveled, the *department for local government* [~~finance and administration cabinet~~] shall audit the account of the officer for conveying the prisoner and if found correct shall draw a warrant for its payment.

(3) (a) For arresting a person charged with a misdemeanor upon a warrant issued from another county, and conveying the person to the county jail of the county from which the warrant issued, an officer shall be paid out of the county treasury of such county the same mileage and expenses allowed for conveying a prisoner to the penitentiary.

(b) The officer shall present to the county judge/executive of the county from which the warrant issued a verified and itemized statement of his mileage and expenses and the county judge/executive shall direct the county treasurer to pay the same out of the county treasury.

(4) For conveying a prisoner charged with a felony to the jail of the county in which he was arrested an officer shall be paid out of the state treasury the rate per mile paid state employes for official travel in privately owned vehicles, as established by regulation of the finance and administration cabinet for each mile traveled in going and returning.

(5) The number of guards employed in conveying prisoners to the penitentiary or from one (1) county to another shall not exceed one (1) for every two (2) prisoners. Where only one (1) prisoner is conveyed no guard shall be employed, except that the circuit judge may appoint one (1) guard for each prisoner to the nearest railroad station.

Section 17. KRS 64.140 is amended to read as follows:

(1) Any sheriff may be entitled to receive an advancement to defray necessary official expenses and to apply to the payment of the salaries of himself and his deputies and assistants. The *commissioner of the department for local government* [~~secretary of the finance and administration cabinet~~] shall, on the first day of each calendar month, determine the necessary amount that may be advanced to the sheriff, which amount shall not exceed one-twelfth (1/12) of the total fees collected by the sheriff for the preceding year and may be for a less amount, and in no event shall it exceed thirty thousand dollars ($30,000) per month. When approved by the *commissioner of the department for local government* [~~secretary of the finance and administration cabinet~~], a warrant shall be drawn on the state treasury in favor of the sheriff for such advancement. At the end of each calendar year the sum of such advancements shall be deducted from the part of the total of fees and commissions paid into the state treasury by the sheriff, pursuant to section 106 of the constitution, that is available for use for the payment of the salaries of the sheriff, his deputies and assistants, and his necessary office expenses.

(2) If the office of sheriff becomes vacant, the sums advanced under this section shall be charged against that part of the fees and the commissions of the office of the sheriff that have been, or shall be, paid into the state treasury during the calendar year in which the advancements were made, and that is available for payment of the salaries of the sheriff, his deputies and assistants, and necessary expenses of his office.

(3) If the total of fees and commissions paid into the state treasury by the sheriff for any calendar year is insufficient to match the amount of advancements made to him, he and his sureties shall be liable to the state for any excess of advancements over the total of fees and commissions paid into the state treasury.

Section 18. KRS 64.345 is amended to read as follows:

(1) The county clerk and sheriff of each county having a population of 75,000 or over shall receive an annual salary of fourteen thousand three hundred dollars ($14,300).

(2) In counties containing a city of the first class and in counties having an urban-county form of government, the amount, if any, allowed for the necessary office expenses of each officer shall be fixed by an order entered upon the order book of the circuit court, and signed by the chief judge thereof. In counties containing a city of the first class, each sheriff's deputy who uses his own automobile in the performance of official duties shall be authorized an allotment for expenses incurred, up to a maximum of three hundred dollars ($300) per month, to be paid out of the fees and commissions of the sheriff's office. In all other counties with a population of 75,000 or more, the amount, if any, allowed for the necessary office expenses of each officer shall be fixed by the fiscal court by an order entered upon the fiscal court order book no later than January 15 of each year. A certified copy of the orders, and of any subsequent changes made therein, shall, as soon as entered, be forwarded to the *department for local government* [~~finance and administration cabinet~~].

(3) Each officer shall, on the first day of each month, send to the *department for local government* [~~finance and administration cabinet~~] a statement, subscribed and sworn to by him, showing the amount of money received or collected by or for him the preceding month, as fees or compensation for official duties, and shall, with such statements, send to the *department for local government* [~~finance and administration cabinet~~] the amount so collected or received. The *department for local government* [~~finance and administration cabinet~~] may extend the time for filing the statement and making the payment for a period not exceeding ten (10) days in any month.

(4) The salary of each officer and his deputies and assistants and his office expenses shall be paid semimonthly by the state treasurer upon the warrant of the *department for local government* [~~finance and administration cabinet~~] made payable to the officer. If seventy-five percent (75%) of the amount paid into the state treasury in any month by any of such officers is not sufficient to pay the salaries and expenses of his office for that month, the deficit may be made up out of the amount paid in any succeeding month; but in no event shall the amount allowed by the *department for local government* [~~finance and administration cabinet~~] to any officer for salaries and expenses exceed seventy-five percent (75%) of the amount paid to the *department for local government* [~~finance and administration cabinet~~] by the officer during his official term.

(5) In counties containing a city of the first class and in counties having an urban-county form of government, the number of deputies and assistants allowed to each officer and the compensation allowed to each deputy and assistant shall be fixed at reasonable amounts upon motion of each officer by an order entered upon the order book of the circuit court and signed by the chief judge thereof. In all other counties with a population of 75,000 or more, the number of deputies and assistants allowed to each officer and the compensation allowed to each deputy and assistant shall be fixed at reasonable amounts upon motion of each officer by the fiscal court by an order entered upon the fiscal court order book no later than January 15 of each year. Section 19. KRS 64.350 is amended to read as follows:

(1) In counties having a population of seventy-five thousand (75,000) or more, the salaries of the county clerks and sheriffs and of their deputies and all necessary office expenses, including the equipping, furnishing, maintaining and operation of the offices, shall be paid out of the state treasury in amounts not to exceed seventy-five percent (75%) of the fees collected by the officers respectively, and received into the treasury; and twenty-five percent (25%) of the fees collected by the officers respectively, and received into the state treasury shall be paid in the manner provided by law for the payment of other claims against the state to the fiscal courts or urban-county governments of the respective counties. The amount of twenty-five percent (25%) of the fees collected by the jailers during each calendar year shall be paid to the fiscal courts or urban-county governments of the respective counties by April 1 of each year succeeding the calendar year during which the fees were received by the *department for local government* [~~finance and administration cabinet~~]. The amount of twenty-five percent (25%) of the fees collected by the county clerks and sheriffs during each calendar year shall be paid

to the fiscal courts or urban-county governments of the respective counties quarterly no later than April 15, July 15, October 15 and January 15. Each payment shall be for the preceding three (3) months during which fees were received by the *department for local government* [~~finance and administration cabinet~~]. Adjustments necessary to insure that exactly twenty-five percent (25%) of fees collected are returned to the fiscal courts or urban-county governments shall be made in the January 15 payment. After payment of the salaries and expenses specified in this subsection, any remaining balance of the seventy-five percent (75%) of the fees collected by the officers respectively at the end of their official term shall be paid by the state treasurer to the fiscal courts or urban-county government of the respective counties, subject to the provisions of subsection (2) of this section.

(2) Notwithstanding the provisions of subsection (1), all sums received into the state treasury and representing seventy-five percent (75%) of the fees collected by the sheriffs specified in subsection (1) from any county in which a metropolitan correctional services department has been established shall be expended from the state treasury for the payment of the salaries and costs specified in subsection (1), and in Section 106 of the Constitution of Kentucky. After payment of the salaries and costs specified in this subsection, the remaining balance representing fees collected by sheriffs shall be paid by the state treasury to the fiscal court of the county in which a metropolitan correctional services department has been established by April 1 of each year succeeding the calendar year in which the fees were received by the *department for local government* [~~finance and administration cabinet~~].

Section 20. KRS 64.480 is amended to read as follows:

(1) Effective, with respect to the offices of governor on December 11, 1979, and lieutenant governor on the fifth Tuesday following the regular November election in 1975 and with respect to the other offices named in this section, on the first Monday in January, 1976, the compensation of the following named officers, payable monthly out of the state treasury, shall be the sum per annum designated for the respective offices, as follows: governor, forty-five thousand dollars ($45,000) until December 11, 1981, then fifty thousand dollars ($50,000) until December 13, 1983, and then sixty thousand dollars ($60,000) until January 1, 1985; lieutenant governor, an amount sufficient, when added to any per diem received during sessions of the general assembly while serving in the capacity of president of the senate, to equal twenty-seven thousand nine hundred dollars ($27,900) per annum, plus any compensation received while acting in the place of the governor; attorney general, superintendent of public instruction, commissioner of agriculture, secretary of state, state treasurer, auditor of public accounts, and clerk of the Supreme Court of Kentucky elected in November, 1975, as clerk of the Court of Appeals, twenty-seven thousand nine hundred dollars ($27,900).

(2) In order to equate or adjust the compensation of the lieutenant governor, attorney general, superintendent of public instruction, commissioner of agriculture, secretary of state, state treasurer, auditor of public accounts, and clerk of the Supreme Court of Kentucky with the purchasing power of the 1949 dollar, the *department for local government* [~~finance and administration cabinet~~] of Kentucky shall compute by the second Friday in February of every year, beginning in 1977, the maximum permissible compensation of the officials mentioned in subsection (2) hereof based precisely upon the consumer price index formula approved in Matthews v. Allen, Kentucky, 360 S.W. 2d 139 (1962). Thus the maximum permissible compensation effective for the entire year of 1977 and subsequent years will be the actual compensation to be paid said officials. The year of adjustment will be the particular full calendar year involved.

(3) It is the intention of the legislature that the constitutionally permissible adjustment of salaries of these officials be framed around equating current salaries with the purchasing power of the dollar in 1949 when section 246 of the Kentucky Constitution was amended. Section 246 of the Constitution, as amended, established a monetary level of twelve thousand dollars ($12,000) per annum for said officials. The formula merely effects an adjustment of the constitutional monetary level in terms of the current consumer price index.

(4) In order to adjust the compensation of the governor to reflect changes in the purchasing power of the dollar, the *department for local government* [~~finance and administration cabinet~~] shall compute by the second Friday in February of every year, beginning in 1985, an adjusted salary of the governor by multiplying sixty thousand dollars ($60,000) by the increase in the consumer price index during the period from January 1, 1984 to the beginning of the then-current calendar year. The actual compensation paid to the governor for the entire calendar year of 1985 and subsequent years shall be the adjusted salary.

Section 21. KRS 64.485 is amended to read as follows:

(1) The salary for each justice of the Supreme Court, payable out of the state treasury, shall be forty-nine

thousand dollars ($49,000) per annum, except for the salary of the chief justice of the Supreme Court which shall be fifty thousand dollars ($50,000) per annum.

(2) The salary of each judge of the Court of Appeals, payable out of the state treasury, shall be forty-seven thousand dollars ($47,000), with the exception of the chief judge of the Court of Appeals who shall receive a salary of forty-seven thousand five hundred dollars ($47,500).

(3) The salary of each circuit judge, payable out of the state treasury, shall be forty-five thousand dollars ($45,000) per annum.

(4) The salary of each district judge, payable out of the state treasury, shall be thirty-eight thousand five hundred dollars ($38,500) per annum.

(5) In order to equate or adjust the compensation of justices and judges of the court of justice with the purchasing power of the dollar, the *department for local government* [~~finance and administration cabinet~~] shall compute by July 1 of every year, beginning on July 1, 1981, the annual increase or decrease in the consumer price index of the preceding year by using 1949 as the base year. Upon notification from the *department for local government* [~~finance and administration cabinet~~], the annual salary of justices and judges of the court of justice for fiscal years 1982-1983 and 1983-1984 shall be set at a rate which includes the adjustment for the increase or decrease in the consumer price index, but in no event shall a justice or judge of the court of justice receive an annual increase exceeding five percent (5%) of salary.

Section 22. KRS 64.527 is amended to read as follows:

In order to equate the compensation of county judges/executive, county clerks, sheriffs, justices of the peace, county commissioners and coroners with the purchasing power of the dollar, the *department for local government* [~~finance and administration cabinet~~] shall compute by the second Friday in February of every year the annual increase or decrease in the consumer price index of the preceding year by using 1949 as the base year in accordance with Section 246 of the Constitution of Kentucky which provides that the above elected officials shall be paid at a rate no greater than seven thousand two hundred dollars ($7,200) per annum. The *department for local government* [~~finance and administration cabinet~~] shall notify the appropriate governing bodies charged by law to fix the compensation of the above elected officials of the annual rate of compensation to which the elected officials are entitled pursuant to the increase or decrease in the consumer price index. Upon notification from the *department for local government* [~~finance and administration cabinet~~], the appropriate governing body may set the annual compensation of the above elected officials at a rate no greater than that stipulated by the *department for local government* [~~finance and administration cabinet~~].

Section 23. KRS 64.770 is amended to read as follows:

(1) The county officials' compensation board is hereby created and shall consist of the *commissioner of the department for local government* [~~secretary of the finance and administration cabinet~~], the state-local finance officer, the president of each of the state associations of county clerks, county judges/executive, county attorneys, justices of the peace and commissioners, sheriffs, jailers, and coroners, three (3) members of the general assembly appointed by the governor from a list of possible appointees submitted to him by the legislative research commission, and two (2) citizens of the Commonwealth appointed by the governor. The legislative members shall be appointed for terms of two (2) years, unless their legislative term expires prior to the expiration of their term on the board, in which case a vacancy shall exist. Citizen members shall be appointed for terms of four (4) years. The terms of the members representing the state associations shall be identical to the term of their office as president of the state association. Vacancies shall be filled for the unexpired portion of any term in the same manner as an original appointment.

(2) The *commissioner of the department for local government* [~~secretary of the finance and administration cabinet~~] may, by written order filed with the chairman of the board, designate a deputy or other representative in his department to serve in his stead and to perform his duties as a member of the board in his absence. Such designation shall be deemed temporary and shall not affect the merit system or retirement rights of any person so designated. Other members may designate by proxy another person to serve in his stead. Such proxies shall clearly state the purpose and the length of time such proxies shall be in effect, but any such proxy shall be subject to immediate termination by the person initially authorizing the proxy. All proxies shall be filed with the chairman or secretary of the board.

(3) No salary or other compensation shall be allowed any member of the board, but each member or person

serving as a proxy may be reimbursed for actual and necessary expenses incurred in the performance of his official duties.

(4) The board shall select one (1) of its members as chairman and another member as vice-chairman at its first regular meeting in each calendar year. The *commissioner of the department for local government* [~~secretary of the finance and administration cabinet~~] or his designee shall be secretary of the board and the *commissioner of the department for local government* [~~secretary of the finance and administration cabinet~~] shall be responsible for administering the clerical functions of the board.

(5) The board may hold meetings once every three (3) months. Special meetings may be called by the chairman or by five (5) members of the board by delivery of a written notice to the office or residence of each member of the board at least ten (10) days in advance of the date of any special meeting. Five (5) members of the board shall constitute a quorum at any meeting. The board shall establish bylaws for the conduct of its meetings and shall keep an accurate record of all its proceedings.

(6) The board may employ and compensate such personnel and consultants as may be necessary to effectuate the provisions of KRS 64.780.

Section 24. KRS 64.990 is amended to read as follows:

(1) If any officer to whom KRS 64.050 applies, or his personal representative, trustee or committee, as the case may be, collects any fees, accounts or demands due him in his official capacity after the expiration of his term, or after he has resigned or died or vacated the office, or fails to deliver to his successor all the fees, claims and accounts due to him in his official capacity, he, or his personal representative, committee or trustee, as the case may be, shall be fined not less than five hundred dollars ($500) for each offense.

(2) If any successor or collector mentioned in subsection (1) of KRS 64.050 fails to make any report or pay the money collected to the *department for local government* [~~finance and administration cabinet~~], as required by subsection (1) of KRS 64.050, he shall be fined not less than five hundred dollars ($500) for each offense. If he knowingly omits or fails to report a correct statement of all money received or collected, or knowingly makes or subscribes any false statement concerning the same, he shall be imprisoned in the penitentiary for not less than one (1) nor more than five (5) years.

(3) If any deputy or personal representative issuing a fee bill pursuant to KRS 64.420 knowingly makes a wrong charge, or in any respect issues an illegal fee bill, he shall be subject to the same penalties as an officer issuing such a fee bill.

((4) Every fee bill containing one (1) illegal charge, or which, in any respect, is not according to what is required by law, shall be void for the whole amount.

(5) Any officer who splits up and divides his services so as to make two (2) charges, when the law intends but one (1) charge or fee for the whole service, or who knowingly makes an illegal charge, or issues an illegal fee bill, or collects or attempts to collect his fees twice for the same services, or by any indirection collects or attempts to collect more for his services than is allowed by law, shall be guilty of a high misdemeanor and fined not less than fifty dollars ($50) nor more than two hundred dollars ($200) and his conviction shall be prima facie evidence of his guilt in a proceeding to remove him from office.

The amount to be included for the 1986-87 school year in the Foundation Program of a district for teachers' salaries shall be determined by multiplying the number of teachers in each rank, not to exceed the number of classroom units allowed, by the amount set forth in the following schedule, for a term of 185 days for each rank:

20 years & over	26,480	24,340	22,190	13,860	12,780

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank for full-time service during the regular school year or the allotment under KRS 157.390(2) shall be reduced by an amount equal to the amount by which the district failed to meet salary requirements, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board of Education shall certify such contention to the Revenue Cabinet. Said Cabinet shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Revenue Cabinet shall then certify its determination to the State Board of Education, and said Board shall accept such certified determination as final.

The State Board of Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1986-87 and 1987-88 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for school foundation program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185 day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

Local school district personnel who are employed beyond the regular school term of 185 days shall be so employed in accordance with the provisions of KRS 157.390(2)(a) and 702 KAR 1:025. Funding for these extended employment days shall not exceed $21,411,000 in fiscal year 1986-87 and $23,455,800 in fiscal year 1987-88.

The allotment of any school district classroom units, pursuant to KRS 157.360(1) shall not exceed the number of teachers employed by that school district.

In fiscal year 1986-87, the allotments to school districts of basic classroom units for grades one (1) through three (3) shall be made on the basis of one for every twenty-three (23) pupils in average daily attendance and for grades four (4) through twelve (12) on the basis of one (1) for every twenty-seven (27) pupils in average daily attendance. In fiscal year 1987-88, the allotments to school districts for grades one (1) through three (3) shall be made on the basis of one (1) for every twenty-two (22) pupils in average daily attendance; the allotments to school districts for grades four (4) through six (6) shall be made on the basis of one (1) every twenty-six (26) pupils in average daily attendance; and the allotments to school districts for grades seven (7) through twelve (12) shall be made on the basis of one (1) for every twenty-seven (27) pupils in average daily attendance.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1986-87	1987-88
Vocational Education	2,538	2,538
Exceptional Children	4,285	4,360

Provided, however, that if the budgeted units in any category of classroom units—Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration—prove to be excessive, the surplus may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board of Education and the Secretary of the Finance and Administration Cabinet.

Kindergarten units shall be allotted in fiscal year 1986-87 and fiscal year 1987-88 on the basis of one for every two classes with 25 pupils in average daily attendance in each class. The number of units allotted shall be based on end of year prior year average daily attendance including the percent of kindergarten increase in average daily attendance the first two months of the current year over the first two months of the previous school year.

Included in this appropriation is $6,700,000 in fiscal year 1986-87 and $7,000,000 in fiscal year 1987-88 for a kindergarten aide for each kindergarten unit allotted.

The allotments of basic classroom units shall be made on the average daily attendance (ADA) for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions, (a) an average daily attendance of nine and six-tenths (9.6) in fiscal year 1986-87 and in fiscal year 1987-88 shall be deducted for each vocational education unit allotted, and (b) an average daily attendance of seven and two-tenths (7.2) in fiscal year 1986-87 and in fiscal year 1987-88 shall be deducted for each exceptional children unit allotted.

The total number of administrative and special instructional services (ASIS) units allotted under KRS 157.360(7) shall be the sum of the total allotted number of basic units, kindergarten units, vocational units, and exceptional children units divided by nine.

The State Board of Education shall promulgate regulations upon the recommendation of the Superintendent of Public Instruction which shall cause ASIS units to be allocated with first priority given to funding units required for accreditation, and second priority given to adding units for classroom instruction. The third priority of funding shall be given to other needs for ASIS units in local school districts.

Allotments for ASIS classroom units pursuant to KRS 157.360(7) shall only be for those personnel who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1986-88 biennium shall be determined by multiplying the number of classroom units by: $4,890 in the 1986-87 school year and $5,110 in the 1987-88 school year.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,800 in the 1986-87 school year and $1,800 in the 1987-88 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. The State Board of Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal years 1986-87 and 1987-88 shall lapse to the General Fund except where provisions to the contrary are provided in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase, of the total appropriation to the Foundation Program is subject to Part VI, General Provisions, of this Act, and the provisions of KRS Chapter 48.

Included in this appropriation is $6,000,000 in fiscal year 1985-86, $84,451,500 in fiscal year 1986-87, and $86,805,000 in fiscal year 1987-88 for the costs of transporting pupils to and from school. Calculations of the allotments of pupil transportation funds to school districts shall be made in accordance with KRS 157.370 and 157A.090, except that the total of the funds allotted under KRS 157.390(5) shall not exceed $84,451,500 in fiscal year 1986-87 and $86,805,000 in fiscal year 1987-88 provided, however, that these sums may be increased by any excess funds appropriated for the School Foundation Program, but no such increases shall exceed the total transportation cost calculated in accordance with KRS 157.370 and 157A.090, subject to the approval of the Superintendent of Public Instruction and the Secretary of the Finance and Administration Cabinet, except where provisions to the contrary are stated in this Act.

In the event that the funds appropriated for pupil transportation in fiscal year 1986-87 and fiscal year 1987-88 are insufficient to provide allotments to local school districts in accordance with KRS 157.370 and 157A.090, notwithstanding KRS 157.430, the allotments of funds for pupil transportation only to local school districts shall be ratably reduced without reducing other allotments under this appropriation.

Receipts which are received by each of the respective agencies of the State Government listed herein shall be placed to the credit of a Federal Fund out of which shall be established separate accounts for the use and benefit of these agencies of the State Government for purposes for which each fund is authorized. All Funds received shall be deposited in the State Treasury and credited to the proper account as provided by KRS Chapter 12, 42, 45, and 48.

In the event receipts received and credited to any Federal Fund account during fiscal year 1986-87 or fiscal year 1987-88, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed, by the sum of five percent (5%), the appropriation made by specific sum to said account for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said year only with the authorization of the State Budget Director of the Governor's Office for Policy and Management upon approval of the Secretary of the Finance and Administrative Cabinet; provided, however, that institutions of higher education may receive and expend all Federal Funds without limitation.

Except as herein otherwise provided, the appropriate agency may requisition for expenditure from the Federal Fund account, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1987, and during the fiscal year ending June 30, 1988, all receipts placed to the credit of the Federal Fund for such year, out of which has been established a Federal Fund account for each separate agency during such fiscal year, in addition to any balance which said agency may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet. On or before the beginning of each fiscal year, each agency, other than institutions of higher education, shall submit to the Finance and Administration Cabinet and the Legislative Research Commission schedules for each budget unit showing estimated receipts and estimated expenditures for the ensuing fiscal year, a comparison of any revised estimates with the amounts provided in the Executive Budget as adopted by the 1986 General Assembly, and statements which explain the occurrence of such variances.

In the event a budget unit not listed herein receives unanticipated monies, the Secretary of the Finance and Administration Cabinet, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity and use of such monies, may authorize, upon recommendation of the Governor's Office for Policy and Management the credit and expenditure of such funds for statutory purposes. The Secretary of the Finance and Administration Cabinet shall cause to be established a restricted account for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. The Secretary of the Finance and Administration Cabinet, in consultation with the Interim Joint Committee on Appropriations and Revenue, shall provide appropriate notice pursuant to this event to the Legislative Research Commission.

No state agency which shall be entitled to receive federal funds which would represent one hundred percent (100%) of the cost of a program in which the state participates shall decline to accept or receive such entitlement without notification to the Interim Joint Committee on Appropriations and Revenue of the Legislative Research Commission.

ROAD FUND SURPLUS EXPENDITURE PLAN

Pursuant to KRS 48.140, there is hereby established a plan for the expenditure of Road Fund tax receipts up to two and one-half percent (2.5%) in excess of the tax receipts estimate for the Road Fund as determined by subsection (3) of KRS 48.120. This Road Fund surplus expenditure plan provides for additional moneys for non-recurring expenditures of the Transportation Cabinet for which an appropriation was not made in this Appropriation Act, or for a program or service authorized by law for which an appropriation was not made or which program was not fully funded.

Whereas Road Fund tax receipts are appropriated for the operation, maintenance, and support of the Transportation Cabinet based on detailed estimates provided by the Revenue Cabinet in the amount of $506,440,000 in fiscal year 1986-87 and $516,250,000 in fiscal year 1987-88, therefore the General Assembly does hereby authorize the expenditure of excess receipts up to a maximum of $12,661,000 in fiscal year 1986-87 and $12,906,300 in fiscal year 1987-88 as provided in this Road Fund surplus expenditure plan.

The Secretary of the Finance and Administration Cabinet shall determine, after the close of each completed fiscal year, based on the official financial records of the Commonwealth, and in accordance with KRS 48.120, the amount of excess Road Fund tax receipts available for expenditure through the Road Fund surplus expenditure plan. The amount of excess receipts available shall be determined after all allocations required by statutory Road Fund revenue sharing programs have been adjusted pursuant to the applicable statutes. The Secretary of the Finance and Administration Cabinet shall communicate this information to the Secretary of Transportation in a timely manner.

The Secretary of Transportation is hereby authorized to expend these excess tax receipts, up to the amount reported by the Secretary of the Finance and Administration Cabinet, for the purposes stated herein, subject to the following restrictions. First, the available receipts shall be used for non-recurring State Construction or Resurfacing projects, or for equipment or other capital outlay purchases; then, to restore requested fund levels disallowed by the 1986 General Assembly; and then, to match discretionary Federal Aid Highway funds.

ROAD FUND BUDGET REDUCTION PLAN

Pursuant to KRS 48.130, there is hereby established a plan for the reduction of the Road Fund budget, by budget unit, in the event that projected or actual tax receipts accruing to the Road Fund are at least two and one-half percent (2.5%) but not more than five percent (5%) less than the revenue estimate for this fund as determined under subsection (3) of KRS 48.120.

Whereas Road Fund tax receipts are appropriated for the operation, maintenance and support of the Transportation Cabinet based on detailed estimates provided by the Revenue Cabinet in the amount of $506,440,000 in fiscal year 1986-87 and $516,250,000 in fiscal year 1987-88, therefore, in the event of an actual or projected deficit in tax receipts accruing to the Road Fund of less than $12,661,000 in fiscal year 1986-87 or $12,906,300 in fiscal year 1987-88, the Governor shall implement budget reductions on the Governor's own initiative, as prescribed in subsection (5) of KRS 48.130.

Whereas Road Fund tax receipts are appropriated for the operation, maintenance, and support of the Transportation Cabinet based on detailed estimates provided by the Revenue Cabinet in the amount of $506,440,000 in fiscal year 1986-87 and $516,250,000 in fiscal year 1987-88, therefore, in the event that projected or actual tax receipts accruing to the Road Fund are at least $12,661,000 but not more than $25,322,000 less than the revenue estimate in fiscal year 1986-87, or at least $12,906,300 but not more than $25,812,500 less than the revenue estimate in fiscal year 1987-88, the General Assembly does hereby authorize the implementation of this Road Fund budget reduction plan.

In the event funds that have accrued to the surplus account of the Road Fund are sufficient to meet the deficit, transfers from this surplus account shall be made, as appropriate, and the budget reduction provisions embodied in this Appropriation Act shall not be implemented.

In the event funds that have accrued to the surplus account of the Road Fund are not sufficient to meet the deficit, this Road Fund budget reduction plan shall be implemented. Allotments to the budget units of General Administration and Support, and Highways shall be reduced to the extent required to meet the deficit. The Secretary of Transportation shall determine the priority of reductions in order to protect the highest possible level of service, with the following restrictions. Allocations required by statutory Road Fund revenue sharing programs shall be adjusted pursuant to the applicable statutes. Appropriations for debt service on general obligation bonds and appropriations for lease rental payments to the Turnpike Authority of Kentucky shall be excluded from the reduction plan.

In the event that the provisions of this Road Fund budget reduction plan are implemented, the reporting procedures established in KRS 48.600 shall be observed.

In the event that Road Fund tax receipts increase over the estimated deficit, then services shall be restored in the reverse order of the reduced services.

In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any General Fund appropriated debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund. Those projects set forth under the subheading "higher education" are subject to the action and approval of the Council on Higher Education and subject to approval of the Finance and Administration Cabinet. The provisions of KRS 45.750 through 45.990 notwithstanding, it is the intent of the General Assembly that capital construction projects at institutions of higher education involving no state or federal funds, may be authorized between Regular Sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Construction and Equipment Purchase Oversight Committee receives prior notification.

Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance, and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Before any economic development bonds are issued, the proposed bond issue shall be approved by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission under the provisions of KRS 56.440-56.720. Administration of the Economic Development Bond program by the Secretary of Commerce is subject to the guidelines contained herein: 1) Project selection criteria are to be developed by the Secretary of Commerce. The criteria shall include but not be limited to such issues as: a project's job creation and/or job retention potential, degree of public and/or private local involvement, and potential project payback and/or contribution in retiring the associated debt obligation. 2) Projects of state agencies are not eligible for funding from this source unless expressly provided for in the appropriations act. 3) Project selection shall be documented when presented to the Secretary of Finance. Included in the documentation shall be the rationale for selection and expected economic development impact. 4) Following approval by the Secretary of Finance and Administration Cabinet and the State Property and Buildings Commission, the project shall be presented by the Commerce Cabinet to the next regularly scheduled Capital Construction and Equipment Purchase Oversight Committee meeting for information and review under the provisions of KRS 45.750-45.800.

Inasmuch as the identification of specific projects in a variety of areas of the State Government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly, to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development Projects, Handicapped Access, Fire and Life Safety, and Asbestos Litigation and Abatement projects. Any such projects estimated to cost over $200,000 and equipment estimated to cost over $50,000 shall be reported to the Capital Construction and Equipment Purchase Oversight Committee. All monies transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

There is hereby created an Asbestos Litigation and Abatement account in the Finance and Administration Cabinet. The Asbestos Litigation and Abatement account shall be for the purpose of depositing any funds received as a result of litigation involving the Commonwealth of Kentucky and asbestos manufacturers. Any funds received from a judgment or settlement from this litigation shall be used for all litigation support costs incurred as a result of this litigation and for cost of asbestos abatement in any building owned by the Commonwealth of Kentucky. In addition, all funds hereby identified in the Finance and Administration Cabinet 1986-88 appropriations expressly for the purpose of asbestos abatement shall be available for expenditure from the Asbestos Litigation and Abatement account.

PART VI

GENERAL PROVISIONS

1. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1986, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500 and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act except as provided by Chapters 12, 42, 56, 152, 177, and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed, unless otherwise provided by this Act.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation and legislative and executive records.

6. Any General Fund appropriation made herein in anticipation of a lack, loss, or reduction of Federal funds shall lapse to the General Fund to the extent such Federal Funds otherwise become available.

7. The Secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within seventy-five days upon adjournment of the 1986 General Assembly, to prepare a final budget document based upon the Executive Budget proposal as enacted by the 1986 General Assembly as well as other acts which provide appropriations for the 1986-88 biennium and based upon supporting documentation and legislative records as considered by the 1986 General Assembly. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary by the Governor's Office for Policy and Management for budget execution and oversight. The enacted budget document and any adjustments thereto approved by the Governor's Office for Policy and Management as provided in each part of this Act or by law, and any supporting documents, shall be communicated to the Interim Joint Committee on Appropriations and Revenue on a regular basis.

8. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated General Fund debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund.

9. In the event that funds become available to the Commonwealth pursuant to settlements of litigation brought by the U.S. Department of Energy for alleged overcharges for crude oil or refined petroleum products sold during the period of time in which federal price controls were in effect, and inasmuch as the identification of specific amounts cannot be ascertained with absolute certainty at this time and fifty percent (50%) of any such funds received are hereby appropriated to the Cabinet for Human Resources and the remaining fifty percent (50%) of such funds are hereby appropriated to the Energy Cabinet to be expended for the purposes permitted by federal law or judicial decrees. Both the Cabinet for Human Resources and the Energy Cabinet shall submit to the Governor and to the Legislative Research Commission a detailed report identifying the specific purposes and amounts to be expended prior to the submission of a plan to the U.S. Department of Energy. In addition, a quarterly report shall be made to both the Governor's Office for Policy and Management and the Legislative Research Commission regarding the actual expenditures of these funds.

10. It is the intent of the General Assembly that the Secretary of the Transportation Cabinet shall use Road Fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the Secretary of the Transportation Cabinet. However, in the event that Road Fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the Secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to meet the obligation.

11. A Budget Reserve Trust Fund is hereby established. There is appropriated from the General Fund, $50,000,000 for fiscal year 1986-87 and $50,000,000 for fiscal year 1987-88 to the Budget Reserve Trust Fund.

These funds shall be used in the event actual General Fund receipts during the 1986-87 fiscal year or the 1987-88 fiscal year are not sufficient to meet the General Fund appropriation levels authorized by this Act or other general biennial appropriations bills. In addition, allotments from the Budget Reserve Trust Fund may be made for items deemed to be emergency expenditures previously classified as Necessary Government Expenses.

No allotment or expenditure from the Budget Reserve Trust Fund shall be made except upon approval of the Governor of the Commonwealth. The Secretary of the Finance and Administration Cabinet shall communicate any allotment or expenditure from the Budget Reserve Trust Fund, in writing, to the Interim Joint Committee on Appropriations and Revenue.

Any unexpended balance remaining at the close of the 1986-87 fiscal year, shall not lapse, but shall continue into the 1987-88 fiscal year.

It is the intent of the General Assembly that the Budget Reserve Trust Fund established herein shall serve as the contingency plan for the 1986-88 budget pursuant to KRS 48.150.

12. There is hereby established a General Fund surplus expenditure plan for the Executive Branch of government for fiscal year 1986-87 and fiscal year 1987-88, pursuant to KRS 48.140. This plan is for the expenditure of excess General Fund revenue receipts up to two and one-half percent (2.5%) in excess of the revenue receipts estimate for the General Fund as determined by subsection (3) of KRS 48.120. This General Fund surplus expenditure plan provides for additional funds for non-recurring expenditures for Executive Branch offices, cabinets, departments, boards, commissions, institutions, subdivisions, agencies, and/or other state supported authorities for which an appropriation was not made in this Appropriation Act, or for a program or service authorized by law for which an appropriation was not made or for which program was not fully funded.

Whereas General Fund revenue receipts are appropriated for the operation, maintenance, and support of Executive Branch agencies based on detailed estimates provided by the Revenue Cabinet in the amount of $2,997,840,000 in fiscal year 1986-87 and $3,199,220,000 in fiscal year 1987-88, therefore the General Assembly does hereby authorize the expenditure of excess receipts up to a maximum of $74,946,000 in fiscal year 1986-87 and $79,980,000 in fiscal year 1987-88 as provided in this General Fund surplus expenditure plan.

The Secretary of the Finance and Administration Cabinet shall determine, after the close of each completed fiscal year, based on the official financial records of the Commonwealth, and in accordance with KRS 48.120, the amount of excess General Fund revenue receipts available for expenditure through the General Fund surplus expenditure plan. The amount of excess receipts available shall be determined after all allocations required by the Local Government Economic Assistance Fund pursuant to KRS 42.450 have been adjusted.

The Secretary of the Finance and Administration Cabinet is hereby authorized to direct the expenditure of these excess revenue receipts, for the purposes stated herein, subject to the following restrictions. First, in the event that appropriations which have been made to the Budget Reserve Trust Fund have been depleted in whole or in part, the Budget Reserve Trust Fund shall be restored to its original level of appropriation. Second, additional funds shall be provided for non-recurring capital construction, maintenance, major equipment items and/or other non-recurring capital outlay items, in an amount not to exceed $25,000,000, and for which an Executive Branch budget unit made a request for an appropriation but the appropriation was not made or fully funded in this Appropriation Act. Third, it is the intent of the General Assembly that the Secretary of the Finance and Administration Cabinet may direct the Secretary of the Transportation Cabinet to use Surplus Account funds to meet in whole or in part the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount authorized by the Transportation Cabinet pursuant to KRS 143.090.

13. Pursuant to KRS 48.130, there is hereby established a General Fund budget reduction plan for the Executive Branch of state government for fiscal year 1986-87 and fiscal year 1987-88. This plan shall provide for a reduction in the respective appropriations for the various Executive Branch budget units of State Government when projected revenue receipts accruing to the General Fund are estimated to be less than the final revenue estimates for the General Fund as determined by the official revenue estimate of the Secretary of the Revenue Cabinet of January 21, 1986, and as modified by the General Assembly.

All appropriation units and areas of the Executive Branch of state government shall be subject to the budget reduction plan. c. Community Services and Local Facilities

1985-86 .... $327,600

1986-87 .... $18,082,000

1987-88 .... $20,746,100

Included in the above appropriation is $434,000 in fiscal year 1987 and $456,000 in fiscal year 1988 for the expansion of the Intensive Supervision Program. It is the intention of the General Assembly that a separate account be established for the Intensive Supervision Program and that this cost and caseload data be available quarterly or upon request and that said data delineate, by officer, time and costs for each intensive clients and regular clients. It is recognized that the total program appropriation is sufficient to provide services to approximately 900 clients on a daily basis and it is the intention of the General Assembly that the Cabinet pursue, to the best of its ability, full use of the program for purposes of early parole, shock probation and parole revocation. To the extent that, at any given time, the program is not utilized fully for these targeted populations, it shall provide services for high-risk parolees on regular supervision. Specifically, it is intended that any Intensive Supervision officer with a caseload of less than 25 temporarily be assigned high-risk parolees from regular supervision so that his or her caseload totals 25. Selection and assignment of high-risk parolees will be the responsibility of the supervisor upon consultation with the officer. At such time that an officer receives additional intensive clients, the supervisor will coordinate the phasing back of the high-risk parolee into regular supervision. The officer's responsibility to a high-risk parolee, for the duration of that supervision, shall be the same as with a regular intensive client.

Also included in the above appropriation is $500,000 each year to hire 20 additional parole officers for the newly created Advanced Supervision Program. It is the intention of the General Assembly that these 20 officers will be assigned in urban, semi-urban and rural offices and will supervise caseloads of 50 persons who are classified as requiring maximum or medium supervision. It is intended that supervision for each client will consist of at a minimum: one quarterly meeting with the client and his family; three face-to-face office contacts per month; one home visit per month; one employment contact per month; and, weekly arrest record checks. In order to adequately evaluate the impact of this program, the Cabinet is instructed to furnish annual reports to the General Assembly on the numbers of participants and measures of success including number of participants completing supervision; number of participants with no new charges, revoked, reincarcerated or absconding; and, for each, a relative adjustment index. Evaluation of success must also provide geographical comparisons and levels-of-risk comparisons among Advanced Supervision clients and levels-of-supervision comparisons among Advanced Supervision, Intensive Supervision, and regular supervision.

Included in the above appropriation is $150,000 each year for the purpose of funding on a pilot basis the parolee drug and alcohol treatment program currently operated by volunteers on a limited basis in Louisville. It is the intention of the General Assembly that the Cabinet contracts with the current program staff for services and that the program be expanded in Louisville and a similar program implemented in Lexington; and that service-load, client completion, violation and recidivism data be collected, compiled and distributed by project staff.

Included in the above appropriation for Community Services and Local Facilities is a reserve pool of $100,000 for the Controlled Intake Program. It is intended that this pool be held in a separate account and allotments be available only if the total institutional populations on March 31 of years 1987 and 1988 are in excess of 6,126 and 6,618, respectively.

It is the intent of the General Assembly that the $927,000 in fiscal year 1986-87 and $954,800 in fiscal year

1987-88 for medical contracts be maintained in an individual account specifically for medical contracts and that a county must be certified by the Corrections Cabinet in order to receive its pro rated share. In order to obtain certification, a county must submit a notarized statement to the Cabinet which states that it has, to the best of its ability, investigated and obtained the most feasible medical contract or contracts possible. A copy of the contract shall be appended to the letter requesting certification. Upon receipt of the letter requesting certification, the Corrections Cabinet shall review and if approvable, distribute the funds as appropriate. If the contract is not approvable, the Cabinet must respond in writing to the county of its decision and basis for objection. In no event shall the Cabinet release funds without giving proper certification. In no event shall monies be expended for medical services or supplies that are not provided through an approved contract.

It is the intention of the General Assembly that $103,000 in fiscal year 1986-87 and $106,100 in fiscal year 1987-88 be maintained in a separate account for catastrophic medical expenses for indigents. It is the intention of the General Assembly that any medical claim which exceeds $2,500 may be reimbursed for that amount in excess of $2,500. In no event shall this apply to expenses of an elective, as opposed to emergency, basis and expenses shall be paid according to the Kentucky Medical Assistance Schedule.

No working budget or salary schedule shall be approved in which the average salary paid any rank of teachers is not at least equivalent to the allotment for that rank, or in which any teacher is paid less than ninety-three percent (93%) of the School Foundation Program allotment for that rank for full-time service during the regular school year or the allotment under KRS 157.390(2) shall be reduced by an amount equal to the amount by which the district failed to meet salary requirements, except where there is a decline in local revenue of the district concerned after it has levied the maximum ad valorem property tax rate permitted by law. Any such reduction permitted shall be only for the amount of the decline in local revenue.

In the event any local board of education contends there has been a decline in local tax resources in that district, the State Board of Education shall certify such contention to the Revenue Cabinet. Said Cabinet shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Revenue Cabinet shall then certify its determination to the State Board of Education, and said Board shall accept such certified determination as final.

The State Board of Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1986-87 and 1987-88 in which the total amount for 185 days on the salary schedule summary for School Foundation Program teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for school foundation program teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries received by the district under this appropriation for a 185 day school term by assuming the same classroom units and rank and experience of teachers in the current year as in the preceding year in each local school district.

Local school district personnel who are employed beyond the regular school term of 185 days shall be so employed in accordance with the provisions of KRS 157.390(2)(a) and 702 KAR 1:025. Funding for these extended employment days shall not exceed $21,023,000 in fiscal year 1986-87 and $21,083,000 in fiscal year 1987-88.

Included in the above appropriations are funds to extend the employment of all vocational agriculture units funded in the school foundation program to two hundred forty (240) days, in the event of passage of enabling legislation.

In fiscal year 1987-88, the allotments to school districts for grades one (1) through three (3) shall be made on the basis of one (1) for every twenty-two (22) pupils in average daily attendance; the allotments to school districts for grades four (4) through six (6) shall be made on the basis of one (1) every twenty-six (26) pupils in average daily attendance; and the allotments to school districts for grades seven (7) through twelve (12) shall be made on the basis of one (1) for every twenty-seven (27) pupils in average daily attendance.

Notwithstanding the provisions of KRS 157.360(5), (6), and (10) the allotments, provision for which is made under this Act, for classroom units shall be as follows:

	1986-87	1987-88

Exceptional Children	4,285	4,360

Provided, however, that if the budgeted units in any category of classroom units -- Vocational Education, Exceptional Children, Kindergarten, classroom units for elementary and secondary schools, and units related to school administration -- prove to be excessive, the surplus may be reallocated to any other category or categories by the Superintendent of Public Instruction, upon the approval of the State Board of Education and the Secretary of the Finance and Administration Cabinet.

Kindergarten units shall be allotted in fiscal year 1986-87 and fiscal year 1987-88 on the basis of one for every two classes with 25 pupils in average daily attendance in each class. The number of units allotted shall be based on end-of-year prior year average daily attendance including the percent of kindergarten increase in average daily attendance the first two months of the current year over the first two months of the previous school year.

Included in this appropriation is $6,700,000 in fiscal year 1986-87 and $7,000,000 in fiscal year 1987-88 for a kindergarten aide for each kindergarten unit allotted.

The total number of administrative and special instructional services (ASIS) units allotted under KRS 157.360(7) shall be the sum of the total allotted number of basic units, kindergarten units, vocational units, and exceptional children units divided by nine.

The State Board of Education shall promulgate regulations upon the recommendation of the Superintendent of Public Instruction which shall cause ASIS units to be allocated with first priority given to funding units required for accreditation, and second priority given to adding units for classroom instruction. The third priority of funding shall be given to other needs for ASIS units in local school districts.

Allotments for ASIS classroom units pursuant to KRS 157.360(7) shall only be for those personnel who are qualified for their respective positions under applicable provisions of law and regulations and who maintain programs which have been approved pursuant to applicable regulations.

The amount to be included in the Foundation Program for other current expenses in the 1986-88 biennium shall be determined by multiplying the number of classroom units by: $4,890 in the 1986-87 school year and $5,110 in the 1987-88 school year.

The amount to be included in the Foundation Program for capital outlay shall be determined by multiplying the number of classroom units by: $1,800 in the 1986-87 school year and $1,800 in the 1987-88 school year.

In accordance with the intent of KRS 162.060 and 162.160, no space shall be rented, purchased, or otherwise acquired and thereafter converted to classroom use without prior approval of the Superintendent of Public Instruction. The State Board of Education may adopt regulations for the housing of school children. No facilities shall be approved for classroom use which are detrimental to the health of or dangerous to the safety of school children.

If a school district operates any school or grade of a school for a term of less than 185 days in accordance with KRS 158.070, or for a school day of less than the minimum required by KRS 158.060, the average daily attendance of such school shall be reduced proportionately by the Superintendent of Public Instruction in determining the allotment of classroom units.

Any undistributed balance in the Foundation Program fund at the end of the fiscal years 1986-87 and 1987-88 shall lapse to the General Fund except where provisions to the contrary are provided in this Act.

The total appropriation for the School Foundation Program shall be measured by, or construed as, estimates of the state expenditures required by KRS 157.310 et. seq. If the required expenditures exceed these estimates, the Secretary of the Finance and Administration Cabinet, with approval of the Governor, may increase the appropriation by such amount as may be available and necessary to meet, to the extent possible, the required expenditures under the hereinabove cited sections of the Kentucky Revised Statutes; provided, however, that any such increase, of the total appropriation to the Foundation Program is subject to Part VI, General Provisions, of this Act, and the provisions of KRS Chapter 48.

Included in this appropriation is $6,000,000 in fiscal year 1985-86, $84,451,500 in fiscal year 1986-87, and $86,805,000 in fiscal year 1987-88 for the costs of transporting pupils to and from school. Calculations of the allotments of pupil transportation funds to school districts shall be made in accordance with KRS 157.370 and 157A.090, except that the total of the funds allotted under KRS 157.390(5) shall not exceed $84,451,500 in fiscal year 1986-87 and $86,805,000 in fiscal year 1987-88 provided, however, that these sums may be increased by any excess funds appropriated for the School Foundation Program, but no such increases shall exceed the total transportation cost calculated in accordance with KRS 157.370 and 157A.090, subject to the approval of the Superintendent of Public Instruction and the Secretary of the Finance and Administration Cabinet, except where provisions to the contrary are stated in this Act.

In the event that the funds appropriated for pupil transportation in fiscal year 1986-87 and fiscal year 1987-88 are insufficient to provide allotments to local school districts in accordance with KRS 157.370 and 157A.090, notwithstanding KRS 157.430, the allotments of funds for pupil transportation only to local school districts shall be ratably reduced without reducing other allotments under this appropriation.

It is the intent of this General Assembly to focus the Cabinet's resources, insofar as possible, on direct service provision, minimizing the state's reimbursement of indirect administrative expenses. To this end, a limit of 15% on indirect administrative cost is hereby established for all contracts, except Medicaid benefits, between the Cabinet and non-state government agencies and individuals.

This directive is inclusive of all contract types (with the exception noted below), including but not limited to cost reimbursement type contracts, competitively bid or negotiated fixed price contracts, program administration contracts, and personal service contracts. All contracts shall be offered for bid or negotiation in such a manner as to clearly indicate that the State will limit its reimbursement of indirect administrative cost to no more than 15% of the contract total. If indirect administrative cost exceeds these limits, the additional expense shall be the responsibility of the contract agency or individual, not the Commonwealth. The provision for allocation and definition of direct and indirect costs shall be set forth by administrative regulation.

In reference to contracts with Medicaid providers, the intent of this General Assembly is to minimize reimbursement that is not associated with direct medical care of the patient. To that end, the Department for Medicaid Services is directed to implement reimbursement policies which achieve this objective, within the bounds of federal law and regulation.

Auditors for the Cabinet and the State Auditor are hereby directed to complete audits of all Cabinet contracts, beginning with those effective July 1, 1986, and henceforth, with a statement of this intent as a criteria to be noted in such audit report.

2. the Secretary of the Cabinet for Human Resources certifies such fact and also documents why such service cannot be performed by state employees;

3. the Secretary of the Cabinet for Human Resources may waive the 15% limitation on indirect administrative cost for competitively bid contracts when such action results in the award of the lowest and best bid proposal; and

4. a listing of such contracts is submitted at the end of each fiscal year to the respective chairmen of the House and Senate Appropriations and Revenue Committees.

Any General Fund surplus occurring during Fiscal Year 1987 shall not lapse but be carried forward as a reserve account for replacement of any federal fund reductions from budgeted levels which may occur prior to January 1, 1988. Under the provisions of the Kentucky Law Enforcement Foundation Program Fund, an eligible local unit of government shall be entitled to receive a supplement to each qualified police officer's annual base salary from the Law Enforcement Foundation Program Fund, to be paid to each officer in addition to his regular salary as prescribed by KRS 15.460 and KRS 15.500. Included in the above appropriation is $8,500,000 in fiscal year 1986-87 and $8,925,000 in fiscal year 1987-88 receipts pursuant to KRS 136.392 for the purpose of the Kentucky Law Enforcement Foundation Program as enacted by the 1984 General Assembly. Also, included is $153,000 in fiscal year 1986-87 and $174,600 in fiscal year 1987-88 for the operation of the Kentucky Law Enforcement Council program and the administration of the Kentucky Law Enforcement Foundation Program Fund.

It is the intention of the General Assembly that no changes be made in the KLEFPF fund during the FY 1986-88 Biennium as there is the potential that should all currently eligible persons participate, the fund could not provide benefits at the current level. It is recommended that during the Biennium, the Department of Training pursue an aggressive policy of training the 1,000 eligible non-participants by providing local training, by arranging personnel substitutions through local or state law enforcement agencies, by studying the effect of requiring all agency members to participate, by studying any change resulting from not requiring the chief to pursue training, or any other means feasible in order to establish a reliable level of participation for future decision-making. It is also recommended that during the interim reliable measurements of fund receipts be developed for fund projections.

Receipts which are received by each of the respective agencies of the State Government listed herein shall be placed to the credit of a Federal Fund out of which shall be established separate accounts for the use and benefit of these agencies of the State Government for purposes for which each fund is authorized. All Funds received shall be deposited in the State Treasury and credited to the proper account as provided by KRS Chapter 12, 42, 45, and 48.

In the event receipts received and credited to any Federal Fund account during fiscal year 1986-87 or fiscal year 1987-88, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed, by the sum of five percent (5%), the appropriation made by specific sum to said account for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said year only with the authorization of the State Budget Director of the Governor's Office for Policy and Management upon approval of the Secretary of the Finance and Administrative Cabinet; provided, however, that institutions of higher education may receive and expend all Federal Funds without limitation.

Except as herein otherwise provided, the appropriate agency may requisition for expenditure from the Federal Fund account, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1987, and during the fiscal year ending June 30, 1988, all receipts placed to the credit of the Federal Fund for such year, out of which has been established a Federal Fund account for each separate agency during such fiscal year, in addition to any balance which said agency may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet. On or before the beginning of each fiscal year, each agency, other than institutions of higher education, shall submit to the Finance and Administration Cabinet and the Legislative Research Commission schedules for each budget unit showing estimated receipts and estimated expenditures for the ensuing fiscal year, a comparison of any revised estimates with the amounts provided in the Executive Budget as adopted by the 1986 General Assembly, and statements which explain the occurrence of such variances.

In the event a budget unit not listed herein receives unanticipated monies, the Secretary of the Finance and Administration Cabinet, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity and use of such monies, may authorize, upon recommendation of the Governor's Office for Policy and Management the credit and expenditure of such funds for statutory purposes. The Secretary of the Finance and Administration Cabinet shall cause to be established a restricted account for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. The Secretary of the Finance and Administration Cabinet, in consultation with the Interim Joint Committee on Appropriations and Revenue, shall provide appropriate notice pursuant to this event to the Legislative Research Commission.

No state agency which shall be entitled to receive federal funds which would represent one hundred percent (100%) of the cost of a program in which the state participates shall decline to accept or receive such entitlement without notification to the Interim Joint Committee on Appropriations and Revenue of the Legislative Research Commission.

Before any economic development bonds are issued, the proposed bond issue shall be approved by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission under the provisions of KRS 56.440-56.720. Administration of the Economic Development Bond program by the Secretary of Commerce is subject to the guidelines contained herein: 1) Project selection criteria are to be developed by the Secretary of Commerce. The criteria shall include but not be limited to such issues as: a project's job creation and/or job retention potential, degree of public and/or private local involvement, and potential project payback and/or contribution in retiring the associated debt obligation. 2) Projects of state agencies are not eligible for funding from this source unless expressly provided for in the appropriations act. 3) Project selection shall be documented when presented to the Secretary of Finance. Included in the documentation shall be the rationale for selection and expected economic development impact. 4) Following approval by the Secretary of Finance and Administration Cabinet and the State Property and Buildings Commission, the project shall be presented by the Commerce Cabinet to the next regularly scheduled Capital Construction and Equipment Purchase Oversight Committee meeting for information and review under the provisions of KRS 45.750-45.800.

Inasmuch as the identification of specific projects in a variety of areas of the State Government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly, to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development Projects, Handicapped Access, Fire and Life Safety, and Asbestos Litigation and Abatement projects. Any such projects estimated to cost over $200,000 and equipment estimated to cost over $50,000 shall be reported to the Capital Construction and Equipment Purchase Oversight Committee. All monies transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

There is hereby created an Asbestos Litigation and Abatement account in the Finance and Administration Cabinet. The Asbestos Litigation and Abatement account shall be for the purpose of depositing any funds received as a result of litigation involving the Commonwealth of Kentucky and asbestos manufacturers. Any funds received from a judgment or settlement from this litigation shall be used for all litigation support costs incurred as a result of this litigation, and for cost of asbestos abatement in any building owned by the Commonwealth of Kentucky, and $169,000 in fiscal year 1987 and $138,800 in fiscal year 1988 shall be appropriated from this fund to establish a training and certification program for contractors engaged in asbestos removal, to be administered by the Natural Resources and Environmental Protection Cabinet. In addition, all funds hereby identified in the Finance and Administration Cabinet 1986-88 appropriations expressly for the purpose of asbestos abatement shall be available for expenditure from the Asbestos Litigation and Abatement account. The General Fund shall be reimbursed for any General Fund expenditures for these same purposes from this account.

PART VI

GENERAL PROVISIONS

1. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1986, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500 and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

2. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

3. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the State and Federal Governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs.

4. All continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act except as provided by Chapters 12, 42, 56, 152, 177, and 341 of the Kentucky Revised Statutes. All laws and portions of laws in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed, unless otherwise provided by this Act.

5. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon the budget memorandum and supporting legislative and executive records.

6. Any General Fund appropriation made herein in anticipation of a lack, loss, or reduction of Federal funds shall lapse to the General Fund to the extent such Federal Funds otherwise become available.

7. The Secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within seventy-five days upon adjournment of the 1986 General Assembly, to prepare a final budget document based upon the Executive Budget proposal as enacted by the 1986 General Assembly as well as other acts which provide appropriations for the 1986-88 biennium and based upon supporting documentation and legislative records as considered by the 1986 General Assembly. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary by the Governor's Office for Policy and Management for budget execution and oversight. The enacted budget document and any adjustments thereto approved by the Governor's Office for Policy and Management as provided in each part of this Act or by law, and any supporting documents, shall be communicated to the Interim Joint Committee on Appropriations and Revenue on a regular basis.

8. In the event that any authorized capital construction and/or equipment purchase projects are cancelled it is the intent of the General Assembly that any appropriated General Fund debt service for those same projects shall remain unallotted and lapse to the credit of the General Fund.

9. In the event that funds become available to the Commonwealth pursuant to settlements of litigation brought by the U.S. Department of Energy for alleged overcharges for crude oil or refined petroleum products sold during the period of time in which federal pricelcontrols were in effect, all such receipts shall be credited to a low income energy assistance trust fund which is hereby established. Monies in this fund shall be invested and interest earnings shall accrue to this fund account. Investment income of the low income energy assistance fund is hereby appropriated to the Human Resources Cabinet to be expended only for weatherization and

related energy conservation activities. The Cabinet for Human Resources shall submit to the Governor and to the Legislative Research Commission a detailed report identifying the specific purposes and amounts to be expended. In addition, a quarterly report shall be made to both the Governor's Office for Policy and Management and the Legislative Research Commission regarding the actual expenditures of these funds.

10. It is the intent of the General Assembly that the Secretary of the Transportation Cabinet shall use Road Fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the Secretary of the Transportation Cabinet. However, in the event that Road Fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the Secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to meet the obligation.

11. A Budget Reserve Trust Fund is hereby established. There is appropriated from the General Fund, $50,000,000 for fiscal year 1986-87 and $50,000,000 for fiscal year 1987-88 to the Budget Reserve Trust Fund.

These funds shall be used in the event actual General Fund receipts during the 1986-87 fiscal year or the 1987-88 fiscal year are not sufficient to meet the General Fund appropriation levels authorized by this Act or other general biennial appropriations bills. In addition, allotments from the Budget Reserve Trust Fund may be made for items deemed to be emergency or mandated expenditures elsewhere provided for in this Act.

No allotment or expenditure from the Budget Reserve Trust Fund shall be made except upon approval of the Governor of the Commonwealth. The Secretary of the Finance and Administration Cabinet shall communicate any allotment or expenditure from the Budget Reserve Trust Fund, in writing, to the Interim Joint Committee on Appropriations and Revenue.

Any unexpended balance remaining at the close of the 1986-87 fiscal year, shall not lapse, but shall continue into the 1987-88 fiscal year.

12. There is hereby established a General Fund surplus expenditure plan for fiscal year 1986-87 and fiscal year 1987-88, pursuant to KRS 48.140. This plan is for the expenditure of excess General Fund revenue receipts up to two and one-half percent (2.5%) in excess of the revenue receipts estimate for the General Fund as determined by subsection (3) of KRS 48.120.

The Secretary of the Finance and Administration Cabinet shall determine, after the close of fiscal year 1985-86 and fiscal year 1986-87, based on the official financial records of the Commonwealth, and in accordance with KRS 48.120, the amount of excess unappropriated General Fund revenue receipts available for expenditure through the General Fund surplus expenditure plan. The amount of excess unappropriated receipts available shall be determined after all allocations required by the Local Government Economic Assistance Fund pursuant to KRS 42.450 have been adjusted.

The Secretary of the Finance and Administration Cabinet is hereby authorized to restore the Budget Reserve Trust Fund to its original level of appropriation in the event that appropriations which have been made to the Budget Reserve Trust Fund have been depleted in whole or in part. No further allotments shall be made for any other purpose.

13. Fiscal year 1985-86 General Funds appropriated by Chapter 418 of the Acts of the 1984 General Assembly to the Remediation Program in the Department of Education that are in excess of existing program needs may be used to fund the Writing-to-Read Lab program in fiscal year 1985-86. At least one Writing-to-Read lab will be placed in each school district in Kentucky. Selection of the school within each school district to receive the lab shall be based upon the school which has the lowest overall KES test scores for kindergarten, first and second graders. The maximum amount available to be used for this purpose shall not exceed $3,000,000.

14. No General Fund allotments to the Corrections Cabinet during the 1984-86 fiscal biennium shall be expended for the purpose of construction or operation of the Geriatrics/Special Needs Unit. The Secretary of Finance is directed to revert such allotments to the General Fund Surplus Account.

Part VII

General Fund Budget Reduction Plan

Pursuant to KRS 48.130, there is hereby established a General Fund Budget Reduction Plan for state government for fiscal year 1986-87 and fiscal year 1987-88. Direct services and obligations essential to the minimum level of constitutional functions are exempted.

In the event of an actual or estimated deficit in General Fund receipts of $2,997,840,000 for fiscal year 1986-87 and $3,199,220,000 for fiscal year 1987-88, the heads of the Executive, Judicial and Legislative Branches shall implement reductions for their respective branches as follows:

1. The Local Government Economic Assistance Fund shall be adjusted to equal revised estimates of receipts pursuant to KRS 42.450.

2. Allotments to the itemized budget units shall be reduced to the extent required to avoid a deficit in fiscal year 1986-87 up to the sum of $23,900,000 for the Executive Branch, $900,000 for the Judicial Branch and $200,000 for the Legislative Branch. Allotments to the itemized budget units shall be reduced to the extent required to avoid a deficit in fiscal year 1987-88 up to the sum of $26,300,000 for the Executive Branch, $1,000,000 for the Judicial Branch and $200,000 for the Legislative Branch. Such reductions shall be in allotments for the programs listed in section B, below, and shall not exceed the amounts listed for each respective program for each respective year.

3. If the allotment reductions made pursuant to paragraph 2., above, are insufficient to eliminate the actual or estimated deficit, then the allotment to the Budget Reserve Trust Fund shall be reduced up to $25,000,000 in each respective fiscal year.

4. If the allotment reductions pursuant to paragraphs 2. and 3., above, are insufficient to eliminate the actual or estimated deficit, then the allotment reductions provided for in paragraph 2., above, shall be repeated. However, in no event shall the total of the allotment reductions made pursuant to paragraph 2., above, and this paragrpah exceed the amounts listed in section B, below, for each respective program for each respective fiscal year.

(2) The mortgage referred to in subsection (1) of this section may secure any additional indebtedness, whether direct, indirect, existing, future, contingent or otherwise, to the extent expressly authorized by the mortgage, if the mortgage by its terms stipulates the maximum additional indebtedness which may be secured thereby. *Except as provided in subsection (3) of this section,* the mortgage lien authorized by this subsection shall be superior to any liens or encumbrances of any kind created after recordation of such mortgage, even to the extent of sums advanced by a lender with actual or constructive notice of a subsequently created lien, provided, however, any mortgagee upon *receipt of a written* request of a mortgagor must release *of record the* [~~that amount of a~~] lien to secure additional indebtedness *to the extent described in such request* [~~as exceeds the balance of such additional indebtedness at the time of such request~~].

"Section 5. KRS 161.600 is amended to read as follows:

(1) Effective July 1, 1978, a member of the retirement system may qualify for service retirement by meeting either of the following requirements:

(a) Attainment of age fifty-five (55) years and completion of five (5) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941, or

(b) Completion of *twenty-seven (27)* [~~thirty (30)~~] years of Kentucky service, two (2) years of which are subsequent to July 1, 1941. [~~A member having less than thirty (30) years of service may retire with benefits reduced according to the following schedule:~~

~~29 years—90% of benefits~~

~~28 years—80% of benefits~~

~~27 years—70% of benefits.~~]

[~~(c)~~]

Benefits will be reduced in accordance with KRS 161.620 for persons qualifying under *paragraph* (a) *of this subsection* who are less than age sixty (60) years.

(2) Any member shall be automatically retired as of July 1 next following his seventieth (70th) birthday, providing, however, that a member reaching age seventy (70) and having fewer than five (5) years of Kentucky service, two (2) years of which are subsequent to July 1, 1941, shall receive a refund of the member's accumulated contributions as provided in KRS 161.470(6) in lieu of a retirement annuity.

(3) Any person who has been a teacher in Kentucky for twenty-seven (27) years or more and who withdraws from teaching after July 1, 1941, and before reaching the age of sixty-five (65) years may continue to pay into the fund each year, until the end of the fiscal year in which he reaches the age of sixty-five (65) years, the current contribution rate based on the annual compensation received during his last full year as a teacher. If he so elects he shall at any time be entitled to receive a retirement allowance as provided in KRS 161.620. No member shall make contributions as provided for above if such member is at the same time making contributions to another retirement system in Kentucky supported wholly or in part by public funds.

(4) Service credit in the Kentucky employes retirement system, the state police retirement system, the legislators' retirement plan, the county employes or the judicial retirement system may be used in meeting the service requirements of subsections (1)(a) and (1)(b) of this section, provided such service is subsequent to July 1, 1956.

(5) No retirement annuity shall be effective until written application and option election forms are filed with the retirement office in accordance with regulations of the board of trustees.

(6) The surviving spouse of an active contributing member, if named as beneficiary of the member's account, may purchase retirement credit that the member was eligible to purchase prior to his death.

Section 6. KRS 161.620 is amended to read as follows:

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1980, and thereafter, the annual allowance for each year of service performed prior to July 1, 1941, shall be one hundred dollars ($100) and the annual allowance for each year of service performed after July 1, 1941, shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section.

(b) For retirements effective January 1, 1984, and thereafter the annual allowance shall be determined as set out in subsection (1)(a) of this section, except that the allowance for service performed after January 1, 1984, shall be valued at the annual rate of two and one-half percent (2 1/2%) of the final average salary for all members not employed by a state university or college. For purposes of implementing the change in the value of a year of service, the board of trustees shall establish by regulation, the value of services performed during the 1983-84 fiscal year but in no case shall the value of service performed during the 1983-84 fiscal year exceed two and one quarter percent (2.25%).

(c) If the member has five (5) years or more of Kentucky service, but less than *twenty-seven (27)* [~~thirty (30)~~] years of such service credit, the allowance shall be reduced actuarially for the number of years the member is less than sixty (60) years of age or by the number of years the service credit is less than *twenty-seven (27)* [~~thirty (30)~~] years, whichever is the lesser number. The board of trustees shall adopt an actuarial table of discounts for the purpose of calculating these allowances.

(2) Effective July 1, 1980, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option who has been retired at least ten (10) months shall be increased in the amount of one percent (1%).

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than eighty-eight dollars ($88) multiplied by the service credit years of the teacher, except that no retired teacher who was sixty (60) years of age or older at retirement, and who has five (5) years or more service credit in a position covered by the teachers' retirement system shall receive a monthly benefit of less than seventy-five dollars ($75). The above minimums shall be effective July 1, 1978, and shall apply to those members retiring on or subsequent to that date.

(4) The minimum provided in this section shall apply in the case of teachers retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the teacher and his beneficiary or beneficiaries as provided in the duly adopted option tables at the time of the member's retirement.

(5) Effective July 1, 1982, the monthly allowance of each member retired on or before July 1, 1981, and each recipient of a retirement option of such retired members shall be increased in the amount of one percent (1%) of the monthly allowance for each year the member has been retired up to a maximum of five (5) years. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month.

(6) Effective July 1, 1983, the monthly allowance of each member retired on or before July 1, 1982, and each recipient of a retirement option of such retired member shall be increased in the amount of one percent (1%) of the monthly allowance for each year the member had been retired up to a maximum of five (5) years. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month.

(7) Effective July 1, 1980, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of such child or until such time as the mental condition creating the dependency no longer exists. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) The cost of providing the statutory cost-of-living increases for retired members during 1980-82 and 1982-84 shall be funded by annual appropriations from the state on an amortized basis over the lifetime of the recipients. When the earnings on investments of the retired teacher savings exceeds the actuarial assumed rate of interest, the board of trustees may allocate such excess earnings toward the funding of the amortized payments required during the 1982-84 biennium for the cost-of-living increases approved under subsections (5) and (6) of this section.

Section 7. KRS 161.540 is amended to read as follows:

(1) Effective *July 1, 1986* [~~July 1, 1984~~], each member shall contribute to the retirement system *nine and eight hundred and fifty-five thousandths percent (9.855%)* [~~nine and six-tenths percent (9.6%)~~] of annual compensation except that university faculty members shall contribute *eight and three hundred and seventy-five thousandths percent (8.375%)* [~~eight and twelve-hundredths percent (8.12%)~~] of annual compensation. The contribution of members shall not exceed these applicable percentages on annual compensation. When a

member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded to him in a lump sum at the time of the payment of his first retirement allowance.

(2) Each public board, institution or agency, as listed in KRS 161.220(4)(a) through (f) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each public board, institution or agency shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 8. Whereas contributions to the retirement system must be made at the beginning of the fiscal year, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

(3) It is necessary to require:

(a) The identification and evaluation of, and the development and provision of services and active treatment for, persons with developmental disabilities;

(4) The provisions of this Act shall be construed to protect and promote the continuing development and maintenance of physical, mental and social skills of persons with developmental disabilities;

(5) This Act shall not alter requirements and responsibilities mandated under any state or federal act, relieve any organizational unit or administrative body of its duties under said acts or transfer among state organizations or administrative bodies any responsibilities, powers or duties mandated by said acts.

(4) The parent-child relationship must be shown by birth certificate, legal adoption papers or other documentary evidence. The spousal relationship must be shown by a marriage certificate or other documentary evidence.

(a) For retirements effective July 1, 1980, and thereafter, the annual allowance for each year of service performed prior to July 1, 1941, shall be one hundred dollars ($100) and the annual allowance for each year of service performed after July 1, 1941, shall be two percent (2%) of the final average salary. Actuarial discounts due to age or service credit at retirement may be applied as provided in this section.

(b) For retirements effective January 1, 1984, and thereafter the annual allowance shall be determined as set out in subsection (1)(a) of this section, except that the allowance for service performed after January 1, 1984, shall be valued at the annual rate of two and one-half percent (2 1/2%) of the final average salary for all members not employed by a state university or college. For purposes of implementing the change in the value of a year of service, the board of trustees shall establish by regulation, the value of services performed during the 1983-84 fiscal year but in no case shall the value of service performed during the 1983-84 fiscal year exceed two and one quarter percent (2.25%).

(c) If the member has five (5) years or more of Kentucky service, but less than *twenty-seven (27)* [~~thirty (30)~~] years of such service credit, the allowance shall be reduced actuarially for the number of years the member is less than sixty (60) years of age or by the number of years the service credit is less than *twenty-seven (27)* [~~thirty (30)~~] years, whichever is the lesser number. The board of trustees shall adopt an actuarial table of discounts for the purpose of calculating these allowances.

(2) Effective July 1, 1980, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option who has been retired at least ten (10) months shall be increased in the amount of one percent (1%).

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than eighty-eight dollars ($88) multiplied by the service credit years of the teacher, except that no retired teacher who was sixty (60) years of age or older at retirement, and who has five (5) years or more service credit in a position covered by the teachers' retirement system shall receive a monthly benefit of less than seventy-five dollars ($75). The above minimums shall be effective July 1, 1978, and shall apply to those members retiring on or subsequent to that date.

(4) The minimum provided in this section shall apply in the case of teachers retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the teacher

and his beneficiary or beneficiaries as provided in the duly adopted option tables at the time of the member's retirement.

(5) Effective July 1, 1982, the monthly allowance of each member retired on or before July 1, 1981, and each recipient of a retirement option of such retired members shall be increased in the amount of one percent (1%) of the monthly allowance for each year the member has been retired up to a maximum of five (5) years. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month.

(6) Effective July 1, 1983, the monthly allowance of each member retired on or before July 1, 1982, and each recipient of a retirement option of such retired member shall be increased in the amount of one percent (1%) of the monthly allowance for each year the member had been retired up to a maximum of five (5) years. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month.

(7) Effective July 1, 1980, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of such child or until such time as the mental condition creating the dependency no longer exists. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) The cost of providing the statutory cost-of-living increases for retired members during 1980-82 and 1982-84 shall be funded by annual appropriations from the state on an amortized basis over the lifetime of the recipients. When the earnings on investments of the retired teacher savings exceeds the actuarial assumed rate of interest, the board of trustees may allocate such excess earnings toward the funding of the amortized payments required during the 1982-84 biennium for the cost-of-living increases approved under subsections (5) and (6) of this section.

Section 4. KRS 161.540 is amended to read as follows:

(1) Effective *July 1, 1986* [~~July 1, 1984~~], each member shall contribute to the retirement system *nine and eight hundred and fifty-five thousandths percent (9.855%)* [~~nine and six-tenths percent (9.6%)~~] of annual compensation except that university faculty members shall contribute *eight and three hundred and seventy-five thousandths percent (8.375%)* [~~eight and twelve-hundredths percent (8.12%)~~] of annual compensation. The contribution of members shall not exceed these applicable percentages on annual compensation. When a member retires, if it is determined that he has made contributions on a salary in excess of the amount to be included for the purpose of calculating his final average salary, any excess contribution shall be refunded to him in a lump sum at the time of the payment of his first retirement allowance.

(2) Each public board, institution or agency, as listed in KRS 161.220(4)(a) through (f) shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, each public board, institution or agency shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement system satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. Each employer shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the employer to the system. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of KRS 161.220 to 161.714 in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

Section 5. Whereas contributions to the retirement system must be made at the beginning of the fiscal year, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.
